News Release

MetroBridge to Acquire WiBand Communications Corp.

VANCOUVER, B.C. October 15, 2007 - MetroBridge Networks International Inc. (TSX-V: MEB) is pleased to announce that it has signed a Letter of Intent to acquire 100% of the issued and outstanding common shares of WiBand Communications Corp., a Winnipeg, Manitoba-based company with operations in Winnipeg, Calgary, and Edmonton for $9 million. WiBand has approximately 700 customers with Average Revenue per User (ARPU) of approximately $425 per month. WiBand is a profitable operation with annual revenues of approximately $5 million and EBITDA of $1 million.

The $9 million purchase price for WiBand consists of $3.5 million in cash and $5.5 million in MetroBridge shares, which will be issued over a three year period. MetroBridge will also assume $1.5 million in long-term debt. Completion of the transaction is expected by year end and is subject to customary closing conditions including completion of due diligence by MetroBridge, receipt of all necessary regulatory approvals and the negotiation and execution of a definitive agreement.

"MetroBridge's primary growth model," said Dave King, CEO of MetroBridge, "is through the acquisition of quality companies followed by aggressive organic growth. WiBand has a similar focus on commercial clients and complementary expertise to MetroBridge. The CEO of WiBand, Bob Kennedy, will continue in a significant role with MetroBridge and we are looking forward to working with him."

Bob Kennedy, CEO of WiBand said "Joining MetroBridge enables us to realize the full potential of the wireless broadband marketplace in both Canada and the United States. As part of the MetroBridge team, we will be able to accelerate our growth and provide an extended network for our customers."

As part of the integration with WiBand, MetroBridge intends to launch its upcoming CityBridge product which will add to the growing suite of unique and market-differentiating value-added products and services offered by MetroBridge.

About WiBand Communications Corp.

WiBand, established in 1999, is one of the first fixed wireless providers in Canada. The Company offers custom broadband solutions and enterprise connectivity throughout Manitoba and Alberta, with a network covering over 50,000 square kilometers. WiBand's products range from internet services to sophisticated wide-area and local area networks at speeds up to 2500Mbps. The company is one of the largest providers in Alberta using the SuperNet fiber backbone built by the Alberta government. Their ability to provide fast, efficient and cost-effective solutions to customers sets WiBand apart.

About MetroBridge Networks International Inc.

MetroBridge, a leading international fixed wireless provider, delivers broadband wireless access using pre-WiMAX and other advanced wireless technologies. Its highly redundant mission critical network provides connections up to 2500Mbps in Canada and the United States. MetroBridge's aggressive growth strategy contemplates acquisitions throughout North America and additional complementary products and services. The Company operates in all market segments including police and 911 services, the financial industry, retailers and businesses of all sizes. MetroBridge was the first Canadian carrier selected to join the WiMAX Forum to assist the industry in establishing equipment interoperability.
