Dear Sirs and Mesdames:

RE: Filing of Revised Annual Information Form

Birchcliff Energy Ltd. is filing a revised annual information form for the year ended December 31, 2013 (the "**Revised AIF**"). The Revised AIF is being filed to correct a typographical error on page 8 under the heading "*Description of the Business – Principal Properties – Birchcliff's Resource Plays in the Peace River Arch - Montney/Doig Natural Gas Resource Play*", where the number "four", referencing stratigraphic layers, was mistakenly written as "40".

Other than as expressly set forth above, the Revised AIF does not, and does not purport to, update or restate information in the annual information form dated March 12, 2014 or reflect any events that have occurred after the original filing.

Sincerely,

BIRCHCLIFF ENERGY LTD.
