

Ventripoint Diagnostics Ltd. is Unaware of Any Material Change

TORONTO, Nov. 20, 2017 -- At the request of IIROC, Ventripoint Diagnostics Ltd. ("Ventripoint" or the "Company") (TSXV:VPT) wishes to confirm that the Company's management is unaware of any material change in the Company's operations that would account for the recent increase in market activity.

About Ventripoint Diagnostics Ltd.

Ventripoint has created tools to monitor patients with heart disease, a leading cause of death in developed countries. VMS is the first cost-effective and accurate tool for measuring heart function. The Company has developed a suite of applications for all major heart diseases and imaging modalities including congenital heart disease, left or right heart failure and normal hearts.
