About Klondike Silver

Klondike Silver's Royalty Free **ZINC SILVER LEAD** land package (100 km²) is located in the **SLOCAN MINING CAMP** (Southeast British Columbia – 138 km North of Teck's **Zinc Silver Lead smelter** (Trail B.C.)). Based on the British Columbia MINFILE mineral database, **sixty eight** (68) of the one hundred and seventy three (173) past producing **Zinc Silver Lead** mines in the Slocan Mining Camp are located in the Klondike Silver land package. Klondike Silver has created the first real opportunity to invest in and properly explore a sizeable portion of one of the most historic mining camps in British Columbia. Klondike likes to think of the Slocan as the last best under explored **Zinc Silver Lead** camp in Canada. For additional information please visit the company website www.klondikesilver.com.
