Ostrom Climate Reports Fiscal Q3 2025 Financial Statements

BURNABY, BC / ACCESS Newswire / November 28, 2025 / Ostrom Climate Solutions Inc. ("Ostrom" or the "Company") (TSXV:COO)(Frankfurt:9EAA), a leading provider of carbon project development, net-zero climate solutions, and carbon credit marketing and trading, today announced its financial results for the third quarter ended September 30, 2025.

Third Quarter Financial Highlights:

- Q3 2025 revenue totaled $6,115,004, a significant increase from $389,788 in Q3 2024, primarily due to several large Verified Emission Reduction (VER) purchase and sale transactions.
- Gross profit for the quarter was $1,108,522, a substantial increase from $156,247 in Q3 2024.
- The Company reported a quarterly net profit of $50,742, compared to a net loss of $1,268,728 in the same period last year.

Operational and Strategic Developments:

- Between July 2nd, 2025 and September 30th, 2025, the Company has concluded several purchases and sales of VERs with third parties for total revenues exceeding $11 million, of which approximately $6.875 million relates to deferred revenue for which delivery of said VERs had not yet taken place by September 30th, 2025.
- The Company is actively engaging with strategic financing partners to secure long-term revenue streams and accelerate project development across key geographies, especially regarding Ostrom's flagship UPRIIS rice methane reduction project in the Philippines (the "Smart-Rice Project").

Management Commentary:

"Ostrom delivered a strong third quarter, with solid progress under our refined strategy and sustained momentum in our trading business," said Navdeep Dhaliwal, Chairman and CEO of Ostrom. "Revenue of $6.1 million and a return to profitability reflect the strength of our high-integrity VER trading and disciplined execution. We also continued to strengthen our balance sheet by reducing promissory note debt. Looking ahead, we remain focused on further balance sheet improvement and advancing key projects, including the UPRIIS Climate-Smart Rice Project and the expansion of our Canadian project pipeline, which we believe will drive long-term shareholder value."

About Ostrom Climate Solutions Inc.

Ostrom is one of North America's leading providers of carbon project development, net-zero climate solutions, and carbon credit marketing and trading. Over the past 12 years, Ostrom has validated and verified forest carbon projects globally for voluntary and regulated markets, having developed 16 million acres of forest land for conservation and monetized over 10 million carbon credits. Based out of British Columbia, Canada, the Ostrom team has a global reach, has worked with over 200 organizations globally, including Fortune 500 companies, managed projects in partnership with indigenous stakeholders and has extensive on-ground experience in emerging markets.

Ostrom is focused on developing high-quality carbon projects that have a positive impact on the environment, local communities and biodiversity. Ostrom is publicly listed on the TSX Venture Exchange (COO) and the Frankfurt Stock Exchange (9EAA).
