FOR IMMEDIATE RELEASE

DARELLE PROVIDES OPERATIONAL UPDATE

Vancouver, B.C. – June 6, 2017 – Darelle Online Solutions Inc. (“darelle” and/or the “Company”) (TSXV: “DAR”) today provided an operational update.

On November 14, 2016, the Company announced it had completed the development of its random number generator (RNG) and had engaged Gaming Laboratories Inc. (“GLI”) to complete independent testing required for future certification in multiple jurisdictions. GLI is a leading testing and certification service in the gaming industry.

The Company today announced that certification by GLI has been completed and the Company has received approval by the Gaming Policy Enforcement Branch of British Columbia (“GPEB”) to use the RNG platform in the Province of British Columbia.

“The RNG enables organizations the ability to sell tickets right up to the draw and choose a winner electronically without the need to print counterfoils”, says Kyle Kotapski, President of Darelle Media Inc. “GLI is the industry standard in terms of industry certification and GLI-31 the benchmark for an RNG providing the company opportunities to market its’ RNG across Canada and into the United States”.

Rolling 50/50 Platform

The Company also announced the launch of its first rolling 50/50 online raffle program in conjunction with Habitat for Humanity Vancouver Island North Society. A rolling 50/50 program (“Rolling 50/50 Program”) enables organizations to launch a series of 50/50 draws over the course of a twelve-month period. Habitat for Humanity will hold a series of monthly draws over a nine-month period. Ticket sales will include locations across the province of British Columbia. Final licensing and launch date of the Rolling 50/50 Program is subject to approval by GPEB.

“We are pleased to announce the launch of the Rolling 50/50 Program in British Columbia”, says Dean Bethune, President of Darelle Online Solutions Inc. “Providing a platform where organizations can run recurring 50/50 draws simplifies the raffle process and enables organizations to raise funds on a recurring basis.”
