NEWS RELEASE

Moseda Technologies Announces Pilot Project with a Seniors' Housing, Hospitality and Health Services Company

VANCOUVER, BC, NOVEMBER 17, 2015 - Moseda Technologies Inc. (TSXV:MSD, OTCQB: FLNTF) ("Moseda" or the "Company"), a technology company focused on developing progressive mobile health (the "**mHealth**") and telemedicine solutions for institutional and home healthcare, is pleased to announce that it has launched a pilot project with a Western Canadian based seniors' housing company (the "**Client**").

The Client has multiple communities in Western Canada and focuses on providing complex care, assisted living and supportive retirement living. The pilot project will commence effective November 30. As part of the pilot project, Moseda will deploy and implement its mHealth technology to help the Client manage digital health records, monitor patients' daily vital signs, track patient visits, and organize personnel. The pilot project is scheduled to complete in January 2016 in a full deployment with monthly subscription revenue.

"We are excited to be piloting our technology and demonstrating its ability to reduce manual labour, save time and increase operational efficiency for our Client," said Mr. Nick Murray, CEO of Moseda. "We look forward to working with our Client to help them embrace mHealth technology and provide outstanding patient care."

ON BEHALF OF THE BOARD
