NEWS RELEASE

Moseda Technologies Announces $250,000 Repeat Sale to Health Care Client

VANCOUVER, BC, DECEMBER 1, 2015 - Moseda Technologies Inc. (TSXV:MSD OTCQB: FLNTF) (**"Moseda"** or the **"Company"**), a technology company focused on developing progressive mobile health (the "**mHealth**") and telemedicine solutions for institutional and home healthcare, is pleased to announce that it has received a second purchase ordering totalling over CAD $250,000 from an existing client for software and hardware. The client is servicing a company in the home care market with over 50,000 patients.

"This reoccurring business demonstrates the growing need for, both hardware and software, that allows for the implementation of mHealth and telemedicine initiatives. We are witnessing first hand the growing demand from various home care and long term care providers for innovative technologies that have the potential to enhance the delivery of care and and increase operational efficiencies," said Mr. Nick Murray, CEO of Moseda. "We look forward to rolling out additional implementations as we ramp up our sales efforts."

As a part of the Company's growth strategy it is currently looking to expand its business development and sales team in order to reach more clients throughout North America. The Company has also began exploring Asia as a market for its technologies and has commenced talks with three potential partners to potentially deliver them a telemedicine solution. Further updates will be provided as required.
