

Form 51-102F3
Material Change Report

Item 1 Name and Address of Company

Moseda Technologies Inc. (the “**Company**”)
Suite 1128– 789 West Pender Street
Vancouver, BC V6C 1H2

Item 2 Date of Material Change

May 10, 2016

Item 3 News Release

The news release was disseminated on May 9, 2016 by way of the facilities of Marketwired. Copies were also forwarded to the British Columbia Securities Commission and the Alberta Securities Commission via SEDAR.

Item 4 Summary of Material Change

The Company announced the approval of the name change to Reliq Health Technologies Inc.

Item 5 Full Description of Material Change

5.1 Full Description of Material Change

The Company announced that further to its news release announced May 4, 2016 the Company has received TSX Venture Exchange approval to change its name (the “**Name Change**”) to Reliq Health Technologies Inc.

At the open of the market on Tuesday, May 10, 2016, Moseda will be trading under its new name **Reliq Health Technologies Inc.** The new trading symbol will be RHT. The CUSIP AND ISIN numbers have changed to 75955T103 and CA75955T1030 respectively.

“The name change reflects the fact that the company has evolved beyond its original concept of Mobile Secure Data (MoSeDa) for healthcare, to delivering comprehensive technology solutions that address the unmet needs of the \$20 Billion Community Care market,” said Dr. Lisa Crossley, CEO of the Company. “Reliquum is Latin for ‘future’ or ‘events that are yet to happen’ and as such we feel that the name Reliq perfectly captures our intent to provide novel, innovative healthcare technology solutions for patients, families and clinicians in the community.”

The Company is also pleased to announce that it will be changing the name of its wholly-owned subsidiary, currently CareKit Health Corp, to **iUGO Health Inc.** “The word ‘iugo’ is Latin for ‘bridge’ or ‘connect’,” said Giancarlo De Lio, Reliq’s Chief Visionary Officer and Founder of CareKit Health Corp. “We have combined key elements of the original Moseda technology with CareKit’s platform to create a solution that not only supports remote patient monitoring but also securely connects the entire circle of care, including patients, family members and the clinical care team. The new name reflects our more comprehensive product platform that supports the entire continuum of community care.”
