## NEWS RELEASE

# Reliq Health Announces Call-In Details for Quarterly Reporting Call, and Launch of New iUGO Care Website

**VANCOUVER, BC, November 24, 2017 / - Reliq Health Technologies Inc. (TSXV:RHT or OTCQB:RQHTF) (“Reliq” or the “Company”),** a technology company focused on developing innovative mobile health (mHealth) solutions for Community-Based Healthcare, will host an investor update conference call to review the Company’s recent progress and answer questions from shareholders.

### **Conference Call Information:**

When: December 1, 2017, 8:00am – 9:00am PST / 11:00am – noon EST

ID: 3298828

Dial In: Canada and U.S. - (844) 461-9931

International - (636) 812-6630

The Company would like to advise participants to join the conference call at least 10 minutes early in order to register. Investors are encouraged to submit questions in advance to [info@reliqhealth.com](mailto:info@reliqhealth.com) as these questions will be addressed first, following which the moderator will open up the call to questions from investors who have registered and joined the queue. To join the queue participants will be asked to key in \*1 at any point in the call. Once the questions submitted in advance via email have been addressed, the moderator will open the line to callers in the queue one at a time in order of priority. A recording of the conference call will be available afterwards until December 8, 2017, and will be accessible by calling either of the following numbers: (855) 869-2056 or (404) 537-3406.

### **New iUGO Care Website:**

Reliq is also pleased to announce that it has launched a new website for its iUGO Care product platform at [www.iugocare.com](http://www.iugocare.com). The new website is intended to support Reliq’s business development and customer outreach efforts and increase product brand awareness. The site provides detailed information on the iUGO Care product line, cloud platform, cybersecurity, company partners and customer testimonials.

Reliq’s iUGO Care digital health solution provides high quality virtual care in the community by creating a “virtual hospital ward” within the patient’s home, automatically collecting vital signs and tracking medication adherence. iUGO Care’s interactive voice technology provides patients with audible alerts and reminders to take their medications, collect their vitals using Bluetooth-enabled monitoring devices and perform prescribed rehab or fitness activities. iUGO Care’s two-way voice hub provides voice-activated access to patient education content, empowering patients and family members to proactively manage complex chronic conditions. Reliq’s iUGO Care cloud platform instantly alerts the clinical care team if a patient develops key warning signs, allowing clinicians to intervene before a health crisis occurs and preventing costly and disruptive hospital readmissions and ER visits.
