

Unisync Announces Additional New Contract Wins

TORONTO, Feb. 09, 2021 (GLOBE NEWSWIRE) -- **Unisync Corp. (TSX: "UNI") ("Unisync")** operates through two business units: Unisync Group Limited ("UGL") and 90% owned Peerless Garments LP ("Peerless") which has been manufacturing operational uniforms and accessories to Canada's Armed Forces for over 50 years.

In addition to the \$7.4 million in contract awards announced in the Fall of last year, we are pleased to announce the award of a four year contract to Peerless covering the supply of up to \$3.1 million in operational clothing liners to the RCMP. The contract is for firm quantities totalling \$1.5 million and an additional \$1.6 million exercisable at the option of the RCMP over the remaining three years. We are also pleased to advise that the Department of National Defense ("DND") has exercised another \$1 million option for the supply of duffel bags.

We continue to build our long-term contracted managed services client base at Unisync's UGL business unit with the recent award of a four year managed services contract to supply the City of Saskatchewan transit, fire and police employees with their operational clothing and accessories.

Notwithstanding the effect that Covid-19 has had on our valued hospitality and transportation clients and the resulting temporary affect that this has had on our top-line revenues, we are continuing to fill some of this temporary void with our pivot to PPE products as we build our base of long-term contracted business and broaden our product lines.
