Edward Kelly, President, and CEO commented, "I am pleased to additionally report that consolidated gold production year to date is up over 60% with four more months for our team to continue to execute and deliver on this current performance."

About Inca One

Inca One is a Canadian based mineral processing company. The Company's activities consist of the production of gold and silver from the processing of purchased minerals located in Peru. Peru is the 6th largest producer of gold in the world and the Peruvian government estimates the small-scale mining sector accounts for a significant portion of all Peruvian gold production, estimated to be valued approximately US$3 billion annually. The Company purchases its minerals from government-registered, small-scale mining producers from various regions and processes it at its 100%-owned Chala One and 90%-owned Kori One milling facilities, located in Arequipa, Southern Peru.
