

Form 51-102F3

MATERIAL CHANGE REPORT

Item 1 Name and Address of Company

BCGold Corp.
Suite 520, 800 West Pender Street
Vancouver, BC V6C 2V6

Item 2 Dates of Material Change

September 20, 2016

Item 3 News Release

The press release was disseminated on September 20, 2016 through Stockwatch.

Item 4 Summary of Material Change

Vancouver, British Columbia, Sept 20th, 2016 (TSX-V: BCG) – BCGold Corp. (“BCGold” or the “Company”). BCGold is pleased to announce that it has closed its \$1,000,000 private placement, on an over-subscribed basis, and raised an additional \$279,500 through the issuance of 5,590,000 units (“Units”) priced at \$0.05 per Unit in a final tranche. Each Unit consists of one common share and one common share purchase warrant. Each warrant entitles the holder to purchase one additional common share at a price of \$0.10 per share for up to two years expiring September 20th, 2018. The Company paid finder’s fees of \$18,760 and issued 375,200 finder warrants, each of which entitle the holder to purchase one BCGold common share at a price of \$0.05 per share for up to one year expiring September 20th, 2017.

All securities are subject to a four month hold period expiring January 21st, 2017. Gross proceeds of the final tranche of the private placement will be used primarily for working capital and general and administrative operating expenses.

Item 5 Full Description of Material Change

See attached press release for details.

Item 6 Reliance on subsection 7.1(2) or (3) of National Instrument 51-102

Not applicable.

Item 7 Omitted Information

Not applicable.

Item 8 Executive Officer

Brian Fowler, President & CEO
Tel: 604.681.2626

Item 9 Date of Report

September 28, 2016

For Immediate Release

**BCGOLD CORP.
CLOSES PRIVATE PLACEMENT AND
PROVIDES PERU EXPLORATION UPDATE**

Vancouver, British Columbia, Sept 20th, 2016 (TSX-V: BCG) – BCGold Corp. (“BCGold” or the “Company”). BCGold is pleased to announce that it has closed its \$1,000,000 private placement, on an over-subscribed basis, and raised an additional \$279,500 through the issuance of 5,590,000 units (“Units”) priced at \$0.05 per Unit in a final tranche. Each Unit consists of one common share and one common share purchase warrant. Each warrant entitles the holder to purchase one additional common share at a price of \$0.10 per share for up to two years expiring September 20th, 2018. The Company paid finder’s fees of \$18,760 and issued 375,200 finder warrants, each of which entitle the holder to purchase one BCGold common share at a price of \$0.05 per share for up to one year expiring September 20th, 2017.

All securities are subject to a four month hold period expiring January 21st, 2017. Gross proceeds of the final tranche of the private placement will be used primarily for working capital and general and administrative operating expenses.

Peru Exploration Update

BCGold wishes to announce that it has retained the services of a Peruvian sociologist to act as the Company’s Community Relations Officer for exploration activities in the San Mateo mining district. This individual has a proven track record and working relationship with the San Damian community, which controls the surface rights of the Chanape project and a portion of the Pucacorrall project, both of which are 100% owned by BCGold Corp.

Pucacorrall Exploration Program

BCGold also wishes to announce that Phase I exploration, entailing geological mapping, prospecting and sampling, on both surface and underground on the San Mateo mine, will commence in early October. Field work for this US\$200,000 exploration program will be supervised by Dr. Adam Szybinski, BCGold’s Peru exploration manager. The objective of Phase I exploration is to i) confirm the presence of “Chanape-type” high-grade gold-copper-silver breccia pipe epithermal mineralization at Pucacorrall and ii) confirm geological controls, strike extent and the gold-copper-silver-zinc tenor of the San Mateo mine veins. Phase II exploration at Pucacorrall will entail a \$225,000 detailed 3D Induced Polarization survey to define vein, breccia pipe and possible Cu-Au-Ag porphyry drill targets on the property.

Chanape and Pucacorrall Exploration Strategy

BCGold’s exploration strategy at San Mateo is to advance the Chanape and Pucacorrall properties to the option or joint venture stage with well-funded exploration partners. At BCGold’s Chanape property, which overlays mineralized extensions of the central and smaller, similarly named property previously owned by Inca Minerals Ltd. (ICG-ASX), the Company’s strategy is to jointly work with the owner to secure a well-funded exploration partner to combine these properties and advance our interests. The Chanape mineralizing system, as defined to date, represents a major bulk-tonnage epithermal gold-copper-silver and deeper copper-gold porphyry exploration target.

Qualified Person

The technical information in this news release has been reviewed and approved by Mr. Brian P. Fowler, P.Geo., a Qualified Person as defined by National Instrument 43-101.

About BCGold

BCGold is a Vancouver-based junior resource company that has been listed on the TSX Venture Exchange for 10 years, with a focus on copper and gold exploration in British Columbia, Yukon and more recently, Peru. The Company acquires prospective gold and copper-gold exploration properties considered to have significant mineral potential by staking, option or purchase agreements. The Company strives to acquire 100% of these opportunities and after cost-effective and diligent exploration to develop drill targets, option 51-70% of these properties to third parties in return for some multiple of the Company's expenditures. The Company currently has a portfolio of 2 – 100% owned gold-copper-silver properties in Peru, 10 – 100% owned and 2 partially owned gold and copper-gold properties in B.C. and Yukon. BCGold is actively seeking qualified option partners to advance these properties.

On behalf of the Board of Directors,

Brian P. Fowler, P. Geo.
