Blue Sky Uranium Corporate Update

Item 5. **Full Description of Material Change**

5.1 **Full Description of Material Change**

In 2025, the Company will continue to build on its momentum, starting with the planned Special Meeting of Shareholders to approve the earn-in agreement with COAM. Once approved, the joint venture will resume the detailed engineering and other work required to complete a pre-feasibility study of the Ivana deposit. In order to provide continuity with previous work and to oversee Blue's Sky's interest, the Company is rearranging internal positions to allow the formation of the future technical committees within the joint venture with COAM. To this effect, Blue Sky reports that Guillermo Pensado has agreed to serve as the Company's Technical Consultant for the joint venture and will relinquish his role as Vice President, Exploration and Development. In this new role, he will focus on the proposed advancement of the Ivana deposit as well as the other exploration activities associated with the COAM agreement.

Please refer to the news release dated January 15, 2025 for further details.
