**NeuLion, Inc. Announces TSX Approval of US\$10 Million Stock
Buy Back Through Normal Course Issuer Bid**

PLAINVIEW, NY—March 24, 2016 - NeuLion, Inc. (TSX: NLN), a leading technology product and service provider specializing in the broadcasting, distribution and monetization of live and on-demand digital video content to Internet-enabled devices, today announced that its board of directors has authorized the repurchase of up to USD\$10 million of NeuLion's common shares over the next 12 months. The Company has obtained the approval of the Toronto Stock Exchange (the "TSX") to commence a normal course issuer bid (the "NCIB") for up to 14,109,057 common shares.

Repurchases will be made in open market transactions pursuant to an automatic repurchase plan meeting the requirements of Rule 10b5-1 under the Securities Exchange Act of 1934 and will comply with Exchange Act Rule 10b-18 and the rules and regulations of the TSX and Canadian securities laws. The Company's broker may repurchase shares under the NCIB at any time including, without limitation, when the Company would ordinarily not be permitted to do so due to regulatory restrictions or self-imposed blackout periods.

The NCIB will commence on April 1, 2016 and will terminate on March 31, 2017 or on such earlier date as the purchases under the NCIB are completed or as the Company may otherwise determine. The maximum share repurchase represents 5% of the Company's issued and outstanding common shares. Furthermore, subject to certain exemptions for block purchases, the maximum number of shares that the Company may purchase on any one trading day on the TSX is USD\$100,000, subject to a regulatory cap of the lesser of 41,404 shares (representing 25% of 165,619 being the average daily trading volume of the Company's common shares on the TSX alone for the six calendar months ended February 29, 2016) and the number of shares permitted by Rule 10b-18.

Purchases under the plan may be made at the then current market price of the Company's common shares through the facilities of the TSX or alternative trading systems in Canada or the United States by means of open market transactions or by such other means as may be permitted by the TSX and applicable Canadian and U.S. securities laws.

There can be no assurance as to the precise number of shares that will be repurchased under the plan or the aggregate dollar amount. The Company may discontinue purchases at any time, subject to compliance with applicable regulatory requirements.

As of March 18, 2016, there were 282,181,142 common shares issued and outstanding. All common shares repurchased by the Company under the NCIB will be cancelled.
