September 30, 2015

Nevada Exploration Inc. ("NGE" or the "Company") (TSX-V:NGE) wishes to announce the appointment of Dennis Higgs as Chairman of the Board of Directors, replacing Wade Hodges, who remains CEO and a member of the Board of Directors. Mr. Higgs joined the NGE Board of Directors in August of this year.

About Nevada Exploration Inc.

NGE is an exploration company focused on gold in Nevada. NGE is led by an experienced management team that has been involved with the discovery of more than 30 million ounces of gold in Nevada.

NGE is aggressively applying the latest in covered deposit exploration technology to identify, acquire, and advance new exploration properties in Nevada's highly prospective yet underexplored covered basins. NGE has developed proprietary hydrogeochemistry (groundwater chemistry) exploration technology to explore for gold in Nevada's covered basins where traditional exploration techniques are challenged.

Using its industry-leading exploration technology, NGE has assembled a large portfolio of new gold projects, and has established itself as a major player in this world class jurisdiction. NGE's business model is to leverage its properties and technology to create shareholder value through generative exploration.
