About Disenco Energy plc

Disenco is a home energy green power source alternative company focused on distributing a low-cost, highly efficient, green-alternative to heat and hot water production. Its unique HomePowerPlant (HPP) appliance will enable homeowners and small businesses to dramatically reduce their annual energy bills by approximately 35% per annum, while shrinking its household annual emissions (carbon footprint) by up to 66%. The Company’s flagship product, the Disenco HPP – a micro combined heat and power appliance (m-CHP) – will give consumers the chance to produce all their heating and hot water needs from a single source point, with all surplus energy produced automatically re-sold to their respective city’s power grid; thus, generating a home energy cost payback. For further information regarding the Company, please visit www.disenco.com.

Safe Harbor Forward-Looking Statements

Certain statements in this release are forward-looking statements, which reflect the expectations of management. Forward-looking statements consist of statements that are not purely historical, including any statements regarding beliefs, plans, expectations or intentions regarding the future. Such statements are subject to risks and uncertainties that may cause actual results, performance or developments to differ materially from those contained in the statements. No assurance can be given that any of the events anticipated by the forward-looking statements will occur or, if they do occur, what benefits the Company will obtain from them. These forward-looking statements reflect management’s current views and are based on certain expectations, estimates and assumptions which may prove to be incorrect. A number of risks and uncertainties could cause our actual results to differ materially from those expressed or implied by the forward-looking statements. These forward-looking statements are made as of the date of this news release and, except as required by law, the Company assumes no obligation to update these forward-looking statements, or to update the reasons why actual results differed from those projected in the forward-looking statements.
