NEWS RELEASE - #15-6

TSX- V: GRR

PERMITTING PROCEEDING AS SCHEDULED FOR SAN ALBINO GOLD PROJECT

Golden Reign Resources Ltd. (TSX-V: GRR) (the “Company” or “Golden Reign”) is pleased to announce that it has received the first two of four required permits prior to the development and commencement of mining activities on its 100% owned San Albino Gold Project located in Nueva Segovia, Nicaragua.

The Company was granted its Water Use Permit and Forestry Permit.

Golden Reign President and CEO Kim Evans commented, *“We have accomplished a significant milestone at our San Albino Gold Project with the receipt of these two permits. I would like to recognize the efforts of our team, who worked very closely with national agencies, National Authority for Water (“ANA”) and National Forestal Institute (“INAFOR”), in completing a very detailed and thorough permitting application process in a timely manner. Golden Reign is mobilizing a crew to site to accompany Sonoran Resources, LLC, the project engineers, in order to expedite pre-development and pre-construction activities.”*

The Company is working closely with the Nicaraguan Ministry of Environment and Natural Resources (MARENA) and with a Nicaraguan environmental consulting firm contracted to complete its Environmental Impact Assessment (“EIA”) study. In 2014, Golden Reign completed an environmental baseline study report which will form part of the EIA study. The EIA is a key component for obtaining the Environmental Permit, for which an application has been submitted and is proceeding through the regulatory process. The Mining Permit will be presented once the Environmental Permit has been issued.

The Company continues to communicate and engage with local and federal governments, and further strengthen its relationships and partnerships within the local communities.

Appointment to the Board

The Company is pleased to announce the appointment of Abraham (Braam) Jonker to its Board of Directors.

Mr. Jonker has more than 20 years of extensive management, accounting and corporate finance experience across 5 continents, mostly in the mining industry. He currently serves as the non-executive Chairman of the Board of Directors of Mandalay Resources Corp (MND: TSX) and non-executive director and Chairman of the Audit Committee of Firestone Diamonds Limited (FDI: AIM-LSE). Previously, Mr. Jonker was the Chief Financial Officer of Western Coal Corp at the time of its take-over by Walter Energy for \$3.3 billion. He is a member of the Institutes of Chartered Accountants of England and Wales as well as South Africa. He is also a member of the Chartered Institute of Management Accounts in the United Kingdom and holds a Masters degree in South African and International Tax from the Rand Afrikaans University.

Mr. Jonker will chair the Company’s Audit Committee, taking over from Mr. Bryce Porter who retired from the Board at the recent Annual General Meeting.

Qualified Persons

John M. Kowalchuk, P.Geo., a geologist and Company qualified person (as defined under NI 43-101) has read and approved the technical information contained in this news release on behalf of the Company.

On behalf of the Board,

“Kim Evans”

Kim Evans, CGA
President & CEO

About Golden Reign:

Golden Reign Resources Ltd. is a publicly listed (TSX-V: GRR) mineral exploration company engaged in exploring the San Albino-Murra Property and the El Jicaro Property, both of which are located in Nueva Segovia, Nicaragua.

The Company's prime objective is to bring its high-grade San Albino Gold Project into production quickly and efficiently, building cash flow to further advance a number of its other highly prospective exploration targets. The Preliminary Economic Assessment (“PEA”) study filed on April 29, 2015 (available on www.sedar.com and the Company's website) is integral in advancing the permitting process and Project development.

The Company's land package comprises 13,771 hectares (138 km²) of highly prospective ground. Hundreds of historical mines and workings exist within the Corona de Oro Gold Belt, which is approximately 3 kilometres wide by 23 kilometres long and spans the entirety of the Company's land package.
