### **About Cartier Resources Inc.**

Cartier Resources Inc. holds an attractive portfolio of advanced stage gold exploration assets located within the Abitibi Greenstone Belt in Val-d’Or, Québec – one of the most prolific mining regions in the world. A 50,000-meter drill program, currently underway, will continue through to December 2018. The purpose of the drill program is to explore the depth and lateral extensions of known high grade gold mineralization contained within four of Cartier’s prospective projects, namely Chimo Mine, Wilson, Benoist and Fenton, with the objective of advancing these assets toward resource estimates.
