SAMA ANNOUNCES ENGAGEMENT OF MARKET MAKER

Montreal, Quebec – January 15, 2024 – Sama Resources Inc. (“Sama” or the “Company”) (TSXV: **SME**) (OTC: **SAMMF**) is announcing that it has, further to its news release dated December 29, 2023, retained Independent Trading Group (“ITG”) to provide market making services in accordance with TSX Venture Exchange policies.

ITG will trade the securities of the Company on the TSXV for the purpose of maintaining an orderly market. In consideration of the services provided by ITG, the Company will pay ITG a monthly fee of \$5,000 from the Company's available cash for a minimum term of one month and renewable for successive one-month terms thereafter. Either Party may terminate the arrangement by providing written notice to that effect 30 days prior to the end of the then current term. The services provided by ITG commenced on August 21, 2023.

The Company and ITG are unrelated and unaffiliated entities and ITG has no interest, directly or indirectly in the Company or its securities. ITG will not receive shares or options as compensation, nor have they indicated any immediate intent to acquire shares of the Company through the open market or otherwise. The capital used for market making will be provided by ITG

About ITG

Forward-Looking Statements

Certain of the statements made and information contained herein are "forward-looking statements" or "forward-looking information" within the meaning of Canadian securities legislation. Forward-looking statements and forward-looking information such as "will", "could", "expect", "estimate", "evidence", "potential", "appears", "seems", "suggest", are subject to a variety of risks and uncertainties which could cause actual events or results to differ from those reflected in the forward-looking statements or forward-looking information, including, without limitation, the ability of the company to convert resources in reserves, its ability to see through the next phase of development on the project, its ability to produce a pre-feasibility study or a feasibility study regarding the project, its ability to execute on its development plans in terms of metallurgy or exploration, the availability of financing for activities, risks and uncertainties relating to the interpretation of drill results and the estimation of mineral resources and reserves, the geology, grade and continuity of mineral deposits, the possibility that future exploration, development or mining results will not be consistent with the Company's expectations, metal price fluctuations, environmental and regulatory requirements, availability of permits, escalating costs of remediation and mitigation, risk of title loss, the effects of accidents, equipment breakdowns, labour disputes or other unanticipated difficulties with or interruptions in exploration or development, the potential for delays in exploration or development activities, the inherent uncertainty of cost estimates and the potential for unexpected costs and expenses, commodity price fluctuations, currency fluctuations, expectations and beliefs of management and other risks and uncertainties.

In addition, forward-looking statements and forward-looking information are based on various assumptions. Should one or more of these risks and uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those described in forward-looking information or forward-looking statements. Accordingly, readers are advised not to place undue reliance on forward-looking statements or forward-looking information. Except as required under applicable securities legislation, the Company undertakes no obligation to publicly update or revise forward-looking statements or forward-looking information, whether as a result of new information, future events or otherwise.
