Select Sands Engages Kin Communications for Investor Relations

VANCOUVER, British Columbia, Feb. 08, 2018 -- Select Sands Corp. ("Select Sands" or the "Company") (TSXV:SNS) (OTCQX:SLSDF) is pleased to announce that Kin Communications Inc. (“Kin”) has been engaged to provide investor relations services to the Company.

President and CEO of Select Sands, Zigurds Vitols, commented, “We believe that Select Sands with its revenue growth trajectory and net present value (NPV) on our Sandtown and Bell Farm assets is deeply undervalued. We want to build loyal shareholder base moving forward and believe the timing is right for our message to be relayed to the investment community.”

Arlen Hansen, President & CEO of Kin Communications, commented, “We are passionate about the Select Sands story and the development of the operations in Arkansas, and are excited to work with the Company on leveraging our teams’ combined experience, creativity, and technical know-how.”

Kin will be paid CAD$10,000 per month for a 12-month period, and will be granted 350,000 stock options of the Company, exercisable at CAD$0.50 per share. The cash portion of the compensation will paid from the Company’s working capital. The agreement and the grant of options are subject to regulatory approval. The Company has been advised that neither Kin nor its principals currently own any shares of Select Sands.

About Select Sands Corp.

Select Sands’ Sandtown property, located in northeast Arkansas, USA, is underlain by the Ordovician St. Peter sandstone formation, which is a major source of ‘Ottawa White’ Tier-1 frac sand/industrial sand selling into major US oil and gas basins as well as industrial and speciality end markets. The Sandtown property is located 3.1 miles from Highway 167 near a natural gas pipeline. The property has an active power line on the property and is located approximately 14.7 miles from the nearest rail system (see December 4, 2014 News Release). Compared to competitive sand mines located in Wisconsin owned by the largest US frac sand producers, Sandtown has a competitive location advantage as it is approximately 650 rail miles closer to the Texas/Louisiana oil/gas plays as well as the Houston port and industrial hub.
