CLIFFMONT PROVIDES CORPORATE UPDATE

Vancouver, British Columbia – April 30, 2015 – Cliffmont Resources Ltd. (TSX-V - CMO) (“Cliffmont” or the “Company”) provides this corporate update in regards to the Company’s working capital situation.

The Company has been unable to conclude an agreement with the Vendors of the 20321 San Luis property located in Huila, Colombia regarding its final payment of \$920,000 pursuant to the January 3, 2012 purchase agreement. The Company has offered to settle the debt with the 100% return of the San Luis property in good standing as well as the Vendors retaining all consideration paid to date, however all settlement offers have not resulted in a final agreement.

As a result the Company has been unable to raise capital with this current debt outstanding and insiders are no longer able to provide further debt to the Company with this matter unresolved. This debt load and inability to raise funds will have an impact on the Company’s ability to maintain its listing in good standing.
