

Kontrol Energy Launches US and European Institutional Investor Roadshow

TORONTO, March 27, 2019 / ACCESSWIRE - Kontrol Energy Corp. (CSE: KNR, OTCQB: KNRLF, FSE:1K8) ("Kontrol" or "Company") announces that it will conduct a series of investor meetings in the US and Europe from April 2nd through April 19th.

The Company is embarking on an introduction campaign through multiple US and European cities during the month of April and will present to institutional funds, family offices and brokers. The roadshow will support the Company's stated efforts to ramp up business in the US and create awareness of Kontrol's February 13, 2019 US listing on the OTCQB and its recent submission for DTC trading eligibility.

Paul Ghezzi, CEO of Kontrol Energy stated: "As we gear up to commit more operational efforts to the US in 2019, it is essential for us to get in front of the investment community and share the Kontrol growth story." Mr. Ghezzi continued: "We firmly believe that all the necessary groundwork has been laid to capitalize on building our US institutional shareholder base."

If you are an institutional investor based in or around New York City and are interested in a meeting with management please reach out to Jonathan.Paterson@HarborAccessLLC.com

Forward-Looking Information

Certain information included in this press release, including information relating to future financial or operating performance and other statements that express the expectations of management or estimates of future performance constitute "forward-looking statements". Such forward-looking statements include, without limitation, statements regarding the Offering, possible future acquisitions and/or investments in operating businesses and/or technologies, accelerated organic growth, the provision of solutions to customers and greenhouse gas emissions reductions, proposed financial savings and sustainable energy benefits and energy monitoring. Where the Company expresses or implies an expectation or belief as to future events or results, such expectation or belief are based on assumptions made in good faith and believed to have a reasonable basis. Such assumptions include, without limitation, that the Offering will be successful, that suitable businesses and technologies for acquisition and/or investment will be available, that such acquisitions and or investment transactions will be concluded, that sufficient capital will be available to the Company, that technology will be as effective as anticipated, that organic growth will occur, and others. However, forward-looking statements are subject to risks, uncertainties and other factors, which could cause actual results to differ materially from future results expressed, projected or implied by such forward-looking statements. Such risks include, but are not limited to, lack of acquisition and investment opportunities or that such opportunities may not be concluded on reasonable terms, or at all, that sufficient capital and financing cannot be obtained on reasonable terms, or at all, that technologies will not prove as effective as expected that customers and potential customers will not be as accepting of the Company's product and service offering as expected, and government and regulatory factors impacting the energy conservation industry. Accordingly, undue reliance should not be placed on forward-looking statements and the forward-looking statements contained in this press release are expressly qualified in their entirety by this cautionary statement. The forward-looking statements contained herein are made as at the date hereof and the Company does not undertake any obligation to update publicly or revise any such forward-looking statements or any forward-looking statements contained in any other documents whether as a result of new information, future events or otherwise, except as required under applicable securities law.
