

Kontrol Energy to Commence Investor Roadshow in the United States

TORONTO, January 10th, 2020 / Kontrol Energy Corp. ([CSE: KNR](#), [OTCQB: KNRLF](#), [FSE:1K8](#)) ("Kontrol" or "Company") a leader in the energy efficiency and smart building sector through IoT, Cloud and SaaS technology, announces that it is embarking on an investor roadshow across select cities in the United States (the "US") during the month of January 2020.

The Company will present to institutional funds, family offices and brokers. The roadshow will support the Company's stated efforts to ramp up business in the US and create awareness of its recent achievements and planned milestones for the year.

Paul Ghezzi, CEO of Kontrol stated: "As we gear up for operational expansion in the United States this year with our customers, such as Beyond Meat and Toyota, we believe it is also important to share our story with investors in the US". Mr. Ghezzi continued: "We are focused on achieving our growth targets and with our US customer expansion we believe we have good story to share."

Small Cap Conferences

In addition to the upcoming roadshow Kontrol is planning to present at several small cap conferences in the US with conference details to follow.

SmartSuite Technology

In conjunction with investor presentations and as follow up to the press release dated December 19th, 2019 Kontrol is planning to meet with new potential pilot customers in the US for the SmartSuite technology. The SmartSuite technology combines leading energy management in real-time with rich cloud analytics and smart learning algorithms.

About Kontrol Energy

Kontrol Energy Corp. (CSE: KNR) (OTCQB: KNRLF) (FSE: 1K8) is a leader in the energy efficiency and smart building sector through IoT, Cloud and SaaS technology. With a disciplined mergers and acquisition strategy, combined with organic growth, Kontrol Energy Corp. provides market-based energy solutions to our customers designed to reduce their overall cost of energy while providing a corresponding reduction in greenhouse gas (GHG) emissions.

Kontrol Energy is one of Canada's fastest growing companies in 2018 and 2019 as ranked by Canadian Business and Maclean's.

Forward-Looking Information

Certain information included in this press release, including information relating to future financial or operating performance and other statements that express the expectations of management or estimates of future performance constitute "forward-looking statements". Such forward-looking statements include, without limitation, statements regarding possible future/next acquisitions and/or investments in operating businesses and/or technologies, accelerated organic growth and revenue growth, strategic partnerships to promote and deploy

energy and asset performance tracking software and technology deployment for improved emission compliance and real-time management of energy, acceleration of recurring SaaS revenues, the provision of solutions to customers and Greenhouse Gas emissions reductions, proposed financial savings and sustainable energy benefits and energy monitoring. Where the Company expresses or implies an expectation or belief as to future events or results, such expectation or belief are based on assumptions made in good faith and believed to have a reasonable basis. Such assumptions include, without limitation, that suitable businesses and technologies for acquisition and/or investment will be available, that such acquisitions and or investment transactions will be concluded, that sufficient capital will be available to the Company, that technology will be as effective as anticipated, that organic growth will occur, and others. However, forward-looking statements are subject to risks, uncertainties and other factors, which could cause actual results to differ materially from future results expressed, projected or implied by such forward-looking statements. Such risks include, but are not limited to, lack of acquisition and investment opportunities or that such opportunities may not be concluded on reasonable terms, or at all, that sufficient capital and financing cannot be obtained on reasonable terms, or at all, that technologies will not prove as effective as expected that customers and potential customers will not be as accepting of the Company's product and service offering as expected, and government and regulatory factors impacting the energy conservation industry. Accordingly, undue reliance should not be placed on forward-looking statements and the forward-looking statements contained in this press release are expressly qualified in their entirety by this cautionary statement. The forward-looking statements contained herein are made as at the date hereof and the Company does not undertake any obligation to update publicly or revise any such forward-looking statements or any forward-looking statements contained in any other documents whether as a result of new information, future events or otherwise, except as required under applicable securities law.
