NEWS RELEASE

TSXV: BEM

BRASNOVA ADOPTS SEMI-ANNUAL REPORTING

This news release is being filed pursuant to Coordinated Blanket Order 51-933 Exemptions to Permit Semi-Annual Reporting for Certain Venture Issuers.

Vancouver, B.C.: Brasnova Energy Materials Inc. ("BEM" or the "Company") (TSXV: BEM) is pleased to announce that the Company is adopting semi-annual financial reporting in place of quarterly reporting, effective for the three-month interim period ending March 31, 2026.

The British Columbia Securities Commission recently issued Coordinated Blanket Order 51-933, which allows eligible venture issuers listed on the TSX Venture Exchange or Canadian Securities Exchange to file financial reports twice a year rather than four times. Brasnova meets the conditions of the Order and will begin relying on it starting with its Q3 2026 interim period.

As a result, the Company will not be filing an interim financial report or related MD&A for the three-month period ending March 31, 2026, nor for its nine-month period ending September 30, 2026. Brasnova will continue to file audited annual financial statements and semi-annual interim reports as required.

"For a company at our stage of development, quarterly financial reporting can place a disproportionate administrative and cost burden on the business relative to the insight it provides," said Joel Ferari, CEO, Brasnova Energy Materials Inc., "Adopting a semi-annual reporting cycle allows us to allocate more time and capital to advancing our core projects and creating long-term shareholder value, while continuing to maintain transparent and timely disclosure in accordance with TSXV requirements."
