

SIRONA ANNOUNCES RESULTS OF SHAREHOLDER MEETING

Vancouver, British Columbia – August 25, 2015 – Sirona Biochem Corp. (TSX-V: SBM) (Frankfurt: ZSB), (the “**Company**”) is pleased to announce that all resolutions tabled at its Annual General and Special Meeting held on August 21, 2015, were passed. The resolutions included:

- Election of Casper Bych, Géraldine Deliencourt-Godefroy, Martin Gleave, Christopher Hopton, Alex Marazzi, David Moore, and Howard Verrico as directors;
- Appointment of auditor and authorization of the directors to fix the auditor’s remuneration; and
- Adoption of a 2015 Stock Option Plan.

Management, with the renewed investor support, continues to advance partnering activity on its novel skin lightener SBM-TFC-1067 and its library of anti-aging compounds. Interest level from prospective partners has exceeded management expectations. An investor update is being planned for the near future.

About Sirona Biochem

Sirona Biochem is a cosmetic ingredient and drug discovery company with a proprietary technology platform developed at its laboratory facility in France. The Company specializes in the stabilization of carbohydrate molecules, with the goal of improving compounds’ efficacy and safety. Sirona Biochem’s compounds are patented as new chemical entities for maximum commercial protection and revenue potential. Newly developed compounds are licensed to leading companies around the world in return for licensing and milestone fees and ongoing royalty payments. TFChem, Sirona Biochem’s wholly-owned French laboratory, is a recipient of multiple French national scientific awards and a European Union and French government grant.
