

Sirona Biochem Showcases TFC-1326 in Stonegate Healthcare's Landmark Report

VANCOUVER, British Columbia, Jan. 15, 2025 -- Sirona Biochem Corp. (TSX-V: SBM) (FSE: ZSB) (OTC: SRBCF) is excited to announce that its cutting-edge anti-aging compound, TFC-1326, has been highlighted in Stonegate Healthcare Partners' latest research report. The publication, titled "*Sirona Biochem's TFC-1326 Clinical Data Versus Retinoid Clinical Data*," provides an extensive evaluation of TFC-1326's clinical trial performance, setting it apart from traditional retinoid treatments.

The report outlines the remarkable benefits of TFC-1326, including:

- **Boosting skin radiance**
- **Significantly reducing wrinkle depth and volume**
- **Enhancing skin elasticity and firmness**
- **Ensuring deep hydration with no irritation**

Stonegate Healthcare's analysis underscores TFC-1326's ability to deliver rapid, consistent results while also providing potent antioxidant and anti-inflammatory benefits. Unlike traditional retinoids, which can cause irritation, TFC-1326 is ideal for all skin types, including sensitive skin, redefining what's possible in the \$12.5 billion global anti-aging market.

"This recognition by Stonegate Healthcare Partners highlights the transformative potential of TFC-1326," said Dr. Verrico, CEO of Sirona Biochem. **"Our mission has always been to push the boundaries of skincare science, and we are proud to see our innovation recognized in this detailed analysis."**

The publication positions TFC-1326 as a disruptive force in cosmetic dermatology, offering a highly effective, user-friendly alternative to conventional treatments. This achievement reflects Sirona Biochem's ongoing commitment to pioneering advanced solutions in the skincare industry.

Forward Looking Statements This news release includes certain statements that may be deemed "forward-looking statements." All statements in this news release, other than statements of historical facts, that address events or developments that the Company expects to occur, are forward-looking statements. Forward-looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects," "plans," "anticipates," "believes," "intends," "estimates," "projects," "potential" and similar expressions, or that events or conditions "will," "would," "may," "could" or "should" occur. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance, and actual results may differ materially from those in the forward-looking statements. Factors that could cause the actual results to differ materially from those in forward-looking statements include market prices, continued availability of capital and financing, and general economic, market or business conditions. Investors are cautioned that any such statements are not guarantees of future performance, and actual results or developments may differ materially from those projected in the forward-looking statements. Forward-looking statements are based on the beliefs, estimates, and opinions of the Company's management on the date the statements are made. Except as required by applicable securities laws, the Company undertakes no obligation to update these forward-looking statements in the event that management's beliefs, estimates, or opinions, or other factors, should change.
