MANAGEMENT INFORMATION CIRCULAR

This Information Circular is furnished in connection with the solicitation of proxies by and on behalf of the management of ROYALTIES INC. (the "Corporation" or "Royalties") for use at the Annual and Special Meeting of Shareholders of the Corporation (the "Meeting") to be held on Thursday, June 25, 2026 at 11:00 A.M. (Toronto time), by **ZOOM CALL** for the purposes set out in the accompanying Notice of Meeting. It is expected that the solicitation will be made on Sedar. Proxies may be solicited by officers, directors and regular employees of the Corporation personally or by telephone. The cost of such solicitation will be borne by the Corporation.

Notice and Access

The Corporation has elected to use the notice-and-access regime adopted by the Canadian Securities Administrators in NI 54-101, for the delivery of meeting materials. Under the notice-and-access regime, reporting issuers are permitted to deliver the meeting materials by posting them on SEDAR+, as well as a website other than SEDAR+, and sending a notice package to each shareholder receiving the meeting materials under this regime.

The notice package must include: (i) the relevant form of proxy or voting instruction form; (ii) basic information about the meeting and the matters to be voted on; (iii) instructions on how to obtain a paper copy of the meeting materials; and (iv) a plain-language explanation of how the notice-and-access system operates and how the meeting materials can be accessed online. Where prior consent has been obtained, a reporting issuer can send this notice package to shareholders electronically. This notice package must be mailed to shareholders from whom consent to electronic delivery has not been received.

The Corporation has also elected to send its meeting materials to Beneficial Shareholders (as defined herein) using the notice-and-access regime. Accordingly, the Corporation will send the above-mentioned notice package to Beneficial Shareholders which includes instructions on how to access the Corporation's meeting materials online and how to request a paper copy of these materials.

Appointment of Proxyholders

The individuals named in the accompanying form of proxy (the "Proxy") as proxyholders, are Officers and/or Directors of the Corporation. If you are a shareholder entitled to vote at the Meeting, you have the right to appoint a person or company other than the persons designated in the Proxy, who need not be a shareholder, and act for you on your behalf at the Meeting. You may do so either by inserting the name of that other person in the blank space provided by the Proxy or by completing and delivering another suitable form of proxy.

COMPLETION AND RETURN OF PROXY

Completed Proxies must be emailed to the Corporation, not later than June 23, 2026, sent directly to tim@royaltiesinc.com

Voting by Proxyholder

The persons named in the Proxy will vote or withhold from voting the shares represented thereby in accordance with your instructions on any ballot that may be called for. If you specify a choice with respect to any matter to be acted upon, your shares will be voted accordingly. The Proxy confers discretionary authority on persons therein with respect to:

- i. Each matter or group of matters identified therein for which a choice is not specified, other than the appointment of an auditor and the election of directors;
- ii. Any amendment to or variation of any matter identified therein; and
- iii. Any other matter that properly comes before the Meeting.

In respect of a matter for which a choice is not specified in the Proxy, the persons named in the Proxy will vote the shares represented by the Proxy in favour of each matter identified on the Proxy and for the nominees of management for directors and auditors as identified in the Proxy, as applicable.

Registered Shareholders

If you are a registered shareholder, complete, date and sign the Proxy and return it to the Corporation's via email to tim@royaltiesinc.com and ensuring that the Proxy is received by 11:00 a.m. on June 23, 2026 or any adjournment thereof at which the Proxy is to be used.

Non-Registered Holders

The information in this section is of significant importance to shareholders who do not hold shares in their own name. Beneficial Shareholders should note that the only proxies that can be recognized and acted upon at the Meetings are those deposited by registered shareholders (those whose names appear on the records of the Corporation as the registered shareholders of shares) or as set out in the following disclosure.

If shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those shares will not be registered in the shareholder's name on the records of the Corporation. Such shares will more likely be registered under the names of the shareholder's broker or an agent of that broker (an "intermediary"). In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for the Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms), and in the United States, under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks).

Most Shareholders are "non-registered" Shareholders ("**Non-Registered Shareholders**") because the shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company or other intermediary through which they purchased the Shares.

The Corporation is taking advantage of those provisions of National Instrument 54-101 – Communication with Beneficial Owners of Securities of a Reporting Issuer of the Canadian Securities Administrators, which permit the Corporation to deliver proxy-related materials directly to its NOBOs.

This Circular, with related material and form of Proxy, is being sent or made available to both registered and non-registered shareholders of the Corporation. If you are a non-registered owner, and the Corporation has sent these materials directly to you, your name, address and details about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Intermediary who holds your shares on your behalf.

By choosing to send these materials to you directly, the Corporation (and not the Intermediary holding your shares on your behalf) has assumed responsibility for (i) delivering the materials to you, and (ii) executing your proper voting instructions. Please return your completed Proxy to the address specified.

The Corporation will tabulate the results of the Proxy's received from NOBOs and will provide appropriate instructions at the Meeting with respect to the shares represented by the Proxies it receives. You have the right to appoint a person (who need not be a Shareholder) other than any of the persons designated in the Proxy to represent your shares at the Meeting and that person may be you.

With respect to OBOs, in accordance with applicable securities law requirements, the Corporation has distributed copies of the Meeting materials to the clearing agencies and Intermediaries for distribution to OBOs. The Corporation does not intend to pay for Intermediaries to deliver the Meeting materials.

Notice to Shareholders in the United States

The solicitation of proxies involves securities of an issuer located in Canada and is being effected in accordance with the corporate laws of Canada and securities laws of the provinces in Canada. The proxy solicitation rules under the United States Securities Exchange Act of 1934, as amended, are not applicable to the Corporation or this solicitation, and this solicitation has been prepared in accordance with the disclosure requirements of the securities laws of the provinces of Canada. Shareholders should be aware that disclosure requirements under the securities laws of the provinces of Canada differ from the disclosure requirements under United States securities laws.

The enforcement by Shareholders of civil liabilities under United States federal securities laws may be affected adversely by the fact that the Corporation is incorporated under the *Business Corporation Act* (Ontario), as amended, certain of its directors and its executive officers are residents of Canada and countries other than the United States, and all of the assets of the Corporation and a substantial portion of the assets of such persons are located outside the United States. Shareholders may not be able to sue a foreign company or its officers or directors in a foreign court for violations of United States federal securities laws. It may be difficult to compel a foreign company and its officers and directors to subject themselves to a judgment by a United States court.

REVOCATION OF PROXY

Any Registered Shareholder who has returned a Proxy may revoke it at any time before it has been exercised. In addition to revocation in any other manner permitted by law, a Proxy may be revoked by instrument in writing, including a Proxy bearing a later date, executed by the Registered Shareholder or by his attorney authorized in writing or, if the Registered Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized. The instrument revoking the Proxy must be deposited at the registered office of the Corporation, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or with the Chairman of the Meeting on the day of the Meeting.

Only Registered Shareholders have the right to revoke a Proxy. Non-registered holders who wish to change their vote must, at least seven days before the Meeting, arrange for their respective Intermediaries to revoke the Proxy on their behalf.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

Each holder of common shares in the capital of the Corporation ("**Common Shares**") of record at the close of business on May 12, 2026 will be entitled to vote at the Meeting or at any adjournment thereof, either in person or by proxy, except to the extent that such holder has transferred any Common Shares after the record date and the transferee of such Common Shares establishes proper ownership thereof and demands, not later than ten days before the Meeting, to be included in the list of shareholders entitled to vote at the Meeting, in which case such transferee is entitled to vote.

As at April 20, 2026, the Corporation had 254,606,390 issued and outstanding Common Shares. Each Common Share carries the right to one vote per share. The outstanding Common Shares are listed on the Canadian Securities Exchange (the "**CSE**") under the symbol "**RI**".

To the knowledge of the Directors and executive officers of the Corporation, the following table sets out the names of all persons who beneficially own, directly or indirectly, or exercise control or direction over more than 10% of the outstanding Common Shares:

	Number of Common Shares Beneficially Owned (Directly or Indirectly), Controlled or Directed	Percentage of Issued and Outstanding Common Shares as of April 20, 2026
Timothy Gallagher	48,890,987	19.2%

As at the date hereof, the Directors and senior officers of the Corporation, as a group, beneficially own, directly, or indirectly approximately 24.2 per cent of the outstanding Common Shares.

INTERESTS OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

No person who has been a Director or executive officer since the beginning of the Corporation's last completed fiscal year, proposed nominee for election as a Director, and no associate or affiliate of the foregoing persons has or has had any material interest, direct or indirect, in any matter to be acted upon at the Meeting other than the election of directors or appointment of auditors.

PARTICULARS OF MATTERS TO BE ACTED UPON AT THE MEETING

PRESENTATION OF FINANCIAL STATEMENTS

The audited consolidated financial statements of the Corporation for the year ended December 31, 2025 and the report of the auditors thereon will be placed before the shareholders at the Meeting. No vote will be taken on the financial statements. The financial statements and additional information concerning the Corporation are available under the Corporation's profile at www.sedarplus.ca.

ELECTION OF DIRECTORS

Under the constating documents of the Corporation, the Board is to be elected annually. At the last Annual Meeting in 2025 four Directors were elected, Messrs. Gallagher, Gauthier, O'Brien and Robertson. Management proposes to nominate five Directors for election to the Board at the Meeting.

At the Meeting, shareholders will be asked to approve an ordinary resolution for the election of the five persons named hereunder as directors of the Corporation (the "**Nominees**").

Unless authority to do so is withheld, the persons named in the accompanying proxy intend to vote for the election of the Nominees.

Management does not contemplate that any of the Nominees will be unable to serve as a director, but if that should occur for any reason prior to the Meeting, it is intended that discretionary authority shall be exercised by the persons named in the accompanying proxy to vote the proxy for the election of any other person or persons in place of any Nominee or Nominees unable to serve. Each director elected will hold office until the close of the first annual meeting of shareholders of the Corporation following his or her election or until his or her successor is duly elected or appointed unless his or her office is earlier vacated in accordance with the by-laws of the Corporation.

The following table sets out the name of each of the persons proposed to be nominated for election as a director, all positions and offices in the Corporation held by each of them, the principal occupation or employment of each of them for the past five years, the year in which each was first elected a director of the Corporation (where applicable) and the approximate number of Common Shares that each has advised are beneficially owned (directly or indirectly) or subject to his or her control or direction.

Cease Trade Orders, Bankruptcies, Penalties or Sanctions

Other than as set out below, no director, or nominee for election as a director of Royalties is, or within the ten years prior to the date hereof has been, a director, officer, promoter or other member of management of any other issuer that, while that person was acting in the capacity of a director, officer, promoter or other member of management of that issuer, was the subject of a cease trade order or similar order or an order that denied the issuer access to any statutory exemptions for a period of more than thirty consecutive days or was declared bankrupt or made a voluntary assignment in bankruptcy, made a proposal under any legislation relating to bankruptcy or insolvency or has been subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets except as follows:

Gerald Gauthier is a Director of Labrador Iron Mines Holdings Limited ("LIMH") which on April 2, 2015, instituted proceedings in the Ontario Superior Court of Justice for a financial restructuring under the *Companies' Creditors Arrangement Act* and had a plan of arrangement sanctioned by the Court on December 14, 2016, having been approved by creditors on December 6, 2016.

STATEMENT OF EXECUTIVE COMPENSATION

During the year ended December 31, 2025, the Corporation had two Named Executive Officers ("NEOs") as defined under applicable Canadian securities regulations; namely, Tim Gallagher, Chief Executive Officer, and Jackie Logan, Chief Financial Officer.

The Corporation does not employ any full-time executive officers. Management of the Corporation is conducted by the directors on a part-time basis. The Corporation has not paid any salaries or fixed retainers to Executive Officers in their capacity as executive officers during the last financial year. Due to the financial condition of the Corporation, no compensation is paid to Executive Officers.

However, Executive Officers may be compensated for professional management or consulting services actually provided to the Corporation at the request of Management of the Corporation in accordance with industry rates based upon invoices submitted periodically. The Directors of the Corporation consider this compensation strategy to be appropriate in the current financial circumstances of the Corporation. Upon achieving a reorganization of its financial affairs, the Corporation's compensation arrangements for the Executive Officers will be reviewed.

In normal circumstances, the general compensation philosophy of the Corporation for executive officers would be to provide a level of compensation that is competitive within the North American marketplace and that will attract and retain individuals with the necessary experience and qualifications necessary, and to provide long-term incentive compensation which aligns the interest of executives with those of shareholders and provides long-term incentives to members of senior management whose actions have a direct and identifiable impact on the performance of the Corporation.

Compensation Discussion and Analysis

Given the stage of development and scale of its operations, the Corporation has not paid any salary to its Chief Executive Officer or Chief Financial Officer in their capacities as executive officers during the last financial year ended December 31, 2025. The Corporation does not currently have a formal incentive bonus plan in place. Any award of a bonus to Named Executive Officers is at the discretion of the Board based upon recommendation by the Compensation Committee. In considering the payment of a bonus to any Named Executive Officer, the Compensation Committee would take into account the individual performance and efforts of the executive, the progress made by the Corporation in furthering its business plans and the overall financial position of the Corporation.

It is expected that in the future, the Corporation's objectives of executive compensation will be to provide total compensation packages to senior executive officers to ensure senior management is appropriately engaged and retained and to provide a level of base compensation that is competitive within the North American marketplace and that will attract and retain individuals with the experience and qualifications necessary for the management of the Corporation's business.

In future years, the Corporation expects to provide longer-term incentive compensation, through the grant of stock options, or other stock appreciation rights, to members of senior management whose actions have a direct and identifiable impact on the performance of the Corporation and who have material responsibility for long-range strategic development and implementation which aligns the interests of senior management with the interests of shareholders. The grant of restricted share units may also form part of the equity component portion of the total remuneration of senior executive officers.

The Board of Directors does not have a Compensation Committee. Compensation matters are reviewed by the full board of directors. An interested board member is required to abstain from voting on matters concerning his own compensation.

The Corporation is in the royalties investment business and, accordingly, does not yet have significant revenues from operations and often operates with sufficient financial resources only to ensure that funds are available to complete scheduled programs. As a result, the Board of Directors has to consider not only the financial situation of the Corporation at the time of the determination of executive compensation, but also the estimated financial situation of the Corporation in the mid-and long-term.

Stock Options

The Corporation has established an incentive stock option plan. The Stock Option Plan is administered by the board of directors of the Corporation. The Stock Option Plan is designed to give each option holder an interest in preserving and maximizing shareholder value in the longer term, to enable the Corporation to attract and retain individuals with experience and ability, and to reward individuals for current performance and expected future performance.

Other Incentives

The Corporation does not have a formal annual incentive bonus plan in place. Any award of a bonus to executive officers would be entirely at the discretion of the Board of Directors. No bonuses were paid to the Named Executive Officers during the fiscal year ended December 31, 2025.

Director and Named Executive Officer Compensation

Particulars of compensation earned by each NEO and Director in the two most recently audited financial years are set out in the summary compensation table below: Expressed in Canadian dollars unless otherwise noted.

Stock Options and Other Compensation Securities

During the financial year ended December 31, 2024, there were no incentive option-based awards granted or issued to any Director or Named Executive Officer. The Corporation does not award any compensation securities other than options.

Termination and Change of Control Benefits

Except as otherwise disclosed herein, the Corporation and its subsidiaries have no compensatory plan or arrangement in respect of compensation received or that may be received by an executive officer of the Corporation in the Corporation's most recently completed or current financial year to compensate such executive officer in the event of the termination of employment (resignation, retirement, change of control) or in the event of a change in responsibilities following a change in control, where in respect of the executive officer the value of such compensation exceeds \$100,000.

Stock Option Plan

Under the Stock Option Plan of the Corporation (the "**Stock Option Plan**"), options to purchase common shares of the Corporation may be granted to employees, officers and directors of the Corporation or subsidiaries of the Corporation and other persons or companies engaged to provide ongoing management or consulting services ("**Service Providers**") for the Corporation, or any entity controlled by the Corporation. In determining the number of common shares of the Corporation subject to each option granted under the Stock Option Plan, consideration is given to the present and potential contribution by such person or company to the success of the Corporation.

Pension, Defined Benefit or Actuarial Plans

The Corporation does not provide any form of group pension plan benefits to employees, officers, or directors.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

No person who is or was at any time during the most recently completed financial year of the Corporation an officer or director of the Corporation, no proposed nominee for election as a director, or any associate of any such person was indebted to the Corporation.

INDEMNIFICATION OF DIRECTORS AND OFFICERS

The by-laws of the Corporation provide that the Corporation is required to indemnify a director or officer, or former director or officer, or a person who acts or acted at the request of the Corporation as a director or officer of a body corporate of which the Corporation is or was a shareholder or creditor, and his or her heirs and legal representatives, against all costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment, reasonably incurred by him or her in respect of any civil, criminal or administrative action or proceeding to which he or she is made a party by reason of having been a director or officer of such body corporate if (a) he or she acted honestly and in good faith with a view to the best interests of the Corporation, and (b) in the case of a criminal or administrative action or proceeding that is enforced by a monetary penalty, he or she had reasonable grounds for believing that his or her conduct was lawful.

RE-APPOINTMENT OF AUDITORS

The directors propose to nominate McGovern Hurley LLP, Chartered Professional Accounts, the present auditors, as the auditors of the Corporation to hold office until the close of the next annual meeting of shareholders.

In the past, the directors have negotiated with the auditors of the Corporation on an arm's length basis in determining the fees to be paid to the auditors. Such fees have been based on the complexity of the matters in question and the time incurred by the auditors. The directors believe that the fees negotiated in the past with the auditors of the Corporation were reasonable and, in the circumstances would be comparable to fees charged by other auditors providing similar services.

In order to appoint McGovern Hurley LLP as auditors of the Corporation to hold office until the close of the next annual meeting, and authorize the directors to fix the remuneration thereof, a majority of the votes cast at the Meeting must be voted in favour thereof.

The management representatives named in the attached form of proxy intend to vote FOR the appointment of McGovern Hurley LLP as auditors of the Corporation and in favour of authorizing the directors to fix the remuneration of the auditors, unless a shareholder specifies in the proxy that his or her Common Shares are to be withheld from voting in respect of the appointment of auditors and the fixing of their remuneration.

RATIFICATION OF STOCK OPTION PLAN

Shareholders will be asked at the Meeting to consider and, if thought advisable, to ratify the Corporation's existing incentive stock option plan (the "**Stock Option Plan**"), which is considered a "rolling" stock option plan, which reserves a maximum of 10% of the Corporation's total outstanding Common Shares at the time of grant for issuance pursuant to the Stock Option Plan. The policies of the CSE provide that, where a Corporation has a rolling stock option plan in place, it must seek shareholder approval, for such plan annually.

The purpose of the Stock Option Plan is to provide incentive to employees, directors, officers, management companies and consultants who provide services to the Corporation and reduce the cash compensation the Corporation would otherwise have to pay.

The Stock Option Plan complies with the current policies of the CSE, including the requirement for annual approval by shareholders. Under the Stock Option Plan, a maximum of 10% of the issued and outstanding shares of the Corporation are proposed to be reserved at any time for issuance on the exercise of stock options. As the number of shares reserved for issuance under the Stock Option Plan increases with the issue of additional shares of the Corporation, the Stock Option Plan is considered to be a "rolling" stock option plan.

Shareholders may obtain copies of the Stock Option Plan from the Corporation prior to the meeting upon written request.

As at the date of this Circular there are 254,606,390 common shares of the Corporation issued and outstanding and accordingly, the maximum number of options which may be issued as of the date of this Circular is 25,460,639.

Shareholders will be asked at the Meeting to approve with or without variation the following resolution:

"BE IT RESOLVED THAT the Stock Option Plan of the Corporation be and it is hereby approved, and that in connection therewith a maximum of 10% of the issued and outstanding shares at the time of each grant be reserved for granting as options and that the board of directors be and they are hereby authorized, without further shareholder approval, to make such changes to the existing Stock Option Plan as may be required or approved by regulatory authorities."

Unless a shareholder who has given a proxy has instructed that the shares represented by such proxy are to be voted against, on any ballot that may be called for ratification of the Stock Option Plan, the person named in the enclosed proxy will cast the shares represented by such proxy FOR such ratification.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The only equity compensation plan which the Corporation has in place is the Incentive Stock Option Plan which was last approved by the shareholders in June 2025. The Stock Option Plan has been established to provide incentive to qualified parties to increase their proprietary interest in the Corporation and thereby encourage their continuing association with the Corporation. The Stock Option Plan is administered by the directors of the Corporation. The Stock Option Plan provides that options will be issued to directors, officers, employees and consultants of the Corporation or a subsidiary of the Corporation. The Stock Option Plan provides that the number of common shares issuable under the Stock Option Plan, together with all of the Corporation's other previously established or proposed share compensation arrangements, may not exceed 10% of the total number of issued and outstanding Common Shares.

Equity Compensation Plan Information

The Stock Option Plan is administered by the board of directors of the Corporation. Stock options may be granted at any time to any director, senior officer, key employee or other person providing services to the Corporation (each an "**Optionee**"), taking into consideration his or her contribution to the success of the Corporation and any other factor which the board of directors of the Corporation may deem proper and relevant. The aggregate number of Common Shares which may be reserved for issuance pursuant to the Stock Option Plan and any other share compensation arrangements of the Corporation will not exceed 10% of the total number of issued and outstanding Common Shares (calculated on a non-diluted basis) from time to time.

Stock options granted under the Stock Option Plan are exercisable over a period not exceeding five years, subject to earlier cancellation upon the termination of the optionee's employment with the Corporation, upon the optionee ceasing to be an employee, senior officer, director or consultant of the Corporation, as applicable, or upon the optionee retiring, becoming permanently disabled or dying. Under the Stock Option Plan, the Board of Directors, in its discretion but upon the advice of its Human Resources and Corporate Governance Committee, is authorized to impose deferred vesting restrictions on any options granted and to fix the exercise price provided that such price may not be lower than the market price of the Corporation's shares determined in accordance with the rules of any stock exchange or other trading market upon which the shares of the Corporation are then listed or quoted or, if the shares of the Corporation do not trade on any such exchange or market, by the Board of Directors in their discretion. The stock options are non-assignable and non-transferable. The Stock Option Plan contains provisions for adjustment in the number of shares issuable in the event of a subdivision, consolidation, reclassification or change of the Common Shares, or a merger or other relevant changes in the Corporation's capitalization. The Stock Option Plan does not contain any provision for financial assistance by the Corporation in respect of stock options granted thereunder.

The Board may from time to time amend or revise the terms of the Stock Option Plan or may discontinue the Stock Option Plan at any time provided however that no such right may in any manner adversely affect an Optionee's rights under the option theretofore granted under the Stock Option Plan without consent of such Optionee.

Any amendments to the Stock Option Plan are subject to the prior approval of any stock exchange upon which shares of the Corporation are then listed for trading and any other regulatory authority having jurisdiction over the Corporation.

Shareholder approval will be required for the following types of amendments to the Stock Option Plan:

- an increase in the maximum number of Common Shares issuable under the Stock Option Plan;
- a change in the manner of determining the option price;
- an extension of the expiry date of an option;
- an extension of the period during which options may be granted; and
- an alteration or impairment of any option previously granted to an Optionee, without the prior written consent of the Optionee.

All other amendments to the Stock Option Plan will not require shareholder approval.

A full copy of the Stock Option Plan will be available at the Meeting for review by shareholders. Shareholders may also obtain copies of the Stock Option Plan from the Corporation prior to the meeting upon written request.

DISCLOSURE OF CORPORATE GOVERNANCE PRACTICES

Corporate Governance

National Instrument 58-101 ("**NI 58-101**") of the Canadian Securities Administrators requires the disclosure by each listed corporation of its approach to corporate governance. It is recognized that the unique characteristics of individual corporations will result in varying degrees of compliance.

The following discloses the Corporation's corporate governance practices as required by NI 58-101.

Board of Directors

Throughout 2025, and to the date of this Circular the Board of Directors is composed of Tim Gallagher, Gerald Gauthier, Paul O'Brien and Andrew Robertson. The Board believe that a relatively small Board is appropriate for the current size, stage of development and financial condition of the Corporation and to ensure that the Board can function effectively.

NI 58-101 suggests that a majority of the Board of Directors should be "independent" directors. NI 58-101 defines an "independent director" as a director who has no direct or indirect material relationship with the Corporation. A "material relationship" is in turn defined as a relationship which could, in the view of the Corporation's board of directors (the "**Board**"), be reasonably expected to interfere with such member's independent judgement. The Board is currently comprised of three independent directors.

Participation of Directors in Other Reporting Issuers

During 2025, the participation of the Directors in other reporting issuers is described in the following table:

Name of Director	Name of Other Reporting Issuer
Gerald Gauthier	Labrador Iron Mines Holdings Limited (Director)
Paul O'Brien	Mammoth Resources Corp (Director)

Orientation and Continuing Education

While the Corporation currently has no formal orientation and education program for Board members, sufficient information (such as recent reports, prospectus, proxy solicitation materials, technical reports and various other operating, property and budget reports) is provided to all Board members to ensure that directors are familiarized with the Corporation's business and the procedures of the Board. In addition, directors are encouraged to meet with management on a regular basis. The Corporation also encourages continuing education of its directors and officers where appropriate in order to ensure that they have the necessary skills and knowledge to meet their respective obligations to the Corporation.

Ethical Business Conduct

As some of the directors of the Corporation also serve as directors and officers of other companies engaged in similar business activities, must comply with the conflict of interest provisions under the Business Corporations Act, as well as the relevant securities regulatory instruments, in order to ensure that directors exercise independent judgment in considering transactions and agreements in respect of which a director or officer has a material interest. Any interested director is required to declare the nature and extent of his or her interest and is not entitled to vote at meetings of directors where such a conflict arises.

The Board has found that the fiduciary duties placed on individual directors by the Corporation's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Corporation.

Nomination of Directors

The Board performs the functions of a nominating committee with responsibility for the appointment and assessment of directors. The Board believes that this is a practical approach at this stage of the Corporation's development and given the size of the Board.

While there are no specific criteria for Board membership, the Corporation attempts to attract and maintain directors with business knowledge and a particular knowledge of mineral exploration and development or other areas which provide knowledge which would assist in guiding the officers of the Corporation. As such, nominations tend to be the result of recruitment efforts by management of the Corporation and discussions among the directors prior to the consideration by the Board as a whole.

Compensation

Currently, the directors of the Corporation do not receive fees in their capacities as directors, as described under "Compensation of Directors". All directors participate in the Corporation's Stock Option Plan.

Board Committees

The Board has one committee: Audit Committee. From time to time, the Board will form ad hoc committees to consider specific transactions comprised of persons unrelated to the transaction.

Assessments

The Board does not, at present, have a formal process in place for assessing effectiveness of the Board as a whole or its individual directors.

Board and Corporate Diversity

The Corporation currently does not have any women Board members or in executive officer positions (as such term is defined in the Canadian Securities Administrators guidelines for effective corporate governance). The Corporation recognizes the value of individuals with diverse attributes on the Board and in executive officer positions and the desirability of representation of women on the Board and in executive officer positions.

The Corporation has not adopted a written policy relating to the identification and nomination of women directors or regarding the number of women in executive positions because it does not believe that a written policy is the best way to achieve the Corporation's business objectives.

The Corporation believes that the interests of the Corporation would be best served by ensuring that new directors or executives are identified and selected from the widest possible group of potential candidates. A formalized written diversity policy governing the identification and selection of potential women candidates may unduly restrict the Corporation's ability to select the best and most suitable candidate.

The Board is responsible for establishing qualifications and skills necessary for an effective Board and various committees of the Board and for senior executive positions, including factors such as professional experience, particular areas of expertise, personal character, potential conflicts of interest, diversity and other commitments.

Although diversity, which includes diversity in gender, age, ethnicity and cultural background, is one of the factors considered in the Corporation's identification and selection process, other factors, including knowledge and relevant experience, or particular areas of expertise, are given greater consideration in the identification and selection process. In light of the Corporation's view that candidates should be selected from the widest possible group of qualified individuals, the level of representation of women may be considered but is not a major factor in identifying and appointing individuals to the Board.

The Corporation's policy with respect to the representation of women in executive officer positions is the same as its views on the representation of women in the director identification and selection process. In making decisions as to executive officer appointments, the Corporation believes that decisions to hire or promote an individual should be based on that person's knowledge and experience, particular areas of expertise, character and merit. Accordingly, the representation of women in executive officer positions may be considered but is not a major factor and is not an issue when making executive officer appointments.

The Corporation has not adopted a target regarding the representation of women on the Board or in executive officer positions for the reasons set out above. The Corporation believes that adopting such a target would unduly restrict its ability to select, hire or promote the best and most suitable candidate for the position in question.
