*The following is a summary of the principal features of this distribution and should be read together with the more detailed information and financial data and statements contained elsewhere in this prospectus.*

**The Corporation:** Bling Capital Corp.

**Business of the Corporation:** The Corporation is a CPC. The principal business of the Corporation will be the identification and evaluation of assets or businesses with a view to completing a Qualifying Transaction. The Corporation has not commenced commercial operations and has no assets other than a minimum amount of cash. The Corporation has commenced the process of identifying potential acquisitions. To date, the Corporation has not yet identified a company or assets for a potential Qualifying Transaction. Furthermore, the Corporation has not entered into an Agreement in Principle. See *"Business of the Corporation - Proposed Operations until Completion of a Qualifying Transaction"*.

**Offering:** A total of 1,000,000 Common Shares are being offered and qualified under this prospectus at a price of \$0.25 per Common Share. In addition, the Corporation will grant to the Agent and any sub-agents Agent's Options to purchase up to 100,000 Common Shares at a price of \$0.25 per Common Share and which may be exercised for a period of 24 months from the day the Common Shares are listed on the Exchange. The Agent's Options are qualified for distribution under this prospectus. This prospectus also qualifies for distribution the Directors' and Officers' Options to be granted at the Closing which entitle the holders to purchase an aggregate of 275,000 Common Shares at a price of \$0.25 per Common Share and which options may be exercised for a period of 5 years from the date of grant. See *"Plan of Distribution"* and *"Options to Purchase Securities"*.

**Use of Proceeds:** The total net proceeds to the Corporation, accounting for total cash proceeds raised prior to this Offering and total proceeds of this Offering, net of all Offering expenses, will be approximately \$393,750. The Corporation estimates incurring general and administrative costs until the Completion of the Qualifying Transaction of approximately \$40,000 which will reduce the total net funds available for pursuing a Qualifying Transaction to \$353,750 under the Offering. The net funds available will be used to provide the Corporation with a minimum of funds with which to identify and evaluate assets or businesses, for acquisition with a view to completing a Qualifying Transaction. The Corporation may not have sufficient funds to secure such businesses or assets once identified and evaluated and additional funds may be required. Until Completion of the Qualifying Transaction and except as otherwise provided in the CPC Policy, a maximum of the lesser of 30% of the gross proceeds realized or \$210,000 may be used for purposes other than evaluating businesses or assets. See *"Use of Proceeds"*.

**Directors and Management:** The following are the directors and officers of the Corporation:

Stuart W. Peterson	-	President, Chief Executive Officer, Chief Financial Officer, Secretary and Director
Melinda Park	-	Director
Marc Stachiw	-	Director

Stuart W. Peterson is the Promoter of the Corporation. See “*Directors, Officers and Promoters*” and “*Promoter*”.

**Escrow Securities:**

All of the currently issued and outstanding Common Shares, being 1,750,000 Common Shares issued at \$0.125 per share, will be deposited in escrow pursuant to the terms of the Escrow Agreement and will be released from escrow in stages over a period of up to three years after the date of the Final Exchange Bulletin. See “*Escrowed Securities*”.

**Risk Factors:**

Investment in the Common Shares must be regarded as highly speculative due to the proposed nature of the Corporation’s business and its present stage of development. The Corporation was only recently incorporated and has no active business or assets other than cash. The Corporation does not have a history of earnings, nor has it paid any dividends and will not generate earnings or pay dividends until at least after the Completion of the Qualifying Transaction. The Offering is only suitable to investors who are prepared to rely entirely on the directors and management of the Corporation and can afford to risk the loss of their entire investment. The directors and officers of the Corporation will only devote part of their time and attention to the affairs of the Corporation and there are potential conflicts of interest to which some of the directors and officers of the Corporation will be subject in connection with the operations of the Corporation. Assuming completion of the Offering, an investor will suffer an immediate dilution on investment (based on the gross proceeds from this and prior issuances without deduction of selling and related expenses) per Common Share of \$0.08 or 32%. There can be no assurance that an active and liquid market for the Corporation’s Common Shares will develop and an investor may find it difficult to resell the Common Shares. Until Completion of the Qualifying Transaction, the Corporation will not carry on any business other than the identification and evaluation of assets or businesses with a view to completing a Qualifying Transaction. The Corporation has only limited funds with which to identify and evaluate possible Qualifying Transactions and there can be no assurance that the Corporation will be able to identify or complete a suitable Qualifying Transaction.

The Qualifying Transaction may involve the acquisition of a business or assets located outside of Canada. It may therefore be difficult or impossible to effect service or notice to commence legal proceedings upon any directors, officers and experts outside of Canada and it may not be possible to enforce against such persons or companies judgments obtained in Canadian courts predicated upon the civil liability provisions applicable to securities laws in Canada. See “*Business of the Corporation*”, “*Directors, Officers and Promoters - Conflicts of Interest*”, “*Capitalization*”, “*Dilution*” and “*Risk Factors*”.

## THE CORPORATION

The Corporation was incorporated on April 12, 2007, by Certificate of Incorporation issued pursuant to the provisions of the *Business Corporations Act* (Alberta) under the name Bling Capital Corp. On July 18, 2007, the Corporation amended its articles to remove the restrictions against the transfer of securities.

The registered and records office of the Corporation is located at 1000 Canterra Tower, 400 - 3rd Avenue S.W., Calgary, Alberta T2P 4H2. The head office of the Corporation is located 602, 1000-5<sup>th</sup> Avenue SW, Calgary, Alberta T2P 4V1.

## BUSINESS OF THE CORPORATION

### Preliminary Expenses

As at May 31, 2007, the Corporation had incurred preliminary expenses for auditing and legal fees in the amount of \$10,000. Subsequent to May 31, 2007, the Corporation paid \$5,100 as a retainer for legal fees and \$10,000 (plus GST) as a corporate finance fee to the Agent and \$5,300 to the Exchange as part of the Corporation's listing fee. Certain of the Offering proceeds will be utilized to satisfy the obligations of the Corporation related to the Offering, including the expenses of its auditor and legal fees, the fees of the Exchange, the Agent's commission, fees and expenses and the fees of the securities regulatory authorities. See "*Use of Proceeds*".

### Proposed Operations until Completion of a Qualifying Transaction

The Corporation proposes to identify and evaluate businesses and assets with a view to completing a Qualifying Transaction. Any proposed Qualifying Transaction must be accepted by the Exchange and in the case of a Non Arm's Length Qualifying Transaction is also subject to Majority of the Minority Approval in accordance with the CPC Policy. The Corporation has not conducted commercial operations other than to enter into discussions for the purpose of identifying potential acquisitions or interests. The Corporation currently intends to primarily pursue a Qualifying Transaction in the natural resources or industrial sector but there is no assurance that these will, in fact, be the business sector of a proposed Qualifying Transaction or of the Corporation following the Completion of the Qualifying Transaction.

Until Completion of a Qualifying Transaction, the Corporation will not carry on any business other than the identification and evaluation of businesses or assets with a view to completing a potential Qualifying Transaction. With the consent of the Exchange, this may include the raising of additional funds in order to finance an acquisition. Except as described under "*Use of Proceeds - Private Placements for Cash*" and "*Use of Proceeds - Restrictions on Use of Proceeds*", the funds raised pursuant to this Offering and any subsequent financing will be utilized only for the identification and evaluation of potential Qualifying Transactions and not for any deposit, loan or direct investment in a potential acquisition.

Although the Corporation has commenced the process of identifying potential acquisitions with a view to completing the Qualifying Transaction, the Corporation has not yet entered into an Agreement in Principle.

### Method of Financing

The Corporation may use cash, bank financing, the issuance of treasury shares, public debt or equity financing or a combination of these for the purpose of financing its proposed Qualifying Transaction. **A Qualifying Transaction financed by the issue of treasury shares could result in a change in the control of the Corporation and may cause the shareholders' interest in the Corporation to be further diluted.**

## **Criteria for a Qualifying Transaction**

The Corporation will consider acquisitions of assets or businesses operated or located both inside and outside of Canada, as permitted by the CPC Policy. All potential acquisitions will be screened initially by management of the Corporation to determine their economic viability. Approval of acquisitions will be made by the board of directors. The board of directors will examine proposed acquisitions having regard to sound business fundamentals, utilizing the expertise and experience of the directors. The board of directors of the Corporation must approve any proposed Qualifying Transaction. In exercising their powers and discharging their duties in relation to a proposed Qualifying Transaction, the directors will act honestly and in good faith having regard to the best interests of the Corporation and will exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

## **Filings and Shareholder Approval of the Qualifying Transaction**

Upon the Corporation reaching an Agreement in Principle, the Corporation must issue a comprehensive news release, at which time the Exchange generally will halt trading in the Corporation's Common Shares until the filing requirements of the Exchange have been satisfied as set forth under "*Business of the Corporation - Trading Halts, Suspensions and Delisting*". Within 75 days after issuance of such news release, the Corporation is required to submit for review to the Exchange either an information circular that complies with applicable corporate and securities laws or a filing statement that complies with Exchange requirements. An information circular must be submitted where there is a Non Arm's Length Qualifying Transaction. A filing statement must be submitted where the Qualifying Transaction is not a Non Arm's Length Qualifying Transaction. The information circular or filing statement, as applicable, must contain prospectus level disclosure of the Target Company and the Corporation, assuming Completion of the Qualifying Transaction, and be prepared in accordance with the CPC Policy and Form 3B1 or Form 3B2, as the case may be, of the Exchange. Upon acceptance by the Exchange, the Corporation must then either:

- (a) file the filing statement on SEDAR at least seven business days prior to closing of the Qualifying Transaction, and issue a news release which discloses the scheduled closing date for the Qualifying Transaction as well as the fact that the filing statement is available on SEDAR; or
- (b) mail the information circular and related proxy material to its shareholders in order to obtain the Majority of the Minority Approval of the Qualifying Transaction or other requisite approval, at a meeting of shareholders.

Unless waived by the Exchange, the Corporation will also be required to retain a Sponsor, who must be a Member of the Exchange, and who will be required to submit to the Exchange a Sponsor Report prepared in accordance with the policies of the Exchange. The Corporation will no longer be considered to be a CPC upon the Exchange having issued the Final Exchange Bulletin. The Exchange will generally not issue the Final Exchange Bulletin until the Exchange has received:

- (a) in the case of a Non Arm's Length Qualifying Transaction, confirmation of Majority of Minority Approval of the Qualifying Transaction;
- (b) confirmation of closing of the Qualifying Transaction; and
- (c) all post-meeting or final documentation, as applicable, otherwise required to be filed with the Exchange pursuant to the CPC Policy.

Upon issuance of the Final Exchange Bulletin, the CPC Policy will generally cease to apply, with the exception of the escrow provisions of the CPC Policy and the restrictions in the CPC Policy precluding the Corporation from completing a reverse takeover for a period of one year from the Completion of the Qualifying Transaction.

### **Minimum Listing Requirements**

The Resulting Issuer must satisfy the Exchange's Minimum Listing Requirements for the particular industry sector in either Tier 1 or Tier 2 as prescribed under the applicable policies of the Exchange.

### **Trading Halts, Suspensions and Delisting**

The Exchange will generally halt trading in the Common Shares from the date of the public announcement of an Agreement in Principle until all filing requirements of the Exchange have been satisfied, which includes the submission of a Sponsorship Acknowledgment Form, where the Qualifying Transaction is subject to sponsorship. In addition, personal information forms or, if applicable, declarations, for all individuals who may be directors, senior officers, Promoters, or Insiders of the Resulting Issuer must be filed with the Exchange and any preliminary background searches that the Exchange considers necessary or advisable, must also be completed, before the trading halt will be lifted by the Exchange.

Even if all filing requirements have been satisfied and preliminary background checks completed, the Exchange may continue or reinstate a halt in trading of the Common Shares for public policy reasons including:

- (a) the unacceptable nature of the business of the Resulting Issuer; or
- (b) the number of conditions precedent to, or the nature and number of deficiencies required to be resolved prior to, completion of the Qualifying Transaction, are so significant or numerous as to make it appear to the Exchange that the halt should be reinstated or continued.

A trading halt may also be imposed by the Exchange where the Corporation fails to file the supporting documents relating to the Qualifying Transaction within a period of 75 days after public announcement of the Agreement in Principle or if the Corporation fails to file post-meeting or final documents, as applicable, within the time required. A trading halt may also be imposed if a Sponsor terminates its sponsorship.

The Exchange may suspend from trading or delist the Common Shares where the Exchange has not issued a Final Exchange Bulletin to the Corporation within 24 months of the date of listing. In the event that the Common Shares are delisted by the Exchange, within 90 days from the date of such delisting, the Corporation shall wind up and shall make a pro rata distribution of its remaining assets to its shareholders, unless shareholders, pursuant to a majority vote exclusive of the votes of Non Arm's Length Parties to the Corporation, determine to deal with the Issuer or its remaining assets in some other manner. See "*Business of the Corporation - Filings and Shareholder Approval of the Qualifying Transaction*".

If the Corporation has not completed a Qualifying Transaction within the time frame prescribed by the CPC Policy, it may apply for listing on NEX (the market on which former Exchange and Toronto Stock Exchange Issuers that do not meet the minimum listing requirements for Tier 2 issuers may continue to trade) rather than be delisted. In order to be eligible to list on NEX the Corporation must:

- (a) obtain majority shareholder approval for the transfer to NEX exclusive of the votes of Non Arm's Length Parties of the Corporation; and
- (b) either:
  - (i) cancel all Seed Shares purchased by Non Arm's Length Parties to the Corporation at a discount to the IPO price, in accordance with section 11.2(a) of the CPC Policy, as if the Corporation had delisted from the Exchange, or
  - (ii) subject to majority shareholder approval, cancel an amount of the Seed Shares purchased by Non Arm's Length Parties to the Corporation so that the average cost of the remaining Seed Shares is at least equal to the IPO price.

If the Corporation lists on the NEX, the Corporation must continue to comply with all the requirements and restrictions of the CPC Policy.

### **Refusal of Qualifying Transaction**

The Exchange, in its sole discretion, may not accept a Qualifying Transaction where:

- (a) the Resulting Issuer fails to satisfy the applicable Minimum Listing Requirements of the Exchange;
- (b) the aggregate number of securities of the Resulting Issuer owned, directly or indirectly, by:
  - (i) a Member firm of the Exchange;
  - (ii) registrants, unregistered corporate finance professionals, employee shareholders and partners of such Member firm; and
  - (iii) Associates of any such person,
 collectively, would exceed 20% of the issued and outstanding securities of the Resulting Issuer;
- (c) the Resulting Issuer will be a financial institution, finance company, finance issuer or mutual fund, as defined in the securities legislation;
- (d) the majority of the directors and senior officers of the Resulting Issuer are not residents of Canada or the United States or are individuals who have not demonstrated positive association as directors or officers with public companies that are subject to a regulatory regime comparable to the companies listed on a Canadian exchange; or
- (e) notwithstanding the definition of a Qualifying Transaction, there is any other reason for denying acceptance of the Qualifying Transaction.

Until required for the Corporation's purposes, the proceeds will only be invested in securities of, or those guaranteed by, the Government of Canada or any Province or Territory of Canada or the Government of the United States of America, in certificates of deposit or interest bearing accounts of Canadian chartered banks, trust companies or credit unions.

The proceeds from this Offering and any prior sale of Common Shares, after deducting the expenses associated with this Offering, will only be sufficient to identify and evaluate a finite number of assets and businesses, and additional funds may be required to finance any acquisition to which the Corporation may commit.

**Permitted Use of Funds**

Until the Completion of the Qualifying Transaction and except as otherwise specifically provided by the CPC Policy and described in "Use of Proceeds - Restrictions on Use of Proceeds", "Use of Proceeds - Private Placements for Cash" and "Use of Proceeds - Prohibited Payments to Non-Arm's Length Parties", the gross proceeds realized from the sale of all securities issued by the Corporation will be used by the Corporation only to identify and evaluate businesses or assets and obtain shareholder approval for a proposed Qualifying Transaction.

The proceeds may be used for expenses incurred for the preparation of:

- (i) valuations or appraisals;
- (ii) business plans;
- (iii) feasibility studies and technical assessments;
- (iv) sponsorship reports;
- (v) engineering or geological reports;
- (vi) financial statements, including audited financial statements;

In addition, with the prior acceptance of the Exchange, up to an aggregate of \$225,000 may be advanced as a refundable deposit or secured loan by the Corporation to a Vendor or Target Company, as the case may be, for a proposed arm's length Qualifying Transaction that has been publicly announced at least 15 days prior to the date of such advance, due diligence with respect to the Qualifying Transaction is well underway and either a Sponsor has been engaged or sponsorship has been waived. A maximum aggregate amount of \$25,000 may also be advanced as a non-refundable deposit, unsecured deposit or advance to a Vendor or Target Company, as the case may be, to preserve assets without the prior acceptance of the Exchange.

### **Restrictions on Use of Proceeds**

Until Completion of a Qualifying Transaction, not more than the lesser of 30% of the gross proceeds from the sale of all securities issued by the Corporation or \$210,000, will be used for purposes other than those described above. For greater certainty, expenditures which are not included as "*Permitted Use of Funds*", listed above, include:

- (a) listing and filing fees (including SEDAR fees);
- (b) other costs for the issuance of securities, (including legal, accounting and audit expenses) relating to the preparation and filing of this prospectus; and
- (c) administrative and general expenses of the Corporation, including:
  - (i) office supplies, office rent and related utilities;
  - (ii) printing costs (including the printing of this prospectus and share certificates);
  - (iii) equipment leases; and
  - (iv) fees for legal advice and audit expenses, other than those described above under "*Permitted Use of Funds*".

No proceeds will be used to acquire or lease a vehicle.

### **Private Placements for Cash**

After the closing of the Offering and until the Completion of the Qualifying Transaction, the Corporation will not issue any securities unless written acceptance of the Exchange is obtained before issuance. Prior to the Completion of the Qualifying Transaction, the Exchange generally will not accept a private placement by the Corporation where the gross proceeds raised from the issuance of securities both prior to and pursuant to the Offering, together with any proceeds anticipated to be raised upon closing of the private placement, will exceed \$2,000,000. The only securities issuable pursuant to such a private placement will be Common Shares. Subject to certain limited exceptions, any Common Shares issued pursuant to the private placement to Non Arm's Length Parties to the Corporation and to Principals of the Resulting Issuer will be subject to escrow.

### **Prohibited Payments to Non Arm's Length Parties**

Except as described under "*Options to Purchase Securities*" and "*Use of Proceeds - Restrictions on Use of Proceeds*", the Corporation has not made, and until the Completion of the Qualifying Transaction will not make, any payment of any kind, directly or indirectly, to a Non Arm's Length Party to the Corporation or a Non Arm's Length Party to the Qualifying Transaction, or to a Person engaged in investor relations activities, by any means, including:

- (a) remuneration, which includes but is not limited to salaries, consulting fees, management contract fees or directors' fees, finders' fees, loans, advances and bonuses; and
- (b) deposits and similar payments.

Further, no such payment will be made on or after the Completion of a Qualifying Transaction if such payment relates to services rendered or obligations incurred prior to or in connection with the Qualifying Transaction.

Notwithstanding the above, the Corporation may reimburse a Non Arm's Length Party to the Corporation for reasonable expenses for office supplies, office rent and related utilities, equipment leases (excluding vehicle leases), and legal services (provided that neither the lawyer providing the legal services nor any member of the law firm providing the services is a Promoter of the Corporation or in the case of a law firm, no member of the firm owns greater than 10% of the outstanding Common Shares), and the Corporation may also reimburse a Non Arm's Length Party to the Corporation for reasonable out-of-pocket expenses incurred in pursuing the business of the Corporation described in "*Use of Proceeds - Permitted Use of Funds*".

The foregoing restrictions on the use of proceeds and prohibitions on payments to Non Arm's Length Parties and Persons engaged in investor relations activities continue to apply until the Completion of the Qualifying Transaction.

## **PLAN OF DISTRIBUTION**

### **Agency Agreement and Agent's Compensation**

Pursuant to the Agency Agreement, the Corporation has appointed the Agent as its agent to offer for sale to the public on a "commercially reasonable efforts" basis, 1,000,000 Common Shares at a price of \$0.25 per Common Share for aggregate gross proceeds of \$250,000, subject to the terms and conditions in the Agency Agreement. The Agent will receive in aggregate a commission of 10% of the aggregate gross

proceeds from the sale of the Common Shares and will be paid a corporate finance fee of \$10,000 (plus GST). The Corporation will also pay the Agent's legal fees, estimated at \$7,500 plus disbursements and taxes, and any other reasonable expenses of the Agent. As of the date hereof, the Corporation has paid to the Agent the corporate finance fee of \$10,000 (plus GST) as well as a \$5,100 retainer for legal fees and expenses.

The Corporation has also agreed to grant to the Agent, and any sub-agents, Agent's Options which entitles the Agent and any sub-agents to purchase up to 100,000 Common Shares at a price of \$0.25 per Common Share and which may be exercised for a period of 24 months from the day the Common Shares are listed on the Exchange. The Agent's Options are qualified under this prospectus for distribution. The Agent intends to sell to the public any Common Shares received by it upon the exercise of the Agent's Options. Not more than 50% of the Common Shares received on the exercise of the Agent's Options may be sold by the Agent prior to the Completion of the Qualifying Transaction. The remaining 50% may be sold after the Completion of the Qualifying Transaction.

The Agent has agreed to use its "commercially reasonable efforts" to secure subscriptions for the Common Shares offered hereunder on behalf of the Corporation and may make co-brokerage arrangements with other investment dealers at no additional cost to the Corporation. The obligations of the Agent under the Agency Agreement may be terminated at its discretion on the basis of its assessment of the state of financial markets and may also be terminated on the occurrence of certain events as stated in the Agency Agreement.

### **Commercially Reasonable Efforts Offering and Minimum Distribution**

The total Offering is for 1,000,000 Common Shares at a price of \$0.25 per share for total gross proceeds of \$250,000. Under the CPC Policy, no purchaser of Common Shares is permitted to directly or indirectly purchase more than 2% of the total Common Shares in the Offering, or 20,000 Common Shares (\$5,000). In addition, the maximum number of Common Shares that may directly or indirectly be purchased by that purchaser, together with any Associates or Affiliates of that purchaser, is 4% of the total number of Common Shares in the Offering, or 40,000 Common Shares (\$10,000). The funds received from the Offering will be deposited with the Agent, and will not be released until proceeds of \$250,000 have been deposited. The total subscription must be raised within 90 days of the date a receipt for the prospectus is issued, or such other time as may be consented to by the Agent and Persons or Companies who subscribed within that period, failing which the Agent will remit the funds collected to the original subscribers without interest or deduction, unless subscribers have otherwise instructed the Agent.

### **Other Securities Being Distributed**

The Corporation also proposes to grant the Directors' and Officers' Options at the Closing of the Offering in accordance with the policies of the Exchange, which options are qualified for distribution pursuant to this prospectus. The Directors' and Officers' Options entitle the holders to purchase an aggregate of 275,000 Common Shares at a price of \$0.25 per Common Share and such options may be exercised for a period of 5 years from the date of grant. See "*Plan of Distribution*" and "*Options to Purchase Securities*".

### **Determination of Price**

The offering price of the Common Shares hereunder was determined by negotiation between the Corporation and the Agent.

## **Listing Application**

The Exchange has conditionally approved the listing of the Common Shares on the Exchange. Listing will be subject to the Corporation fulfilling all the listing requirements of the Exchange.

## **Subscriptions by and Restrictions on the Agent**

All subscriptions by any member of the Aggregate Pro Group are subject to the applicable client priority rules and the general rule of the CPC Policy that no purchaser can: (i) directly or indirectly purchase more than 2% of the total Common Shares offered under this Offering; and (ii) together with any Associates or Affiliates purchase more than 4% of the total Common Shares offered under this Offering. Any Common Shares issued to any member of the Aggregate Pro Group prior to the date of this prospectus will be held in escrow pursuant to the CPC Policy.

Until Completion of the Qualifying Transaction, the aggregate number of Common Shares permitted to be owned directly or indirectly by the members of the Pro Group is 20% of the issued and outstanding Common Shares exclusive of Common Shares reserved for issuance at a future date. The Exchange will require that any securities issued to the Pro Group in connection with or in contemplation of the Qualifying Transaction will be required to be subject to a four month Exchange hold period and the securities certificate(s) legended accordingly, as prescribed by Exchange Policy 3.2 "*Filing Requirements and Continuous Disclosure*".

The Agent has advised the Corporation that to the best of its knowledge and belief, that the number of Common Shares owned directly or indirectly by directors, officers, employees or contractors of the Agent assuming no Common Shares are purchased by these individuals under the Offering, is 400,000 or 14.5% and the number of Common Shares owned directly or indirectly by any other members of the Pro Group, assuming no Common Shares are purchased by these individuals under the Offering, is 150,000 or 5.5%.

## **Restrictions on Trading**

Other than the initial public offering of the Common Shares pursuant to this prospectus, the grant of the Agent's Options and the grant of the Directors' and Officers' Options, no securities of the Corporation will be permitted to be issued during the period between the date a receipt for the preliminary prospectus is issued by the securities commission that is designated the principal regulator pursuant to National Policy 43-201 and the time the Common Shares are listed for trading on the Exchange, except subject to prior acceptance of the Exchange, where appropriate registration and prospectus exemptions are available under securities legislation or where the applicable securities regulatory authorities grant a discretionary order.

Such options will be exercisable for a period of up to 5 years from the date of grant. In connection with the foregoing, the number of Common Shares reserved for issuance to any individual director or officer will not exceed five percent (5%) of the issued and outstanding Common Shares and the number of Common Shares reserved for issuance to all technical consultants will not exceed two percent (2%) of the issued and outstanding Common Shares. Options may be exercised the greater of 12 months after Completion of the Qualifying Transaction and 90 days following cessation of the optionee’s position with the Corporation, provided that if the cessation of office, directorship, or technical consulting arrangement was by reason of death, the option may be exercised within a maximum period of one year after such death, subject to the expiry date of such option. Any Common Shares acquired pursuant to the exercise of options prior to Completion of the Qualifying Transaction, must be deposited in escrow and will be subject to escrow until the Final Exchange Bulletin is issued. All Common Shares acquired on exercise of stock options prior to the Completion of a Qualifying Transaction, must also be deposited in escrow and will be subject to escrow until the Final Exchange Bulletin is issued.

In addition, all Common Shares acquired in the secondary market prior to the Completion of a Qualifying Transaction by any Person or Company who becomes a Control Person are required to be deposited in escrow. Subject to certain exemptions permitted by the Exchange, all securities of the Corporation held by Principals of the Resulting Issuer will also be escrowed.

<b>Total</b>	<b>1,750,000</b>	<b>100%</b>	<b>63.5%</b>

**Notes:**

(1) Assuming no Common Shares are purchased by these persons under the Offering.

Where the Common Shares which are required to be held in escrow are held by a non-individual (a “**holding company**”), each holding company pursuant to the Escrow Agreement, has agreed, or will agree, not to carry out any transactions during the currency of the Escrow Agreement which would result in a change of control of the holding company, without the consent of the Exchange. Any holding company must sign an undertaking to the Exchange that, to the extent reasonably possible, it will not permit or authorize any issuance of securities or transfer of securities that could reasonably result in a change of control of the holding company. In addition, the Exchange may require an undertaking from any control person of the holding company not to transfer the shares of that company.

Under the Escrow Agreement, 10% of the escrowed Common Shares will be released from escrow on the issuance of the Final Exchange Bulletin (the “**Initial Release**”) and an additional 15% will be released on the dates 6 months, 12 months, 18 months, 24 months, 30 months and 36 months following the Initial Release.

If the Resulting Issuer meets the Exchange’s Tier 1 Minimum Listing Requirements either at the time the Final Exchange Bulletin is issued or subsequently, the release of the escrowed Common Shares will be accelerated. An accelerated escrow release will not commence until the Resulting Issuer has made

application to the Exchange for listing as a Tier 1 Issuer and the Exchange has issued a bulletin that announces the acceptance for listing of the Resulting Issuer on Tier 1 of the Exchange.

The Exchange's prior consent must be obtained before a transfer within escrow of escrowed Common Shares. Generally, the Exchange will only permit a transfer within escrow to be made to incoming Principals in connection with a proposed Qualifying Transaction.

If a Final Exchange Bulletin is not issued, the escrowed Common Shares will not be released. Under the Escrow Agreement, each Non Arm's Length Party to the Corporation who holds escrowed Common Shares acquired at a price below the Offering price under this prospectus has irrevocably authorized and directed the Trustee to immediately:

- (a) cancel all of those escrowed Common Shares upon the issuance by the Exchange of a bulletin delisting the Common Shares; or
- (b) if the Corporation lists on NEX, either:
  - (i) cancel all Seed Shares purchased by Non Arm's Length Parties to the Corporation at a discount from the IPO price, in accordance with section 11.2(a) of the CPC Policy, or
  - (ii) subject to majority shareholder approval, cancel an amount of the Seed Shares purchased by Non Arm's Length Parties to the Corporation so that the average cost of the remaining Seed Shares is at least equal to the IPO price.

### **Escrowed Securities on Qualifying Transaction**

Generally, if at least 75% of the securities issued pursuant to the Qualifying Transaction are "Value Securities", then all the securities issued to Principals of the Resulting Issuer pursuant to the Qualifying Transaction will be deposited into escrow pursuant to a value security agreement (the "**Value Security Escrow Agreement**"). "Value Securities" are securities issued pursuant to a transaction for which the deemed value of the securities at least equals the value ascribed to the asset, using a valuation method acceptable to the Exchange, or securities that are otherwise determined by the Exchange to be Value Securities and required to be placed in escrow under a Value Security Escrow Agreement. However, if at least 75% of the securities issued pursuant to the Qualifying Transaction are not Value Securities, all securities issued pursuant to the Qualifying Transaction will be deposited into a surplus security escrow agreement (a "**Surplus Security Escrow Agreement**").

The principal distinction between a Value Security Escrow Agreement and a Surplus Security Escrow Agreement is the time period for release of securities from escrow. In the case of a Resulting Issuer that will be a Tier 2 Issuer when the Final Exchange Bulletin is issued, the Value Security Escrow Agreement provides for a three year escrow release mechanism with 10% of the escrowed securities being releasable at the time of the Final Exchange Bulletin, and 15% of the escrowed securities being releasable every 6 months thereafter, on each of the 6, 12, 18, 24, 30 and 36 month anniversaries of the Final Exchange Bulletin. In the case of a Resulting Issuer that will be a Tier 2 Issuer, when the Final Exchange Bulletin is issued, the Surplus Security Escrow Agreement provides for a six-year escrow release mechanism with:

- (a) 5% of the escrowed securities being releasable in 6 month intervals on each of the 6, 12, 18 and 24 month anniversaries of the Final Exchange Bulletin; and
- (b) 10% of the escrowed securities being releasable in 6 month intervals on each of the 30, 36, 42, 48, 54, 60, 66 and 72 months after the Final Exchange Bulletin.

In the case of a Resulting Issuer that will be a Tier 1 Issuer when the Final Exchange Bulletin is issued, the Value Security Escrow Agreement provides for an 18 month escrow release mechanism with 25% of the escrowed securities being releasable at the time of the Final Exchange Bulletin, with 25% of the escrowed securities being releasable every 6 months thereafter. In the case of a Resulting Issuer that will be a Tier 1 Issuer when the Final Exchange Bulletin is issued, the Surplus Security Escrow Agreement provides for a three-year escrow release mechanism with:

- (a) 10% of the escrowed securities being releasable upon the issuance of the Final Exchange Bulletin, and
- (b) 15% of the escrowed securities being releasable in 6 month intervals on each of the 6, 12, 18, 24, 30 and 36 months after the Final Exchange Bulletin.

### **Escrowed Securities on Private Placement**

Securities issued pursuant to a private placement to Principals of the Corporation and the proposed Resulting Issuer will generally be exempt from escrow requirements where:

- (a) the private placement is announced at least five trading days after the news release announcing the Agreement in Principle and the pricing for the financing is at not less than the discounted market price, as determined in accordance with the Policies of the Exchange; or
- (b) the private placement is announced concurrently with the Agreement in Principle and
  - (i) at least 75% of the proceeds from the private placement are not from Principals of the Corporation or the proposed Resulting Issuer,
  - (ii) if subscribers, other than Principals of the Corporation or the proposed Resulting Issuer, will obtain securities subject to hold periods, then in addition to any resale restrictions under applicable securities legislation, any securities issued to such Principals will be subject to a four month hold period, and
  - (iii) none of the proceeds of the private placement are allocated to pay compensation or to settle indebtedness owing to Principals of the Resulting Issuer.

## **Penalties or Sanctions**

## **Personal Bankruptcies**

No director, officer, Insider or Promoter of the Corporation, or a shareholder of the Corporation holding a sufficient number of securities of the Corporation to affect materially the control of the Corporation, or a personal holding company of any such persons has, within the 10 years before the date of this prospectus, as applicable, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or has been subject to or has instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold such person's assets.

Conflicts, if any, will be subject to the procedures and remedies as provided under the *Business Corporations Act* (Alberta).

## **Executive Compensation**

Except as set out below or otherwise disclosed in this prospectus, prior to Completion of a Qualifying Transaction, no payment of any kind has been made, or will be made, directly or indirectly, by the Corporation to a Non Arm's Length Party to the Corporation or a Non Arm's Length Party to the Qualifying Transaction, or to any person engaged in investor relations activities in respect of the securities of the Corporation or any Resulting Issuer by any means, including:

- (a) remuneration, which includes but is not limited to:
  - (i) salaries;

Purchasers of Common Shares under this prospectus will suffer an immediate dilution of \$0.08 per Common Share or 32% on the basis of there being 2,750,000 Common Shares issued and outstanding following completion of this Offering. <b>Total gross proceeds after this Offering</b>	<b>468,750</b>

Proceeds per share after this Offering	0.17
Dilution per share to subscriber	0.08
Percentage of dilution in relation to offering price	32%

## RISK FACTORS

Investment in the Common Shares must be regarded as highly speculative due to the proposed nature of the Corporation's business and its present stage of development. The following are risk factors associated with the Corporation:

- (a) the Corporation was only recently incorporated, has not commenced commercial operations and has no assets other than cash. It has no history of earnings, and shall not generate earnings or pay dividends until at least after Completion of the Qualifying Transaction;

- (b) investment in the Common Shares offered by this prospectus is highly speculative given the proposed nature of the Corporation's business and its present stage of development;
- (c) the directors and officers of the Corporation will only devote a portion of their time to the business and affairs of the Corporation and some of them are or will be engaged in other projects or businesses such that conflicts of interest may arise from time to time. See *"Directors, Officers and Promoters - Conflicts of Interest"*;
- (d) assuming completion of the Offering, an investor will suffer an immediate dilution to its investment of \$0.08 per Common Share or 32%;
- (e) there can be no assurance that an active and liquid market for the Corporation's Common Shares will develop and an investor may find it difficult to resell its Common Shares;
- (f) until Completion of a Qualifying Transaction, the Corporation is not permitted to carry on any business other than the identification and evaluation of potential Qualifying Transactions;
- (g) the Corporation has only limited funds with which to identify and evaluate potential Qualifying Transactions and there can be no assurance that the Corporation will be able to identify a suitable Qualifying Transaction;
- (h) even if a proposed Qualifying Transaction is identified, there can be no assurance that the Corporation will be able to successfully complete the transaction;
- (i) Completion of the Qualifying Transaction is subject to a number of conditions including acceptance by the Exchange and, in the case of a Non Arm's Length Qualifying Transaction, Majority of the Minority Approval;
- (j) unless the shareholder has the right to dissent and be paid fair value in accordance with applicable corporate or other law, a shareholder who votes against a proposed Non Arm's Length Qualifying Transaction for which Majority of the Minority Approval by shareholders has been given, will have no rights of dissent and no entitlement to payment by the Corporation of fair value for the Common Shares;
- (k) upon public announcement of a proposed Qualifying Transaction, trading in the Common Shares will be halted and will remain halted for an indefinite period of time, typically until a Sponsor has been retained and certain preliminary reviews have been conducted. The Common Shares will be reinstated to trading before the Exchange has reviewed the transaction and before the Sponsor has completed its full review. Reinstatement to trading provides no assurance with respect to the merits of the transaction or the likelihood of the Corporation completing the proposed Qualifying Transaction;
- (l) trading in the Common Shares may be halted at other times for other reasons, including for failure by the Corporation to submit documents to the Exchange in the time periods required;
- (m) the Exchange will generally suspend trading in the Corporation's Common Shares or delist the Corporation in the event that the Exchange has not issued a Final Exchange Bulletin within 24 months from the date of listing;

- (n) neither the Exchange nor any securities regulatory authority passes upon the merits of the proposed Qualifying Transaction;
- (o) in the event that management of the Corporation resides outside of Canada or the Corporation identifies a foreign business as a proposed Qualifying Transaction, investors may find it difficult or impossible to effect service of notice to commence legal proceedings upon any management resident outside of Canada or upon the foreign business and may find it difficult or impossible to enforce against such persons, judgments obtained in Canadian courts;
- (p) the Qualifying Transaction may be financed in all or part by the issuance of additional securities by the Corporation and this may result in further dilution to the investor, which dilution may be significant and which may also result in a change of control of the Corporation; and
- (q) subject to prior acceptance by the Exchange, the Corporation may be permitted to loan or advance up to an aggregate of \$250,000 of its proceeds to a target business without requiring shareholder approval and there can be no assurance that the Corporation will be able to recover that loan.

As a result of these factors, this Offering is only suitable to investors who are willing to rely solely on management of the Corporation and who can afford to lose their entire investment. Those investors who are not prepared to do so should not invest in the Common Shares.

The right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment. The securities legislation further provides a purchaser with remedies for rescission or damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser’s province. The purchaser should refer to any applicable

provisions of the securities legislation of the purchaser's province for the particulars of these rights or consult with a legal adviser.

### **ELIGIBILITY FOR INVESTMENT**

In the opinion of Borden Ladner Gervais LLP, counsel to the Corporation, the Common Shares, if, as and when listed on a prescribed stock exchange (which includes the Exchange), will be qualified investments for a trust governed by a registered retirement savings plan, a registered retirement income fund, a registered education savings plan and a deferred profit sharing plan (the "Plans") under the *Income Tax Act* (Canada) (the "Act") and the regulations thereunder. If the Common Shares are listed on a prescribed stock exchange prior to the date on which the Corporation must file a tax return for its first taxation year, and the Corporation files an election with the Canada Revenue Agency in its tax return that year, the Common Shares will be qualified investments for such Plans notwithstanding that such shares were not listed on a prescribed stock exchange at the time of issue hereunder.

## NOTES TO THE FINANCIAL STATEMENTS

PERIOD FROM INCORPORATION ON APRIL 12, 2007 TO MAY 31, 2007

---

**1. INCORPORATION**

The Company was incorporated under the *Business Corporations Act* (Alberta) on April 12, 2007 and is classified as a capital pool company as defined in the TSX Venture Exchange (“TSX-V”) Policy 2.4. The principal business of the Company is the identification and evaluation of assets or a business and once identified or evaluated, to negotiate an acquisition or participation in a business subject to receipt of shareholder approval and acceptance by regulatory authorities.

**2. CONTINUANCE OF OPERATIONS**

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles with the assumption that the Company will be able to realize its assets and discharge its liabilities in the normal course of business rather than through a process of forced liquidation.

The Company’s continuing operations as intended are dependent upon its ability to identify, evaluate and negotiate an acquisition of, a participation in or an interest in properties, assets or businesses. Such an acquisition will be subject to shareholder and regulatory approval. These financial statements do not include any adjustments to assets and liabilities should the Company be unable to continue.

**3. SIGNIFICANT ACCOUNTING POLICIES****Use of estimates**

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the period. Deferred costs and accounts payable and accrued liabilities involve management estimates. Management believes the estimates are reasonable; however, actual results could differ from these estimates and would impact future results of operations and cash flows.

**Future income taxes**

Future income taxes are recorded using the asset and liability method whereby future tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax basis. Future tax assets and liabilities are measured using the enacted or substantively enacted tax rates expected to apply when the asset is realized or the liability settled. The effect on future tax assets and liabilities of a change in tax rates is recognized in income in the period that enactment or substantive enactment occurs. To the extent that the Company does not consider it more likely than not that a future tax asset will be recovered, it provides a valuation allowance against the excess.

**Loss per share**

The Company uses the treasury stock method to compute the dilutive effect of options, warrants and similar instruments. Under this method the dilutive effect on earnings per share is recognized on the use of the proceeds that could be obtained upon exercise of options, warrants and similar instruments. It assumes that the proceeds would be used to purchase common shares at the average market price during the period.

Basic loss per share is calculated using the weighted average number of shares outstanding during the period. Shares held in escrow, other than where their release is subject to the passage of time, are not included in the calculation of the weighted average number of common shares outstanding.

**3. SIGNIFICANT ACCOUNTING POLICIES (cont'd...)**

**Stock-based compensation**

The Company accounts for stock-based compensation expense using the fair value based method with respect to all stock-based payments to directors, employees and non-employees, including awards that are direct awards of stock and call for settlement in cash or other assets, or stock appreciation rights that call for settlement by the issuance of equity instruments. Under this method, stock-based payments are recorded as an expense over the vesting period or when the awards or rights are granted, with a corresponding increase to contributed surplus under shareholders' equity. When stock options are exercised, the corresponding fair value is transferred from contributed surplus to capital stock.

**4. CAPITAL STOCK**

 Unlimited common shares, without par value  
 Unlimited preferred shares issuable in series
