About Emily Hanson

Emily Hanson graduated with a BSc in Earth and Ocean Sciences from the University of British Columbia in 2004, followed by an MSc in Economic Geology from Rhodes University, South Africa in 2006. Her master’s dissertation was a DeBeers funded project which utilized principles of sedimentology and erosion to re-model South African kimberlite diatremes. Miss Hanson began her career as a consultant sedimentologist for DeBeers in the Democratic Republic of the Congo. Later moving on to diamond projects in Northwest Territories and Nunavut, and various gold projects in British Columbia. She additionally worked with a uranium services company contracting out to companies throughout the world on green field exploration projects. Throughout her career she has utilized GIS in her work as an exploration geologist. Emily is also a director and VP Exploration with Alset Minerals Corp., a publicly listed company.
