

I, **Alexei Sokolov**, do hereby certify that:

1. I am a Principal Geologist with Mining Plus Pty Ltd (ABN 82 122 068 348). The address of Mining Plus Pty Ltd is Level 14, 500 Collins Street, Melbourne, Victoria, 3000, Australia.
2. This certificate applies to the technical report titled “**Technical Report for the Kaukua Deposit, Läntinen Koillismaa Project, Finland**” with an effective date of *September 2019*.
3. I graduated in 1975 from the Moscow State University specializing in Geology and Exploration of Mineral Deposits with the Magistrate degree of Geologist. I got PhD in Geological and Mineralogical Science in 1981 from the Institute of Ore Deposits of the Russian Academy of Science.
4. I have worked as a geologist in the field of mineral exploration, resource estimation and underground and open pit production mine geology for over 40 years, specialising in gold, nickel sulphide, PGE and base metal deposits.
5. I am a Fellow of the Australian Institute of Mining and Metallurgy (AusIMM) since 1995. I am a Chartered Professional Geology of the AusIMM since April 2013.
6. I have read the definition of ‘qualified person’ set out in National Instrument 43-101 (“NI 43-101”) and certify that I am a “qualified person” for the purposes of NI 43-101.
7. I have not visited the Läntinen Koillismaa Project, Finland.
8. I am responsible for Sections 2, 14 and 24 through 27 in the Technical Report.
9. I am independent of Palladium One Mining Inc and any and all of its affiliated companies as described in section 1.4 of NI 43-101.
10. I have not had any prior involvement with the Project Area and have no commercial interest with either the ground or its holders.
11. I have read NI 43-101 and the Technical Report has been prepared in compliance with NI 43-101.
12. As of the date of this certificate, to the best of my knowledge, information and belief, the Technical Report contains all scientific and technical information that is required to be disclosed to make the Technical Report not misleading.
13. Mining Plus Pty Ltd was retained by Palladium One Mining Inc. to prepare a technical evaluation of the ‘Läntinen Koillismaa Project’. In conducting the audit an analysis of project technical data was completed using CIM “Best practices”, Canadian Securities Administrators National Instrument 43-101 guidelines and JORC Code guidelines;
14. I hereby consent to the use of this report for submission to any Provincial regulatory authority.

Dated this 24 September, 2019.

Alexei Sokolov
