Under Section 85(1) of the *Securities Act* (British Columbia)**

**Form 27 Material Change Report
Under Section 118(1) of the *Securities Act* (Alberta)- Form 27**

Item 1 Reporting Issuer

Decade Resources Ltd. (the "Company")
611 8th Street
Stewart, B. C. V0T 1W0

Item 2 Date of Material Change

June 5, 2014

Item 3 Press Release/Publication/Filing

Issued June 5, 2014 and distributed through the facilities of Canada Stockwatch and Market News.

Item 4 Summary of Material Change

Blueberry Vein Assays

Item 5 Full Description of Material Change

See attached press release.

Item 6 Reliance on Confidentiality Provisions of the Securities Acts

This report is not being filed on a confidential basis.

Item 7 Omitted Information

There are no significant facts required to be disclosed herein which have been omitted.

Item 8 Senior Officer

Contact: Randolph Kasum, Secretary
Telephone: (250) 636-9283

Item 9 Statement of Senior Officer/Director

The foregoing accurately discloses the material change referred to herein.

‘Ed Kruchkowski’

Ed Kruchkowski, Director/CEO

DATED at Stewart, B.C., this 5th day of June, 2014 in connection with the Company's June 5, 2014, press release.

Decade Resources Ltd.

June 5, 2014

Sampling on Blueberry Vein yields up to 266.83 g/t Gold Over 2 M

Stewart, BC - Decade Resources Ltd. ("Decade") reports that it has received ICP analyses for all 365 surface samples and gold assay results for another 37 samples from the Bow property. The property consists of 2 claims totaling 471 hectares and is contiguous with the Scottie Gold mine Crown Granted claims that host the former Scottie Gold mine 50 kilometres north of Stewart, BC, in the Skeena Mining Division. This mine which operated from 1981 to 1985 milled vein material averaging 16.20 g/t gold, producing 2,967,748 grams of gold (95,426 ounces gold) from 183,147 tonnes of mineralization. Previous work has indicated in excess of 13 different gold bearing veins in the Bow claim-Scottie Gold mine area. Exploration in 2013 outlined at least 4 new sulphide bearing veins on the Bow property, one of which contains visible gold associated with strong molybdenite mineralization. To date, at least 7 and possibly 8 mineralized veins have been located on the Bow claim.

Some of the results of the Blueberry vein sampling are shown in the table below:

Sample #	Vein Tested	Sample Type	Width Metres	Au g/t
116684	Blueberry	Bedrock	Grab	246.43
116687	Blueberry	Bedrock	Grab	409.44
116688	Blueberry	Bedrock	Grab	345.44
116689	Blueberry	Bedrock	Grab	253.29
116703	Blueberry	Bedrock	2 m chip	266.83
116714	Blueberry	Bedrock	2.2 m chip	229.89

At present, the Company is awaiting further surface results from one other area explored during the 2013 surface sampling program as well as the drill results. Drilling on the Blueberry vein intersected up to 3 m of massive pyrrhotite in several holes with local very fine grained visible gold. All samples are assayed by Loring Laboratories of Calgary, Alberta. It is an ISO9001 certified laboratory. All gold assays are analyzed by fire methods which includes gravimetric finishes on the individual samples.

Decade's website has been **updated** to show data for the Bow Claim as well as the areas of surface sampling and diamond drilling. The Company is presently examining financing options in order to carry out a 2014 field program. Contingent on financing, this program would commence in early June, 2014.

Ed. Kruchkowski, P. Geo., a qualified person under National Instrument 43-101, is in charge of the exploration programs on behalf of the Company and is responsible for the contents of this release. E Kruchkowski has conducted all the exploration on behalf of the Company on this property and was responsible for all the logging and sampling.

Decade Resources Ltd. is a Canadian based mineral exploration company actively seeking opportunities in the resource sector. Decade holds numerous properties at various stages of development and exploration from basic grass roots to advanced ones. Its properties and projects are in Northern British Columbia. For a complete listing of the Company assets and developments, visit the Company website at www.decaderesources.ca which is presently being up dated.
