Vancouver, British Columbia--(Newsfile Corp. - September 7, 2021) - **Solution Financial Inc. (TSX: SFI)** (the "**Company**"), a leading provider of luxury automotive and yacht leasing in Western Canada, is pleased to announce that it has received final approval to list its common shares on the Toronto Stock Exchange (the "TSX").

"Graduating to the senior board is an important milestone for our Company," said Bryan Pang, Chief Executive Officer of Solution. "I want to thank our employees and investors who have been so central to our achievements to date. Being a financing company, access to capital is very important. This milestone will help us continue to support our growing network of luxury auto and marine dealerships across BC, Alberta, and most recently in Ontario. For the last three years, we focused on transitioning from a mostly brokerage financing business to supporting our own portfolio of top-performing leased assets, which has grown over 350% since going public in July 2018. This continued strategy provides a strong monthly cash flow and more predictably profitable business evidenced by now ten consecutive profitable quarters. Our goal for the next three years is to continue this growth trajectory by exposing more Canadians to the benefits of our LeaseClub luxury ownership model that is so well aligned for these turbulent times. Enjoy life and luxury, one month at a time!" concluded Bryan.
