Nelson BC

VANCOUVER, B.C., January 12, 2023 – Ximen Mining Corp. (TSX.v: XIM) (FRA: 1XMA) (OTCQB: XXMMF) (the “Company” or “Ximen”) is pleased to announce that the Company has submitted its final responses to the draft environmental permit. The Company will now have a meeting with the Ministry of Environment and Climate Change Strategy to confirm all issues have been concluded. Once we have completed our meeting and the review period has officially concluded the Company expects the final environmental permit will be issued.

Regarding the Mines permit, all the digitized files of the existing historic reports have been submitted. Discussions with the Ministry of Energy, Mines and Low Carbon Innovation for the completion of determining the bond amount and precise boundary of the area of the permit should be finalized within days. The Company then expects to immediately receive a draft permit for review and approval by Ximen.

Communication has been open and timely with all parties, and it is apparent that everyone is working in a best effort to finalize these permits so that Ximen can begin work. Once again, we appreciate our shareholders ongoing patience and support.
