KINGMAN MINERALS LTD.

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended December 31, 2021 and 2020

(Unaudited - Expressed in Canadian Dollars)

1. NATURE AND CONTINUANCE OF OPERATIONS

Kingman Minerals Ltd. (the “Company”) was incorporated under the Business Corporation Act of British Columbia on May 4, 2007 and is listed on the TSX Venture Exchange (“TSX-V”). In April 2020 the Company changed its name from “Astorius Resources Ltd.” to “Kingman Minerals Ltd.” and commenced trading under the symbol KGS. The address of the Company’s corporate office and its principal place of business is 2150 – 555 West Hastings St., Vancouver, British Columbia, V6B 4N6, Canada.

The Company is in the exploration stage and its principal business activity is the sourcing and exploration of mineral properties. The Company is in the process of exploring and evaluating its mineral properties and has not yet determined whether these properties contain ore reserves that are economically recoverable. The recoverability of amounts shown for mineral properties and related capitalized exploration expenditures is dependent upon the discovery of economically recoverable reserves, confirmation of the Company’s interest in the underlying mineral claims, the ability of the Company to obtain necessary financing to complete the development, and upon future profitable production or proceeds from the disposition thereof.

These consolidated interim financial statements do not give effect to adjustments that would be necessary to the carrying amounts and classifications of assets and liabilities should the Company be unable to continue as a going concern. Such adjustments could be material.

The outbreak of the Coronavirus Disease 2019, or COVID-19, has spread across the globe and is impacting worldwide economic activity. This global pandemic poses the risk that the Company or its clients, employees, contractors, suppliers, and other partners may be unable to conduct regular business activities for an indefinite period of time. At this point, the impact on the Company has been minimal. The Company continues to monitor the situation and is taking all necessary precautions in order to follow rules and best practices as set out by the federal and provincial governments.

These financial statements were authorized for issue on February 24, 2022 by the directors of the Company.

2. BASIS OF PREPARATION

a) Statement of compliance

These consolidated interim financial statements are prepared in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”) applicable to the preparation of interim financial statements, including International Accounting Standard (“IAS”) 34, Interim Financial Reporting, and the International Financial Reporting Interpretations Committee (“IFRIC”).

As at and for the three months ended December 31, 2021 and 2020

(Unaudited - Expressed in Canadian Dollars)

2. BASIS OF PREPARATION (continued)**a) Statement of compliance (continued)**

The Company has consistently applied the same accounting policies in its interim financial statements and throughout all periods presented. These consolidated interim financial statements do not contain all of the information required for full annual financial statements. These consolidated interim financial statements for the three months ended December 31, 2021 should be read in conjunction with the annual September 30, 2020 financial statements, which were prepared in accordance with IFRS as issued by the IASB.

b) Going Concern

These consolidated interim financial statements are prepared on a going concern basis, which assumes that the Company will continue its operations for a reasonable period. The Company has incurred losses since its inception and has an accumulated deficit of \$7,835,331 at December 31, 2021; these factors form a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern. The Company's ability to continue its operations and to realize assets at their carrying values is dependent upon obtaining additional financing or maintaining continued support from its shareholders and creditors and generating profitable operations in the future. The Company has been successful in the past in raising funds for operations by issuing shares but there is a material uncertainty which may cast significant doubt about the Company's ability to continue as a going concern. Further discussion of liquidity risk is included in notes 6 and 7.

c) Measurement basis

These consolidated interim financial statements are prepared on the historical cost basis except for certain financial instruments, which are measured at fair value as explained in the accounting policies within Note 3 of the September 30, 2021 financial statements. All amounts are expressed in Canadian dollars unless otherwise stated.

d) Basis of consolidation

These consolidated financial statements include the accounts of the Company and Mohave Ventures Ltd., ("Mohave") its wholly owned subsidiary, in which the Company has control, where control is defined as the power to govern the financial operating policies of an enterprise so as to obtain benefits from its activities.

All intercompany balances and transactions have been eliminated on consolidation.

Details of the Company's subsidiary are as follows:

Name	Place of incorporation	Interest %	Principal activity
Mohave Ventures Ltd. including its Arizona based subsidiary Mohave Ventures Ltd. (USA)	British Columbia, Canada; Arizona, USA	100%	Holding company for the option of the Mohave Project

2. BASIS OF PREPARATION (continued)**e) New Accounting Standards**

The Company has reviewed new and revised accounting pronouncements that have been issued but are not yet effective. The Company has not early adopted any of these standards and is currently evaluating the impact, if any, that these standards might have on its financial statements.

3. MINERAL PROPERTIES

Expenditures on interests in mineral properties are considered exploration and evaluation assets.
