WATER WAYS RECEIVES CAD$770,000 BLUEBERRIES TURNKEY IRRIGATION PROJECT IN CHINA

NOT FOR DISTRIBUTION TO U.S. NEWSWIRE SERVICES OR DISSEMINATION IN THE UNITED STATES

November 10, 2022 – Toronto, Ontario – Water Ways Technologies Inc. (TSXV: WWT) (FRA: WWT) ("**Water Ways**" or the "**Company**"), a global provider of Israeli-based agriculture technology, providing water irrigation solutions to agricultural producers, is pleased to announce that its 73% owned Chinese subsidiary, IRRI-AL TAL (Shanghai) Agriculture Technology Company Ltd. **("IAT (Shanghai)")**, has signed a contract to deliver and install a 30 hectares (74 acres) turnkey blueberries irrigation project in the People's Republic of China. IAT (Shanghai) is expected to deliver and install the project and recognize revenue partially during Q4 of 2022 and partially during Q1 and Q2 of 2023. The total value of the order is approximately CAD$770,000. IAT (Shanghai) signed the contract with a Chinese subsidiary of Driscoll's (the "**Client**"), one of the largest berry growers operating in the world, controlling roughly one-third of the berry market. The Client is a recurring customer of Water Ways having used Water Ways for a successful planning, installation, execution and delivery in 2021 blueberry project (*see press releases dated June 14, 2021 and November 23, 2020)*.

Ohad Haber, Chairman and Chief Executive Officer, commented: ***"I am extremely pleased that we signed a second blueberries contract with a recurring major customer in China and third blueberry project in the region. We continue developing a reputation for being a leader in delivering irrigation systems that are tailor-made for enhancing yield and crop quality for high value crops and especially blueberries."***

Blueberry Irrigation Project

About Water Ways Technologies

Water Ways Technologies Inc., through its subsidiaries, is a global provider of Israeli-based agriculture technology, providing water irrigation solutions to agricultural producers. Water Ways Technologies competes in the global irrigation water systems market with a focus on developing solutions with commercial applications in the micro and precision irrigation segments of the overall market. At present, Water Ways Technologies' main revenue streams are derived from the following business units: (i) Projects Business Unit; and (ii) Component and Equipment Sales Unit. Water Ways Technologies is capitalizing on the opportunities presented by micro and smart irrigation, while also making a positive mark on society by making these technologies more widely available, especially in developing markets such as Africa and Latin America and developed markets such as China and Canada. Water Ways Technologies irrigation projects include vineyards, Cotton fields, Apple and Orange orchards, Blueberry, Medical Cannabis growers, fresh produce cooling rooms and more, in over fifteen countries.
