DURANGO OFFERED ADDITIONAL LAND PACKAGES IN WINDFALL LAKE AREA

Vancouver, BC / TheNewswire / March 24, 2017 – Durango Resources Inc. (TSX.V-DGO) (OTC-ATOXF), (the "**Company**" or "**Durango**") announces that additional properties have been offered to the Company in the Windfall Lake gold camp area for purchase. Company management and consultants are looking at the land packages offered and reviewing the available technical data.

The Windfall Lake gold deposit is located between Val d'Or and Chibougamau in the Abitibi region of Quebec and hosts one of the highest-grade gold resource stage projects in Canada. Last month, $109M dollars in financings were announced by four companies exploring in the area, gaining increased attention for the Windfall Lake gold camp.

Additionally, Durango would also like to provide an update on its Trove Property which lies in a highly favorable area of the Windfall Lake Gold camp and is almost entirely enclosed by Osisko Mining's (TSX-OSK) ground. As previously announced on February 24 and 27, 2017, negotiations are progressing and Durango expects to be providing a detailed update to the market in the near future.

Marcy Kiesman, CEO of Durango stated, "Durango remains a firm believer in the favourable geology in the Windfall Lake Camp and the possibility of the regional gold discoveries being pervasive throughout the region. The Company has been positioned for discovery in the area since 2010 and is working conscientiously to bring additional value to our shareholders as the district heats up."
