DURANGO ANNOUNCES IT WILL RETAIN 100% INTEREST IN STRATEGICALLY POSITIONED TROVE PROPERTY

Vancouver, BC / TheNewswire / September 19, 2018 - Durango Resources Inc. (TSX.V-DGO) (Frankfurt-86A1) (OTCQB-ATOXF), (the "Company" or "Durango") reports that it will continue to hold 100% interest in its Trove Property located in Québec.

The Trove Property is 1,188 hectares in size and is amid the Windfall Lake gold deposit which is one of the highest-grade resource stage gold projects in Canada. The Trove claims are in the Windfall-Urban Gold Camp district of northern Québec surrounded by properties held by Osisko Mining Inc. (TSX-OSK) (“**Osisko**”) and are a direct extension of the south west mineralized trend that BonTerra Resources Inc. (“**Bonterra**”) is exploring on its Gladiator Gold Deposit and Coliseum Gold property.

Marcy Kiesman, President of Durango states, “We are extremely pleased to retain 100% possession of the strategically positioned Trove Property. Durango is grateful to BonTerra for entering into the Trove Option Agreement with Durango in 2017 as it allowed for exploration and drilling on other Durango properties without dilution to shareholders. Durango is also appreciative for BonTerra’s exploration work performed on the Trove and the two-year claim renewal. We wish BonTerra enormous success as they focus on the expansion of their Gladiator Deposit, as Durango remains a large shareholder of BonTerra and will benefit from their continued success.”

On September 11, 2018, BonTerra advised Durango in writing that it will not be proceeding with further exploration activities on the Trove Property. Accordingly, pursuant to the terms of the Option Agreement, Durango will retain its 100% interest in the Trove Property.

To date, pursuant to the terms of the Option Agreement, Durango received cash payments of $300,000 and 3 million common shares of BonTerra satisfying the terms up to and including the first anniversary. Durango currently holds 1.6 million common shares of BonTerra valued at $720,000, (based on the closing trading price of BonTerra’s common shares on the TSX-V as of September 18, 2018).

Further updates will be provided as they become available. The Company would also like to announce the issuance of 650,000 options to directors and consultants exercisable at $0.06 for a period of three years subject to the approval of the TSX Venture Exchange.
