QUANTUM ANNOUNCES NON-BROKERED PRIVATE PLACEMENT

Vancouver, BC – June 19, 2025 – Quantum Critical Metals Corp. (TSX.V: LEAP | OTCQB: ATOXF | FSE: 86A1) (“**Quantum**” or the “**Company**”) announces that the Company intends to undertake a non-brokered private placement financing (the “**Offering**”) to raise gross proceeds of between \$2,000,000 to \$3,000,000 pursuant to the sale of between 20,000,000 to 30,000,000 units (“**Units**”) at a price of \$0.10 per Unit. Each Unit will consist of one common share of the Company (each, a “**Share**”) and one warrant (each, a “**Warrant**”). Each Warrant will entitle the holder to acquire one Share at a price of \$0.20 per Share for a period of 24 months from closing of the Offering.

The Company intends to use the net proceeds from the Offering to fund continued exploration activities on the Company’s properties in British Columbia and Quebec and for general corporate purposes.

The Offering is anticipated to close on or about June 30, 2025, and the Company retains the right to close the Offering in one or more tranches. The closing of the Offering is subject to certain conditions, including the approval of the TSX Venture Exchange (the “**TSXV**”) and certain other conditions customary for a private placement of this nature. All securities issued pursuant to the Offering will be subject to a statutory four month and one day hold period from their date of issue.

The Company may pay a finder’s fee in respect of those purchasers under the Offering introduced to the Company by certain persons in accordance with the policies of, and subject to the approval of, the TSXV.

Certain insiders are expected to participate in the Offering. As a result, the Offering would be considered a “related party transaction” pursuant to Multilateral Instrument 61-101 – *Protection of Minority Security Holders in Special Transactions* (“**MI 61-101**”). The Offering is exempt from the formal valuation and minority shareholder approval requirements of MI 61-101 by the application of Sections 5.5(b) and 5.7(1)(a) of MI 61-101 because the shares trade on the TSXV and the fair market value of insiders’ participation is anticipated to be below 25% of the Company’s market capitalization as calculated for purposes of MI 61-101.

The securities described herein have not been, and will not be, registered under the United States Securities Act of 1933, as amended (the “**U.S. Securities Act**”), or any state securities laws, and accordingly, may not be offered or sold within the United States except in compliance with the registration requirements of the U.S. Securities Act and applicable state securities requirements or pursuant to exemptions therefrom. This press release is not an offer or a solicitation of an offer of securities for sale in the United States, nor will there be any sale of the securities in any jurisdiction in which such offer, solicitation or sale would be unlawful.

Forward-Looking Statements

This news release contains "forward-looking information or statements" within the meaning of applicable securities laws, which may include, without limitation, statements that address Offering and the terms thereof, including the closing date of the Offering, the payment of fees and TSXV approval of the foregoing, the use of proceeds from the Offering and other statements relating to the business, financial and technical prospects of the Company. All statements in this news release, other than statements of historical facts that address events or developments that the Company expects to occur, are forward-looking statements. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results may differ materially from those in the forward-looking statements.

Such forward-looking information reflects the Company's views with respect to future events and is subject to risks, uncertainties and assumptions, including those filed under the Company's profile on SEDAR+ at www.sedarplus.ca. Factors that could cause actual results to differ materially from those in forward-looking statements include, but are not limited to, continued availability of capital and financing and general economic, market or business conditions. The Company does not undertake to update forward-looking statements or forward-looking information, except as required by law.

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
