Right Season Completes Shares for Debt Settlement

July 31, 2024 – Vancouver, British Columbia – Right Season Investments Corp. (TSXV: **LITT**), ("**Right Season**" or the "**Company**") announces that it has completed its previously announced debt settlement pursuant to the terms of a debt settlement agreement with a director of the Company (the "Creditor") dated July 23, 2024 (the "Settlement Agreement") pursuant to which the Company issued the Creditor 37,188 common shares of the Company (each, a "Share" and, collectively, the "Shares") at a deemed price of $0.96 per Share in settlement of $35,700 of outstanding indebtedness (the "Settlement").

The securities issued constitute a Related Party Transaction within the meaning of Multilateral Instrument 61-101 – *Protection of Minority Security Holdings in Special Transactions* ("MI 61-101"). The Company relied on exemptions from the formal valuation and minority approval requirements of MI 61-101 contained in sections 5.5(a) and 5.7(1)(a) of MI 61-101, as neither the fair market value of the Shares, nor the consideration paid for the Shares, exceeded 25% of the Company's market capitalization.

The Company did not file a material change report more than 21 days before the expected closing of the Settlement because the details were not settled until shortly prior to closing of the Settlement and the Company wished to close on an expedited basis for business reasons.
