### **TIMIA Capital Announces First Successful Exit from Revenue Finance Investment**

**VANCOUVER, BC** - TIMIA Capital Corporation (TSX-V:TCA) (“TIMIA” or the “Company”) is pleased to announce that it has completed the first exit from one of its revenue finance investments, Lambda Solutions Inc. (“Lambda”).

The proceeds of this exit, plus monthly payments received over the life of the investment, totalled \$823,000 and represent a 22% annualized IRR on the \$600,000 investment. TIMIA will recognize a net book value gain of \$35,000 on the disposition of this facility.

TIMIA’s investment strategy is to earn significant returns for its shareholders via a combination of steady monthly payments and occasional capital gains when investee companies exit TIMIA’s investment facility.

Lambda was TIMIA’s first revenue finance investment in August, 2015 and has significantly grown its revenue and shareholder value over the past 24 months.

“TIMIA was proud to have been a key investment partner for Lambda Solutions Inc. over the past 24 months,” says Mike Walkinshaw, CEO of TIMIA, “and our investment capital helped the company breakthrough critical milestones.”

TIMIA looks forward to re-deploying the capital into new and existing revenue finance investments in the coming months. This forward looking statement is subject to the forward looking disclaimer contained below.

#### **About TIMIA Capital Corporation**

TIMIA Capital Corporation is a specialty finance company that provides revenue financing to technology companies in exchange for a royalty stream on revenue. The alternative financing option complements both debt and equity financing, while allowing entrepreneurs to retain control of their business.
