

MCW ENERGY GROUP ANNOUNCES SHARES FOR DEBT TRANSACTIONS

Toronto, Canada – May 13, 2016 – MCW Energy Group Limited (“MCW”) (TSXV: MCW, OTCQX: MCWEF), a Canadian holding company involved in the development of environmentally-friendly oil sands technologies and the production of oil from Utah’s vast oil sands deposits, has entered into a shares for debt agreement, pursuant to which MCW will issue an aggregate of 20,000,000 common shares in satisfaction of US\$2,500,000 of indebtedness currently owed pursuant to a US\$5,000,000 promissory note issued in connection with MCW’s acquisition of all of the membership interest of TMC Capital, LLC as more particularly disclosed in MCW’s news release dated September 8, 2015.

In addition, Alex Blyumkin, an officer and director of MCW, has satisfied US\$3,000,000 of indebtedness of MCW to BINBANK pursuant to a loan agreement dated September 18, 2013 (the “**Loan Agreement**”). BINBANK has released MCW from any and all past, present, or future indebtedness in connection with the Loan Agreement. Mr. Blyumkin agreed to assume the obligations under the Loan Agreement in exchange for an unsecured MCW note in the principal amount of US\$3,000,000 bearing interest at a rate of 5% per annum for a term of one year (the “**Note**”). Mr. Blyumkin and MCW have entered into a shares for debt agreement, pursuant to which MCW will issue an aggregate of 30,254,117 common shares in satisfaction of the Note including any accrued and unpaid interest.

MCW determined to satisfy the foregoing indebtedness with common shares in order to preserve its cash for use on its extraction technology in Asphalt Ridge, Utah, and for working capital. The shares will be issued upon acceptance by the TSX Venture Exchange. The common shares issued in satisfaction of the indebtedness will be subject to a four month hold period from the date of issuance.

The transactions with Mr. Blyumkin are “related party transactions” as defined under Multilateral Instrument 61-101 (“**MI 61-101**”). Such transactions are exempt from the formal valuation approval requirements of MI 61-101 as none of the securities of MCW are listed on a prescribed stock exchange. The transactions are exempt from the minority shareholder approval requirements of MI 61-101 as at the time the transactions were agreed to, neither the fair market value of the transactions, nor the fair market value of the consideration for, the transactions, insofar as it involves interested parties, exceeded 25% of MCW’s market capitalization.

About MCW Energy Group Limited

MCW Energy Group Limited is focused on value creation via the development and implementation of (i) proprietary, environmentally-friendly oil sands extraction technologies and remedial tailings ponds project solutions, (ii) expanding production capacities of its now operational oil sands project in Asphalt Ridge, Utah, and (iii) the formulation of worldwide joint ventures and the licensing of oil sand opportunities with private and governmental resource entities within countries possessing extensive oil sands/shale deposits. MCW’s management team is comprised of individuals who have extensive knowledge in both conventional and unconventional oil and gas projects and production, both in upstream and downstream industry sectors.

The information in this news release includes certain information and statements about management's view of future events, expectations, plans and prospects that constitute forward looking statements. These statements are based upon assumptions that are subject to significant risks and uncertainties. Because of these risks and uncertainties and as a result of a variety of factors, the actual results, expectations, achievements or performance may differ materially from those anticipated and indicated by these forward looking statements. Forward-looking statements in this news release, include, but are not limited to, the approval of the foregoing transactions by the TSX Venture Exchange, commercial viability of the technology and the extraction plant, economic performance and future plans and objectives of MCW, and the commercial production of oil from MCW's oil sands extraction plant in Asphalt Ridge, Utah. Any number of important factors could cause actual results to differ materially from these forward-looking statements as well as future results. Although MCW believes that the expectations reflected in forward looking statements are reasonable, they can give no assurances that the expectations of any forward looking statements will prove to be correct. Except as required by law, MCW disclaims any intention and assumes no obligation to update or revise any forward looking statements to reflect actual results, whether as a result of new information, future events, changes in assumptions, changes in factors affecting such forward looking statements or otherwise.

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
