Minsud To Commence Diamond Drilling At The Chita Valley Project, San Juan, Argentina

TORONTO, ONTARIO – Minsud Resources Corp. (TSX-V: MSR) (“Minsud” or the “Company”) announces that in the coming weeks it will complete a 5 hole, 1,000 meter diamond drilling program in the Chita South Porphyry sector of the Chita Valley Project. The program will test targets identified during the systematic multidisciplinary exploration program conducted in the sector in 2013 and more detailed work conducted in the first quarter of 2014. The drill holes are designed to test a substantial zone of potentially mineralized multi-stage vein systems and hydrothermal breccias in the southeastern border zone of the sector. Note that two additional provisional drilling sites are shown in the accompanying diagram.

Mr. Howard Coates, Professional Geoscientist, Director of the Company and a geological consultant, is a qualified person as defined by Canadian National Instrument 43-101. Mr. Coates visited the property and has read and approved the contents of this release.
