These factors are not intended to represent a complete list of the factors that could affect the Corporation; however, these factors should be considered carefully. There may be other risk factors not currently known to the Corporation or that the Corporation currently believes are not material that could also cause actual results and developments to differ materially from those made in or suggested by the forward-looking statements contained in this Prospectus and the documents incorporated by reference herein. Although the forward-looking information contained in this Prospectus, including the documents incorporated by reference herein, is based upon what the Corporation believes are reasonable assumptions in light of information currently available, investors are cautioned against placing undue reliance on this information since actual results may vary from the forward-looking information. Certain assumptions made in preparing the forward-looking information include, without limitation, the absence of material adverse consequences resulting from negative economic conditions, the ability of the Corporation to recruit, train and retain qualified drivers and to retain its major customers, the ability of the Corporation to recover costs associated with fuel price variations from its customers, the ability of the Corporation to comply with environmental laws and regulations at reasonable maintenance costs and capital expenditures and the absence of major changes in environmental laws and regulations having a material adverse effect upon the Corporation, the ability of the Corporation to successfully integrate acquired businesses, the absence of materially adverse claims and litigation and related adverse publicity, and the ability of the Corporation to obtain sufficient insurance coverage at reasonable costs, to limit currency exchange losses, to borrow money at reasonable interest rates and to limit losses related to trade account receivables.

Consequently, all of the forward-looking information contained in this Prospectus, including the documents incorporated by reference herein, is qualified by the foregoing cautionary statements, and there can be no guarantee that the results or developments that the Corporation anticipates will be realized or, even if substantially realized, that they will have the expected consequences or effects on the Corporation's business, financial condition or results of operations. The Corporation does not undertake to update or amend such forward-looking information whether as a result of new information, future events or otherwise, except as may be required by applicable law. Unless otherwise stated, the forward-looking information contained in this Prospectus is made as of the date hereof.

NON-IFRS MEASURES

The information presented in this Prospectus, including certain documents incorporated by reference herein, includes non-IFRS measures such as “adjusted earnings per share (adjusted “EPS”) – basic”, “adjusted EPS – diluted”, “adjusted EBITDA”, “adjusted EBITDA margin”, “adjusted net income”, “adjusted operating ratio”, “free cash flow”, “free cash flow conversion”, “operating margin” and “segmented adjusted EBITDA” that are used by the Corporation as indicators of financial performance. These financial measures do not have standardized meanings prescribed under IFRS or U.S. generally accepted accounting principles and the Corporation’s computation may differ from similarly-named computations as reported by other entities and, accordingly, may not be comparable. These financial measures should not be considered as an alternative to, or more meaningful than, measures of financial performance as determined in accordance with IFRS as an indicator of performance. The Corporation believes these measures may be useful supplemental information to assist investors in assessing its operational performance and its ability to generate cash through operations. The non-IFRS measures also provide investors with insight into the Corporation’s decision-making as it uses these non-IFRS measures to make financial, strategic and operating decisions.

Because non-IFRS measures do not have a standardized meaning and may differ from similarly-named computations as reported by other entities, Canadian securities regulations and policies require that non-IFRS measures be clearly defined and qualified, reconciled with their nearest IFRS measure and given no more prominence than the closest IFRS measure. Such information is presented in the sections dealing with these financial measures in the documents incorporated by reference herein, including our management’s discussion and analysis for the three- and six-month periods ended June 30, 2020. See “Documents Incorporated by Reference” above.

Non-IFRS measures are not audited. They have important limitations as analytical tools and investors are cautioned not to consider them in isolation or place undue reliance on ratios or percentages calculated using non-IFRS measures.

CURRENCY PRESENTATION AND EXCHANGE RATE INFORMATION

We report in Canadian dollars. All references to “CAD \$” or “Canadian dollars” included or incorporated by reference in this Prospectus refer to Canadian dollar values while references to “US \$” are to U.S. dollars. On August 10, 2020, the daily exchange rate as quoted by the Bank of Canada was CAD \$1.00 = US \$0.7488.

ENFORCEMENT OF CIVIL LIABILITIES

TFI International is a corporation incorporated under and governed by the *Canada Business Corporations Act*. Most of the Corporation’s directors and officers reside in Canada, and the majority of the Corporation’s assets and all or a substantial portion of the assets of these persons are located outside the United States.

Directors of the Corporation residing outside of Canada have appointed the Corporation as agent for service of process at the following address: 8801 Trans-Canada Hwy., Suite 500, Saint-Laurent, Québec, Canada H4S 1Z6. Purchasers are advised that it may not be possible for investors to enforce judgments obtained in Canada against any person or company that is incorporated, continued or otherwise organized under the laws of a foreign jurisdiction or that resides outside of Canada, even if the party has appointed an agent for service of process.

The Corporation has appointed an agent for service of process in the United States. It may be difficult for investors who reside in the United States to effect service of process in the United States upon the Corporation, or to enforce a U.S. court judgment predicated upon the civil liability provisions of the U.S. federal securities laws against the Corporation or any of the directors referred to above. There is substantial doubt whether an action could be brought in Canada in the first instance predicated solely upon U.S. federal securities laws.

TFI International filed with the SEC, concurrently with the Registration Statement of which this Prospectus is a part, an appointment of agent for service of process on Form F-X. Under Form F-X, the Corporation appointed Corporation Service Company, 251 Little Falls Drive, County of New Castle, Wilmington, DE U.S.A. 19808 as its agent for service of process in the United States in connection with any investigation or administrative proceeding conducted by the SEC and any civil suit or action brought against or involving TFI International in a United States court arising out of or related to or concerning the offering of securities under this Prospectus.

WHERE YOU CAN FIND MORE INFORMATION

TFI International is subject to the full information requirements of the securities commissions or similar regulatory authorities in all provinces of Canada. Purchasers are invited to read and copy any reports, statements or other information, other than confidential filings, that TFI International files with the Canadian provincial securities commissions or similar regulatory authorities. These filings are also electronically available on SEDAR at www.sedar.com. Except as expressly provided herein, documents filed on SEDAR are not, and should not be considered, part of this Prospectus.

TFI International has filed with the SEC under the U.S. Securities Act the Registration Statement relating to the Securities being offered hereunder, of which this Prospectus forms part. This Prospectus does not contain all of the information set out in the Registration Statement, certain items of which are contained in the exhibits to the Registration Statement as permitted or required by the rules and regulations of the SEC. Items of information omitted from this Prospectus but contained in the Registration Statement will be available on the SEC's website at www.sec.gov.

TFI International is a "foreign private issuer" as defined in Rule 405 under the U.S. Securities Act. As a "foreign private issuer", TFI International is exempt from the rules under the U.S. Exchange Act prescribing the furnishing and content of proxy statements, and TFI International's officers and directors are exempt from the reporting and short swing profit recovery provisions contained in section 16 of the U.S. Exchange Act. TFI International's reports and other information filed or furnished with or to the SEC are available on EDGAR at www.sec.gov as well as from commercial document retrieval services.

THE CORPORATION

The Corporation was incorporated on March 28, 2008 under the *Canada Business Corporations Act* under the name TransForce Inc. The Corporation obtained Articles of Amendment on December 23, 2016 to change its corporate name to TFI International Inc. The head and registered office of the Corporation is at 8801 Trans-Canada Hwy., Suite 500, Saint-Laurent, Québec, Canada H4S 1Z6 and its executive office is at 96 Disco Road, Etobicoke, Ontario, Canada M9W 0A3.

The Corporation was incorporated for the purpose of acquiring all of the issued and outstanding units of TransForce Income Fund (the "**Fund**") and "tracking share units" of TFI Holdings Inc., an indirect subsidiary of the Fund, pursuant to a plan of arrangement under which the Fund was converted into the Corporation. The Corporation, through its subsidiaries, now operates the transportation business formerly operated under the Fund, and the former unitholders of the Fund continue to own, to the extent they have remained shareholders of the Corporation, an economic interest in the business formerly operated by the Fund.

The Fund resulted from the conversion on September 30, 2002 of TransForce Inc. ("**TransForce**"), a corporation incorporated on April 30, 1985 pursuant to the *Companies Act* (Québec), into an income trust. Immediately following the conversion, the Fund, through its subsidiaries, continued to operate the transportation business of TransForce, and the former shareholders of TransForce continued to own, through the Fund, an economic interest in the business of TransForce.

TransForce was incorporated under the name 2320-2351 Québec Inc. Its Articles were amended on October 9, 1985, October 1, 1986, July 22, 1987, October 19, 1987, March 4, 1988, July 5, 1989 and May 30, 1995, in each case changing its share capital. The Articles were also amended on October 1, 1986 to change the corporate name to Groupe Cabano d'Anjou Inc. and on August 7, 1987 to change the corporate name to Cabano Expeditex Inc. On October 19, 1987, Cabano Expeditex Inc. amalgamated with Location Speribel Inc. RISK FACTORS

An investment in the Securities is subject to various risks, including those risks inherent to our business. Prospective purchasers of Securities should carefully consider the risk factors contained in the documents incorporated by reference in this Prospectus (including subsequently-filed documents incorporated herein by reference) including in the risk factors section contained in our most recent AIF and our most recently-filed annual management's discussion and analysis and those described in any Prospectus Supplement relating to a specific offering of Securities. The risks and uncertainties described therein are not the only ones we face. Additional risks and uncertainties, including those of which we are currently unaware or deem immaterial, may adversely affect our business, financial condition or results of operations. Some of the risk factors described herein and in the documents incorporated by reference herein, including the applicable Prospectus Supplement, are interrelated and, consequently, investors should treat such risk factors as a whole. In addition, the following risk factors relate to the Securities qualified by this Prospectus.

There is no existing trading market for Preferred Shares, Subscription Receipts, Warrants, Debt Securities or Units and there can be no assurance that a liquid market will develop or be maintained.

There is no existing trading market for Preferred Shares, Subscription Receipts, Warrants, Debt Securities or Units. As a result, there can be no assurance that a liquid market will develop or be maintained for those Securities, or that a purchaser will be able to sell any of those Securities at a particular time (or at all). The Corporation may not list Preferred Shares, Subscription Receipts, Warrants, Debt Securities or Units on any securities or stock exchange.

Debt Securities may be unsecured debt of the Corporation.

Debt Securities may be unsecured debt of the Corporation and may rank equally in right of payment with all other existing and future unsecured debt of the Corporation. Debt Securities may be subordinated to all existing and future secured debt of the Corporation to the extent of the assets securing such debt. If the Corporation is involved in any bankruptcy, dissolution, liquidation or reorganization, the secured debt holders would, to the extent of the value of the assets securing the secured debt, be paid before the holders of unsecured Debt Securities. In that event, a holder of unsecured Debt Securities may not be able to recover any principal or interest due to it under such Debt Securities.

Our management will have certain discretion concerning the use of proceeds.

The Corporation's management will have certain discretion concerning the use of proceeds of an offering under any Prospectus Supplement as well as the timing of the expenditure of the net proceeds thereof. As a result, investors will be

relying on the judgment of management as to the specific application of the proceeds of any offering of Securities under any Prospectus Supplement. Management may use the net proceeds of any offering of Securities under any Prospectus Supplement in ways that an investor may not consider desirable. The results and effectiveness of the application of the net proceeds are uncertain.

USE OF PROCEEDS

The net proceeds to be derived from the sale of Securities will be the issue price thereof less any commission paid in connection therewith and the expenses relating to the particular offering of Securities. The net proceeds to us from any offering of Securities, the proposed use of those proceeds and the specific business objectives that we wish to accomplish with such proceeds will be set out in the applicable Prospectus Supplement. There may be circumstances where, on the basis of results obtained or for other sound business reasons, a re-allocation of funds may be necessary or prudent. Accordingly, management of the Corporation will have broad discretion in the application of the proceeds of an offering of Securities. The actual amount that the Corporation spends in connection with each intended use of proceeds may vary significantly from the amounts specified in the applicable Prospectus Supplement and will depend on a number of factors, including those referred to under “Risk Factors” and any other factors set out in the applicable Prospectus Supplement. We may invest funds which we do not immediately use. Such investments may include short-term marketable investment grade securities. We may, from time to time, issue securities (including debt securities) other than pursuant to this Prospectus.

Debt Securities will be issued under one or more indentures (each a “**Debt Indenture**”) between the Corporation and a trustee that will be named in the applicable Prospectus Supplement. The Debt Indenture under which any Debt Securities are issued will be specified in the applicable Prospectus Supplement. To the extent applicable, the Debt Indenture will be subject to and governed by the United States *Trust Indenture Act of 1939*, as amended. A copy of the form of the Debt Indenture to be entered into has been or will be filed with the SEC as an exhibit to the Registration Statement and will be filed with the securities commissions or similar authorities in Canada when it is entered into. The statements made hereunder relating to any Debt Indenture and the Debt Securities to be issued thereunder are summaries of certain anticipated provisions thereof and do not purport to be complete and are subject to, and are qualified in their entirety by reference to, all provisions of the applicable Debt Indenture.

Each Debt Indenture may provide that Debt Securities may be issued thereunder up to the aggregate principal amount which may be authorized from time to time by the Corporation. DESCRIPTION OF UNITS

The Corporation may issue Units, separately or together, with other Securities. The applicable Prospectus Supplement will include details of the Units being offered thereunder. As at the date of this Prospectus, the Corporation has no Units outstanding.

Each Unit will be issued so that the holder of the Unit is also the holder of each Security comprising the Unit. Thus, the holder of a Unit will have the rights and obligations of a holder of each Security. The following describes the general terms that will apply to any Units that may be offered by the Corporation pursuant to this Prospectus. The terms and provisions of any Units offered under a Prospectus Supplement may differ from the terms described below, and may not be subject to or contain any or all of the terms described below.

OTHER MATTERS RELATING TO THE SECURITIES

General

The Securities may be issued in fully-registered certificated form or in book-entry only form.

Certificated Form

Securities issued in certificated form will be registered in the name of the purchaser or its nominee on the registers maintained by our transfer agents and registrars or the applicable trustee.

Book-Entry Only Form

Securities issued in “book-entry only” form must be purchased, transferred or redeemed through participants in a depository service of a depository identified in the Prospectus Supplement for the particular offering of Securities. Each of the underwriters, dealers or agents, as the case may be, named in the Prospectus Supplement will be a participant of the depository. On the closing of a book-entry only offering, we will cause a global certificate or certificates or an electronic deposit representing the aggregate number of Securities subscribed for under such offering to be delivered to or deposited with, and registered in the name of, the depository or its nominee. Except as described below, no purchaser of Securities will be entitled to a certificate or other instrument from us or the depository evidencing that purchaser’s ownership thereof, and no purchaser will be shown on the records maintained by the depository except through a book-entry account of a participant acting on behalf of such purchaser. Each purchaser of Securities will receive a customer confirmation of purchase from the registered dealer from which the Securities are purchased in accordance with the practices and procedures of such registered dealer. The practices of registered dealers may vary, but generally customer confirmations are issued promptly after execution of a customer order. The depository will be responsible for establishing and maintaining book-entry accounts for its participants having interests in the Securities.

If we determine, or the depository notifies us in writing, that the depository is no longer willing or able to discharge properly its responsibilities as depository with respect to the Securities and we are unable to locate a qualified successor, or if we at our option elect, or are required by law, to terminate the book-entry system, then the Securities will be issued in certificated form to holders or their nominees.

Transfer, Conversion or Redemption of Securities

Certificated Form

Transfer of ownership, conversion or redemptions of Securities held in certificated form will be effected by the registered holder of the Securities in accordance with the requirements of our transfer agents and registrars and the terms of the agreement, indenture or certificates representing such Securities, as applicable.

Book-Entry Only Form

Transfer of ownership, conversion or redemptions of Securities held in book-entry only form will be effected through records maintained by the depository or its nominee for such Securities with respect to interests of participants, and on the records of participants with respect to interests of persons other than participants. Holders who desire to purchase, sell or otherwise transfer ownership of or other interests in the Securities may do so only through participants. The ability of a holder to pledge a Security held in book-entry only form or otherwise take action with respect to such holder’s interest in a Security (other than through a participant) may be limited due to the lack of a physical certificate.

Payments and Notices

Certificated Form

Any payment of principal, a redemption amount, a dividend or interest (as applicable) on a Security will be made by us, and any notices in respect of a Security will be given by us, directly to the registered holder of such Security, unless the applicable agreement, indenture or certificate in respect of such Security provides otherwise.

Book-Entry Only Form

Any payment of principal, a redemption amount, a dividend or interest (as applicable) on a Security will be made by us to the depository or its nominee, as the case may be, as the registered holder of the Security and we understand that such payments will be credited by the depository or its nominee in the appropriate amounts to the relevant participants. Payments to holders of Securities of amounts so credited will be the responsibility of the participants.

As long as the depository or its nominee is the registered holder of the Securities, the depository or its nominee, as the case may be, will be considered the sole owner of the Securities for the purposes of receiving notices or payments on the Securities. In such circumstances, our responsibility and liability in respect of notices or payments on the Securities is limited to giving or making payment of any principal, redemption amount, dividend or interest (as applicable) due on the Securities to the depository or its nominee.

Each holder must rely on the procedures of the depository and, if such holder is not a participant, on the procedures of the participant through which such holder owns its interest, to exercise any rights with respect to the Securities.

We understand that under existing industry practices, if we request any action of holders or if a holder desires to give any notice or take any action which a registered holder is entitled to give or take with respect to any Securities issued in book-entry only form, the depository would authorize the participant acting on behalf of the holder to give such notice or to take such action, in accordance with the procedures established by the depository or agreed to from time to time by us, any trustee and the depository. Accordingly, any holder of a Security held in book-entry only form that is not a participant must rely on the contractual arrangement it has directly or indirectly through its financial intermediary with its participant to give such notice or take such action.

We, the underwriters, dealers or agents and any trustee identified in a Prospectus Supplement relating to an offering of Securities in book-entry only form, as applicable, will not have any liability or responsibility for: (i) records maintained by the depository relating to beneficial ownership interest of the Securities held by the depository or the book-entry accounts maintained by the depository; (ii) maintaining, supervising or reviewing any records relating to any such beneficial ownership; or (iii) any advice or representation made by or with respect to the depository and contained in any indenture relating to the rules and regulations of the depository or any action to be taken by the depository or at the directions of the participants.

PLAN OF DISTRIBUTION

We may sell the Securities: (i) to underwriters or dealers purchasing as principal; (ii) directly to one or more purchasers; or (iii) through underwriters, dealers or agents, in all cases for cash or other consideration. Only those underwriters, dealers or agents named in a Prospectus Supplement will be the underwriters, dealers or agents in connection with the Securities offered thereby.

The Prospectus Supplement relating to a particular offering of Securities will also set out the terms of the offering of the Securities including, to the extent applicable: (i) the name or names of any underwriters, dealers or agents; (ii) any fees, discounts, commissions or other compensation payable to such underwriters, dealers or agents in connection with the offering; (iii) a description of services to be provided by underwriters, dealers or agents in relation to the offering; (iv) the method of distribution of the Securities; and (v) in the event the offering is a fixed-price distribution, the initial offering price and the proceeds that we will receive. The distribution of Securities may be effected from time to time in one or more transactions at fixed prices or at market prices prevailing at the time of sale, which prices may vary between purchasers and during the period of distribution of the Securities, including sales in transactions that are deemed to be “at-the-market distributions” in accordance with National Instrument 44-102 - *Shelf Distributions* (described below). Any public offering price and any discounts or concessions allowed or reallocated or paid to underwriters, dealers or agents may be changed from time to time.

If underwriters purchase Securities as principal, the Securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The obligations of the underwriters to purchase those Securities will be subject to certain conditions precedent, and the underwriters will be obligated to purchase all the Securities offered by the Prospectus Supplement if any of such Securities are purchased.

The Securities may also be sold directly by us at prices and upon terms agreed to by the purchaser and us or through underwriters, dealers or agents designated by us from time to time. Any underwriter, dealer or agent involved in the offering and sale of the Securities pursuant to this Prospectus will be named, and any commissions or fees payable by us to that underwriter, dealer or agent will be set out, in the applicable Prospectus Supplement.

Underwriters, dealers and agents who participate in the distribution of the Securities may be entitled under agreements to be entered into with the Corporation to indemnification by the Corporation against certain liabilities, including liabilities under securities legislation, or to contribution with respect to payments that they may be required to make in respect thereof. Such underwriters, dealers and agents may engage in transactions with, or perform services for, the Corporation in the ordinary course of business.

Underwriters, dealers or agents may make sales in privately-negotiated transactions and/or any other method permitted by law, including sales deemed to be an “at-the-market distribution” as defined in and subject to limitations imposed by applicable securities laws which includes sales made directly on an existing trading market for our Common Shares, or sales made to or through a market maker other than on an exchange. In connection with any offering of Securities, except with

respect to “at-the-market distributions”, underwriters may over-allot or effect transactions which stabilize or maintain the market price of the Securities offered at a level above that which might otherwise prevail in the open market. Such transactions may be commenced, interrupted or discontinued at any time. No underwriter, dealer or agent involved in an “at-the-market distribution”, as defined under applicable Canadian securities legislation, no affiliate of such an underwriter, dealer or agent and no person or company acting jointly or in concert with such an underwriter, dealer or agent will over-allot Securities in connection with such distribution or effect any other transactions that are intended to stabilize or maintain the market price of the Securities. The Corporation intends to submit an application with applicable Canadian securities regulatory authorities for exemptive relief if and when it determines to proceed with an “at-the-market distribution” in Canada. Such application will include the specific terms of the proposed “at-the-market distribution”. The Corporation will not complete an “at-the-market distribution” in Canada without first obtaining such exemptive relief.

Unless a Prospectus Supplement provides otherwise, any offering of Preferred Shares, Subscription Receipts, Warrants, Debt Securities or Units will be a new issue of Securities with no established trading market, and unless otherwise specified in the applicable Prospectus Supplement, such Securities will not be listed on any securities or stock exchange. **There is no market through which Preferred Shares, Subscription Receipts, Warrants, Debt Securities or Units may be sold and purchasers may not be able to resell such Securities purchased under this Prospectus or any Prospectus Supplement. This may affect the pricing of such Securities in the secondary market, the transparency and availability of trading prices, the liquidity of Preferred Shares, Subscription Receipts, Warrants, Debt Securities or Units, and the extent of issuer regulation. See “Risk Factors”.** Certain dealers may make a market in the Preferred Shares, Subscription Receipts, Warrants, Debt Securities or Units, but will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given that any dealer will make a market in such Securities nor as to the liquidity of the trading market, if any, for such Securities.

This Prospectus does not qualify any securities that would be “specified derivatives” as defined in National Instrument 44-102 - *Shelf Distributions*.

CERTAIN INCOME TAX CONSIDERATIONS

Applicable Prospectus Supplements may describe certain Canadian and United States federal income tax consequences generally applicable to investors arising from purchasing, holding, and disposing of Securities. However, prospective purchasers of Securities are cautioned and advised to consult with their own independent tax advisors and legal counsel as necessary prior to purchasing Securities.

PURCHASERS’ STATUTORY RIGHTS

Unless provided otherwise in a Prospectus Supplement, the following is a description of a purchaser’s statutory rights. Securities legislation in certain of the provinces of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment. In several of the provinces, the securities legislation further provides a purchaser with remedies for rescission, or in some jurisdictions, revisions of the price or damages if the prospectus or any amendment contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission, revision of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser’s province. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser’s province for the particulars of these rights or consult with a legal advisor.

In an offering of convertible, exchangeable or exercisable Securities, investors are cautioned that the statutory right of action for damages for a misrepresentation contained in a prospectus is limited, in certain provincial securities legislation, to the price at which the convertible, exchangeable or exercisable Securities is offered to the public under the prospectus offering. This means that, under the securities legislation of certain provinces, if the purchaser pays additional amounts upon conversion, exchange or exercise of the security, those amounts may not be recoverable under the statutory right of action for damages that applies in those provinces. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser’s province for the particulars of this right of action for damages or consult with a legal advisor.

PURCHASERS' CONTRACTUAL RIGHTS OF RESCISSION

Original purchasers of Subscription Receipts, Warrants or convertible Debt Securities (or Units comprised of any such Securities) will have a contractual right of rescission against us in respect of the conversion, exchange or exercise of such Securities. The contractual right of rescission will entitle such original purchasers to receive the amount paid upon conversion, exchange or exercise, as well as the amount paid for the original Security, upon surrender of the underlying securities acquired thereby, in the event that this Prospectus (as supplemented or amended) contains a misrepresentation, provided that: (i) the conversion, exchange or exercise takes place within 180 days of the date of the purchase of the Subscription Receipts, Warrants or convertible Debt Securities (or Units comprised of any such Securities), as the case may be, under this Prospectus; and (ii) the right of rescission is exercised within 180 days of the date of the purchase of the Subscription Receipts, Warrants or convertible Debt Securities (or Units comprised of any such Securities), as the case may be, under this Prospectus.

Original purchasers of Subscription Receipts, Warrants or convertible Debt Securities (or Units comprised of any such Securities) are further advised that in certain provinces the statutory right of action for damages in connection with a prospectus misrepresentation is limited to the amount paid for the convertible, exchangeable or exercisable security that was purchased under a prospectus, and therefore a further payment at the time of conversion, exchange or exercise may not be recoverable in a statutory action for damages. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights, or consult with a legal advisor.
