

Treasury Metals Fast-Tracks Drilling with Additional Rig at Goliath Gold Project in northwestern Ontario

TSX:TML

TORONTO, Feb. 12, 2015 /CNW/ - Treasury Metals Inc. (TSX: TML) is pleased to announce it has added a second diamond drill to accelerate Phase II of the exploration program commenced in late November 2014 at its Goliath Gold Project in northwestern Ontario (see press release November 20, 2014).

The additional drill will focus on the in-fill of the Central high-grade shoot, while the initial drill will continue the program in the Western Main Zone and the new high-grade shoot in the C Zone, the least drilled areas of the deposit.

Treasury Metals will continue to provide drill results from the program as they become available.
