

Tinkerine enters Reseller Partnership with Kansas City Audio Visual Inc.

July 6, 2021 - Tinkerine™ Studios Ltd. (TSXV: TTD) ("Tinkerine" or the "Company") announces it has signed a reseller partnership agreement with Kansas City Audio Visual Inc. ("KCAV"), one of the largest audio / visual suppliers in the midwestern United States. KCAV is headquartered in Kansas City, Missouri, and has additional locations in Iowa, Nebraska, and Kansas. KCAV supports active learning, with customizable and flexible classroom and training environments.

Welcomes

KCAV will act as a reseller of Tinkerine's education leading 3D printing product and services in the state of Missouri USA. The partnership provides the potential for Tinkerine to increase its geographic reach in terms of sales and marketing.

KCAV had been seeking a 3D printer partner to complement the product and services portfolio it provides to its educational customers in the USA.

"We are delighted to be partnering with KCAV to bring 3D printing solutions focused on education to their customers. The partnership plays an integral part in Tinkerine's strategy to offer 3D printing solutions and platforms to additional customers and broader markets." Eugene Suyu, Cofounder and CEO of Tinkerine states. "At Tinkerine we want to ensure that our products are able to create a future with infinite possibilities, and education is the core and where it all starts."

About Kansas City Audio Visual

Kansas City Audio-Visual (KCAV) was founded in 1953 by Mickey Adler, who offered his clients innovative solutions of the time; dictating machines, opaque projectors, and overhead projectors. Today, KCAV remains family-owned and run by Jerry & Lisa Bernard, Mickey's son-in-law and daughter. And while technology has changed since 1953, KCAV's commitment to the customer has not. At KCAV, we are committed to integrity at the core of everything we do; innovative, reliable solutions that help our customers succeed, and long-term relationships based on trust, proactive communication, and high-quality service. In 2018, KCAV acquired Engaging Technologies, a family-owned audio-visual technology company based in Omaha, further expanding KCAV's footprint into Nebraska and Iowa. Now, over sixty-five years later, KCAV is one of the largest suppliers of audio-visual technologies in the Midwest.

About Tinkerine

Our mission is to provide a foundational understanding about Applied Design driven by 3D printing. Our ecosystem of 3D printing products and educational resources equips future generations with the innovative tools and products to stay ahead in a fast-paced, tech-driven world. Tinkerine enables the curious to convert creative ideas into the tangible and the unimaginable. All Tinkerine 3D printers and education services are designed and manufactured in Canada.
