PROSPECTUS SUMMARY

The following is a summary of the principal features of this distribution and should be read together with the more detailed information and financial data and statements contained elsewhere in this prospectus.

Business of the Corporation: The principal business of the Corporation will be the identification and evaluation of assets or businesses with a view to completing a Qualifying Transaction. The Corporation has not commenced commercial operations and has no assets other than a minimal amount of cash. The Corporation has not identified any potential acquisitions. An acquisition financed by the issuance of Common Shares could result in a change in control of the Corporation and may cause the shareholders' interests in the Corporation to be diluted. See "Business of the Corporation" and "Dilution".

Offering: 2,000,000 Common Shares are being offered under this prospectus at a price of \$0.10 per Common Share. In addition, the Corporation will grant to the Agent the Agent's Option to purchase up to 200,000 Common Shares at an exercise price of \$0.10 per Common Share which will be exercisable for a period of 24 months from the date of listing of the Common Shares on the Exchange. The grant of the Agent's Option is qualified under this prospectus. The Corporation has also granted options to purchase an aggregate of 900,000 Common Shares to directors and officers under the Corporation's share option plan. The grant of all of these stock options is also qualified under this prospectus. See "Options to Purchase Securities".

Use of Proceeds: The net proceeds of this Offering in the aggregate amount of \$840,000, together with the proceeds from the prior sales of Common Shares will be used to provide the Corporation with a minimum of funds with which to identify and evaluate assets or businesses for acquisition with a view to completing a Qualifying Transaction. The Corporation may not have sufficient funds to secure such businesses or assets once identified and evaluated and additional funds may be required. Until Completion of the Qualifying Transaction and except as otherwise provided in the CPC Policy, a maximum of the lesser of 30% of the gross proceeds realized or \$210,000 may be used for purposes other than evaluating businesses or assets. See "Use of Proceeds", "Business of the Corporation" and "Risk Factors".

Management and Directors:	Ian P. Slater	President, Chief Executive Officer, Chief Financial Officer and Director
	Jay Sujir	- Director
	Paul Bushell	- Director
	Jeffrey Mason	- Director

Escrowed Securities: 10,400,000 of the currently issued and outstanding Common Shares of the Corporation have been deposited in escrow pursuant to the terms of

an Escrow Agreement and will be released from escrow in stages over a period of up to three years after the date of the Final Exchange Bulletin. See "Escrowed Securities".

Risk Factors:

Investment in the Common Shares must be regarded as highly speculative due to the proposed nature of the Corporation's business and its present stage of development. The Corporation was only recently incorporated and has no active business or assets other than cash. It does not have a history of earnings, nor has it paid any dividends and will not generate earnings or pay dividends until at least after the Completion of the Qualifying Transaction. **The Offering is only suitable to investors who are prepared to rely entirely on the directors and management of the Corporation and can afford to risk the loss of their entire investment.** The directors and officers of the Corporation will only devote part of their time and attention to the affairs of the Corporation and there are potential conflicts of interest to which some of the directors and officers of the Corporation will be subject in connection with the operations of the Corporation. Assuming completion of the Offering, an investor will suffer an immediate dilution on investment of 32% or \$0.032 per Common Share based on the gross proceeds of this Offering and prior issues, before deduction of selling commissions or related expenses of the Offering. There can be no assurance that an active and liquid market for the Corporation's Common Shares will develop and an investor may find it difficult to resell the Common Shares. Until Completion of the Qualifying Transaction, the Corporation will not carry on any business other than the identification and evaluation of assets or businesses with a view to completing a Qualifying Transaction. The Corporation has only limited funds with which to identify and evaluate possible Qualifying Transactions and there can be no assurance that the Corporation will be able to identify or complete a suitable Qualifying Transaction.

The Qualifying Transaction may involve the acquisition of a business or assets located outside of Canada. It may therefore be difficult or impossible to effect service or notice to commence legal proceedings upon any directors, officers and experts outside of Canada and it may not be possible to enforce against such persons or companies judgments obtained in Canadian courts predicated upon the civil liability provisions applicable to securities laws in Canada. See "Business of the Corporation", "Directors, Officers and Promoters", "Capitalization", "Dilution", "Risk Factors" and "Conflicts of Interest".

THE CORPORATION

The Corporation was incorporated on June 5, 2008 by Certificate of Incorporation issued pursuant to the provisions of the *Business Corporations Act* (British Columbia) under the name "Slater Mining Corporation."

The head office and the registered office of the Corporation is located at Suite 1600, 609 Granville Street, Vancouver, British Columbia, V7Y 1C3.

BUSINESS OF THE CORPORATION

Preliminary Expenses

Other than \$2,500 paid to the Agent as an advance retainer covering part of the Agent's legal fees and out of pocket expenses, Exchange filing fees of \$5,250 and professional fees in the amount of \$10,000, the Corporation has not incurred any expenses to date in proceeding with the Offering. However, certain of the Offering proceeds will be utilized to satisfy the obligations of the Corporation related to the Offering, including the expenses of its auditor, legal expenses and the Agent's legal counsel. See "Use of Proceeds".

Proposed Operations until Completion of a Qualifying Transaction

The Corporation proposes to identify and evaluate businesses and assets with a view to completing a Qualifying Transaction. Any proposed Qualifying Transaction must be accepted by the Exchange and in the case of a Non Arm's Length Qualifying Transaction is also subject to Majority of the Minority Approval in accordance with the CPC Policy. The Corporation has not conducted commercial operations. The Corporation currently intends to pursue a Qualifying Transaction in a resource sector but there is no assurance that this will, in fact, be the business sector of a proposed Qualifying Transaction or of the Corporation following the Completion of the Qualifying Transaction.

Until Completion of a Qualifying Transaction, the Corporation will not carry on any business other than the identification and evaluation of businesses or assets with a view to completing a potential Qualifying Transaction. With the consent of the Exchange, this may include the raising of additional funds in order to finance an acquisition. Except as described under "Private Placement for Cash" and "Restrictions on Use of Proceeds", the funds raised pursuant to this Offering and any subsequent financing will be utilized only for the identification and evaluation of potential Qualifying Transactions and not for any deposit, loan or direct investment in a potential acquisition.

The Corporation has not yet entered into an Agreement in Principle.

Method of Financing

The Corporation may use cash, bank financing, the issuance of treasury shares, public debt or equity financing or a combination of these for the purpose of financing its proposed Qualifying Transaction. **A Qualifying Transaction financed by the issue of treasury shares could result in a change in the control of the Corporation and may cause the shareholders' interest in the Corporation to be further diluted.**

Criteria for a Qualifying Transaction

The Corporation will consider acquisitions of assets or businesses operated or located both inside and outside of Canada, as permitted by the CPC Policy. All potential acquisitions will be screened initially by

management of the Corporation to determine their economic viability. Approval of acquisitions will be made by the board of directors. The board of directors will examine proposed acquisitions having regard to sound business fundamentals, utilizing the expertise and experience of the directors. The board of directors of the Corporation must approve any proposed Qualifying Transaction. In exercising their powers and discharging their duties in relation to a proposed Qualifying Transaction, the directors will act honestly and in good faith with a view to the best interests of the Corporation and will exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

Filings and Shareholder Approval of a Non Arm's Length Qualifying Transaction

Upon the Corporation reaching an Agreement in Principle, the Corporation must issue a comprehensive news release, at which time the Exchange generally will halt trading in the Corporation's Common Shares until the filing requirements of the Exchange have been satisfied as set forth under "Trading Halts, Suspensions and Delisting". Within 75 days after issuance of such news release, the Corporation shall be required to submit for review to the Exchange either an information circular that complies with applicable corporate and securities laws or a filing statement that complies with Exchange requirements. An information circular must be submitted where there is a Non Arm's Length Qualifying Transaction. A filing statement must be submitted where the Qualifying Transaction is not a Non Arm's Length Qualifying Transaction. The information circular or filing statement, as applicable, must contain prospectus level disclosure of the Target Company and the Corporation, assuming Completion of the Qualifying Transaction, and be prepared in accordance with the CPC Policy and Form 3B1 or Form 3B2, as the case may be, of the Exchange. Upon acceptance by the Exchange, the Corporation must then either:

1. file the filing statement on SEDAR at least seven business days prior to closing of the Qualifying Transaction, and issue a news release which discloses the scheduled closing date for the Qualifying Transaction as well as the fact that the filing statement is available on SEDAR; or
2. mail the information circular and related proxy material to its shareholders in order to obtain the Majority of the Minority Approval of the Qualifying Transaction or other requisite approval, at a meeting of shareholders.

Unless waived by the Exchange, the Corporation will also be required to retain a Sponsor, who must be a Member of the Exchange, and who will be required to submit to the Exchange a Sponsor Report prepared in accordance with the policies of the Exchange. The Corporation will no longer be considered to be a CPC upon the Exchange having issued the Final Exchange Bulletin. The Exchange will generally not issue the Final Exchange Bulletin until the Exchange has received:

1. in the case of a Non Arm's Length Qualifying Transaction, confirmation of Majority of Minority Approval of the Qualifying Transaction;
2. confirmation of closing of the Qualifying Transaction; and
3. all post-meeting or final documentation, as applicable, otherwise required to be filed with the Exchange pursuant to the CPC Policy.

Upon issuance of the Final Exchange Bulletin, the CPC Policy will generally cease to apply, with the exception of the escrow provisions of the CPC Policy and the restrictions in the CPC Policy precluding the Corporation from completing a reverse takeover for a period of one year from the Completion of the Qualifying Transaction.

Minimum Listing Requirements

The Resulting Issuer must satisfy the Exchange's Minimum Listing Requirements for the particular industry sector in either Tier 1 or Tier 2 as prescribed under the applicable policies of the Exchange.

Trading Halts, Suspensions and Delisting

The Exchange will generally halt trading in the Common Shares from the date of the public announcement of an Agreement in Principle until all filing requirements of the Exchange have been satisfied, which includes the submission of a Sponsorship Acknowledgment Form where the Qualifying Transaction is subject to sponsorship. In addition, personal information forms, or, if applicable, declarations for all individuals who may be directors, senior officers, Promoters, or Insiders of the Resulting Issuer must be filed with the Exchange and any preliminary background searches that the Exchange considers necessary or advisable must also be completed before the trading halt will be lifted by the Exchange.

Even if all filing requirements have been satisfied and preliminary background checks completed, the Exchange may continue or reinstate a halt in trading of the Common Shares for public policy reasons including:

1. the unacceptable nature of the business of the Resulting Issuer; or
2. the number of conditions precedent to, or the nature and number of deficiencies required to be resolved prior to, completion of the Qualifying Transaction, are so significant or numerous as to make it appear to the Exchange that the halt should be reinstated or continued.

A trading halt may also be imposed by the Exchange where the Corporation fails to file the supporting documents relating to the Qualifying Transaction within a period of 75 days after public announcement of the Agreement in Principle or if the Corporation fails to file post-meeting or final documents, as applicable, within the time required. A trading halt may also be imposed if a Sponsor terminates its sponsorship.

The Exchange may suspend from trading or delist the Common Shares of the Corporation where the Exchange has not issued a Final Exchange Bulletin to the Corporation within 24 months of the date of listing. In the event that the Common Shares of the Corporation are delisted by the Exchange, within 90 days from the date of such delisting, the Corporation shall wind up and shall make a pro rata distribution of its remaining assets to its shareholders, unless shareholders, pursuant to a majority vote exclusive of the votes of Non Arm's Length Parties to the Corporation, determine to deal with the issuer or its remaining assets in some other manner. See "Filings and Shareholder Approval of a Non Arm's Length Qualifying Transaction."

 - (a) a Member firm of the Exchange;

(b) registrants, unregistered corporate finance professionals, employee shareholders and partners of such Member firm; and

3. the Resulting Issuer will be a financial institution, finance company, finance issuer or mutual fund, as defined in the securities legislation;
4. the majority of the directors and senior officers of the Resulting Issuer are not residents of Canada or the United States or are individuals who have not demonstrated positive association as directors or officers with public companies that are subject to a regulatory regime comparable to the companies listed on a Canadian exchange;
5. notwithstanding the definition of a Qualifying Transaction, there is any other reason for denying acceptance of the Qualifying Transaction.

The proceeds from this Offering and any prior sale of Common Shares, after deducting the expenses associated with this Offering, will only be sufficient to identify and evaluate a finite number of assets and businesses, and additional funds may be required to finance any acquisition to which the Corporation may commit.

Until the Completion of the Qualifying Transaction and except as otherwise specifically provided by the CPC Policy and described in "Restrictions on Use of Proceeds", "Private Placements for Cash", and "Prohibited Payments to Non Arm's Length Parties", the gross proceeds realized from the sale of all securities issued by the Corporation will be used by the Corporation only to identify and evaluate businesses or assets and obtain shareholder approval for a proposed Qualifying Transaction.

days prior to the date of such advance, due diligence with respect to the Qualifying Transaction is well underway and either a Sponsor has been engaged or sponsorship has been waived. A maximum aggregate amount of \$25,000 may also be advanced as a non-refundable deposit, unsecured deposit or advance to a Vendor or Target Company, as the case may be, to preserve assets without the prior acceptance of the Exchange.

Restrictions on Use of Proceeds

Until Completion of a Qualifying Transaction, not more than the lesser of 30% of the gross proceeds from the sale of all securities issued by the Corporation or \$210,000, will be used for purposes other than those described above. For greater certainty, expenditures which are not included as "Permitted Uses of Funds", listed above, include:

1. listing and filing fees (including SEDAR fees);
2. other costs for the issuance of securities (including legal, accounting and audit expenses) relating to the preparation and filing of this prospectus; and

No proceeds will be used to acquire or lease a vehicle.

Private Placements for Cash

After the closing of the Offering and until the Completion of the Qualifying Transaction, the Corporation will not issue any securities unless written acceptance of the Exchange is obtained before issuance. Prior to the Completion of a Qualifying Transaction, the Exchange generally will not accept a private placement by the Corporation where the gross proceeds raised from the issuance of securities both prior to and pursuant to the Offering, together with any proceeds anticipated to be raised upon closing of the private placement, will exceed \$2,000,000. The only securities issuable pursuant to such a private placement will be Common Shares. Subject to certain limited exceptions, any Common Shares issued pursuant to the private placement to Non Arm's Length Parties to the Corporation and to Principals of the Resulting Issuer will be subject to escrow.

Prohibited Payments to Non Arm's Length Parties

Except as described under "Options to Purchase Securities" and "Restrictions on Use of Proceeds", the Corporation has not made, and until the Completion of the Qualifying Transaction will not make, any payment of any kind, directly or indirectly, to a Non Arm's Length Party to the Corporation or a Non Arm's Length Party to the Qualifying Transaction, or to a person engaged in investor relations activities, by any means, including:

1. remuneration, which includes but is not limited to salaries, consulting fees, management contract fees or directors' fees, finders' fees, loans, advances and bonuses; and

2. deposits and similar payments.

Further, no such payment will be made on or after the Completion of a Qualifying Transaction if such payment relates to services rendered or obligations incurred prior to or in connection with the Qualifying Transaction.

Notwithstanding the above, the Corporation may reimburse a Non Arm's Length Party to the Corporation for reasonable expenses for office supplies, office rent and related utilities, equipment leases (excluding vehicle leases), and legal services (provided that neither the lawyer providing the legal services nor any member of the law firm providing the services is a Promoter of the Corporation or in the case of a law firm, no member of the firm owns greater than 10% of the outstanding Common Shares of the Corporation), and the Corporation may also reimburse a Non Arm's Length Party to the Corporation for reasonable out-of-pocket expenses incurred in pursuing the business of the Corporation described in "Permitted Use of Funds".

The foregoing restrictions on the use of proceeds and prohibitions on payments to Non Arm's Length Parties and persons engaged in investor relations activities continue to apply until the Completion of the Qualifying Transaction.

Agency Agreement and Agent's Compensation

Pursuant to the Agency Agreement dated ♦, 2008 between the Corporation and the Agent, the Corporation has appointed the Agent as its agent to offer for sale on a best efforts basis to the public 2,000,000 Common Shares at a price of \$0.10 per Common Share for gross proceeds of \$200,000 subject to the terms and conditions in the Agency Agreement. The Agent will receive a cash commission of 10% of the aggregate gross proceeds from the sale of the Common Shares. Additionally, a corporate finance fee of \$15,000 plus GST is payable to the Agent on closing of the Offering. The Agent has been paid an expense retainer of \$2,500 and the Agent will be reimbursed by the Corporation for its expenses, including legal fees.

The Corporation has also agreed to grant to the Agent a non-transferable Agent's Option to purchase up to 200,000 Common Shares representing 10% of the aggregate number of Common Shares offered to the public at an exercise price of \$0.10 per Common Share, which may be exercised for a period of 24 months from the date the Common Shares of the Corporation are listed on the Exchange. All of the Agent's Option is qualified under this prospectus. Not more than 50% of the Common Shares received on the exercise of the Agent's Option may be sold by the Agent prior to the Completion of the Qualifying Transaction. The remaining 50% may be sold after the Completion of the Qualifying Transaction. The Agent has agreed to use its best efforts to secure subscriptions for the Common Shares offered hereunder on behalf of the Corporation and may make co-brokerage arrangements with other investment dealers at no additional cost to the Corporation. The obligations of the Agent under the Agency Agreement may be terminated at its discretion on the basis of its assessment of the state of financial markets and may also be terminated on the occurrence of certain events as stated in the Agency Agreement.

Best Efforts Offering and Minimum Distribution

The total Offering consists of 2,000,000 Common Shares for total gross proceeds of \$200,000. Under the CPC Policy, no purchaser of the Common Shares is permitted to purchase more than 2% or 40,000 Common Shares sold under the Offering. In addition, the maximum number of Common Shares permitted to be purchased by that purchaser together with any Associates or Affiliates of that purchaser is 4% or 80,000 Common Shares sold under the Offering. The funds received from the Offering will be deposited with the Agent, and will not be released until minimum Offering gross proceeds of \$200,000

have been deposited and the Agent consents to the release thereof. The total subscription of \$200,000 must be raised within 90 days of the date a receipt for the final prospectus is issued, or such other time as may be consented to by the Agent and persons or companies who subscribed within that period, failing which the Agent will remit the funds collected to the original subscribers without interest or deduction, unless subscribers have otherwise instructed the Agent.

Upon completion of the Offering, the Corporation must have a minimum of 200 shareholders with each shareholder beneficially owning at least 1,000 Common Shares free of resale restrictions, exclusive of any Common Shares held by Non Arm's Length Parties to the Corporation.

Other Securities to be Distributed

The Corporation also proposes to grant options to purchase 900,000 Common Shares to directors and officers of the Corporation in accordance with the policies of the Exchange. The grant of all of these options to the directors and officers of the Corporation is qualified for distribution under this prospectus.

Determination of Price

The Offering price of the Common Shares hereunder was determined by negotiation between the Corporation and the Agent.

Listing Application

The Corporation has applied to list its Common Shares on the Exchange. Listing is subject to the Corporation fulfilling all of the listing requirements of the Exchange.

Subscriptions by and Restrictions on the Agent

All subscriptions by any member of the Aggregate Pro Group are subject to the applicable client priority rules and the general rule of the CPC Policy that no purchaser can: (i) directly or indirectly purchase more than 2% of the total Common Shares offered under this Offering; and (ii) together with any Associates or Affiliates purchase more than 4% of the total Common Shares offered under this Offering. Any Common Shares issued to any member of the Aggregate Pro Group prior to the date of this prospectus will be held in escrow pursuant to the CPC Policy.

Until Completion of the Qualifying Transaction, the aggregate number of Common Shares permitted to be owned directly or indirectly by the members of the Pro Group is 20% of the issued and outstanding Common Shares of the Corporation exclusive of Common Shares reserved for issuance at a future date. The Exchange will require that any securities issued to the Pro Group in connection with or in contemplation of the Qualifying Transaction will be required to be subject to a four month Exchange hold period and the securities certificate(s) legended accordingly, as prescribed by Exchange Policy 3.2 "*Filing Requirements and Continuous Disclosure*".

The Agent has advised the Corporation that to the best of its knowledge and belief, the following directors, officers, employees or contractors or Associate or Affiliate of the foregoing have subscribed for Common Shares of the Corporation in the following amounts:

Purchaser	Number of Common Shares Purchased	Purchase Price Per Common Share
Gina Holliday	50,000	\$0.10

The aggregate number of Common Shares permitted to be owned directly and indirectly by the participants referred to above, is 20% of the issued and outstanding Common Shares of the Corporation exclusive of Common Shares reserved for issuance at a future date.

Restrictions on Trading

Other than the initial public offering of the Common Shares pursuant to this prospectus, the grant of the Agent's Option and the grant of options to the directors and officers of the Corporation, no securities of the Corporation will be permitted to be issued during the period between the date receipts for the preliminary prospectus are issued by the Commissions, and the time the Common Shares are listed for trading on the Exchange, except subject to prior acceptance of the Exchange, where appropriate registration and prospectus exemptions are available under securities legislation or where the applicable securities regulatory authorities grant a discretionary order.

The Preferred Shares of any series may be purchased for cancellation or made subject to redemption as determined by the board of directors of the Corporation.

OPTIONS TO PURCHASE SECURITIES

The Corporation has adopted an incentive stock option plan (the "**Option Plan**") which provides that the board of directors of the Corporation may from time to time, in its discretion, and in accordance with the Exchange requirements, grant to directors, officers, employees and consultants to the Corporation, non-transferable options to purchase Common Shares, provided that the number of Common Shares reserved for issuance will not exceed 10% of the issued and outstanding Common Shares at the time of completion of the Offering. Such options will be exercisable for a period of up to 5 years from the date of grant. In connection with the foregoing, the number of Common Shares reserved for issuance to: (a) any individual will not exceed 5% of the issued and outstanding Common Shares; and (b) all consultants in connection with the Offering will not exceed 2% of the issued and outstanding Common Shares. In addition, the Option Plan provides that no more than 2% of the issued Common Shares of the Corporation will be granted to any one consultant in any 12 month period; and no more than an aggregate of 2% of the issued Common Shares of the Corporation will be granted to an employee conducting investor relations activities in any 12 month period. The Corporation, as long as it is a CPC, will not grant options to any person providing investor relations activities, promotional or market-making services. Options may be exercised for up to 90 days following cessation of the optionee's position with the Corporation, provided that if the cessation of office, employment, directorship, or consulting arrangement was by reason of death, the option may be exercised within a maximum period of one year after such death, subject to the expiry date of such option. Notwithstanding any other provisions of this Option Plan, if a participant does not continue as an eligible person of the Resulting Issuer following the Completion of the Qualifying

Transaction, then each option held by such participant shall terminate and therefore cease to be exercisable on the later of:

1. twelve months after the Completion of the Qualifying Transaction; and
2. 90 days after the participant ceases to be an eligible person of the Resulting Issuer.

Any Common Shares acquired pursuant to the exercise of options under the Option Plan prior to Completion of the Qualifying Transaction must be deposited in escrow and will be subject to escrow until the Final Exchange Bulletin is issued. See "Escrowed Securities".

Pursuant to the Option Plan, the board of directors of the Corporation has granted the following options to purchase Common Shares of the Corporation to officers and directors of the Corporation, which options are qualified for distribution under this prospectus:

ESCROWED SECURITIES

The 10,000,000 Common Shares issued prior to this Offering at a price below \$0.10 per Common Share, all Common Shares held by or that may be acquired by Non Arm's Length Parties of the Corporation either under the Offering or otherwise prior to Completion of the Qualifying Transaction and all Common Shares acquired by members of the Aggregate Pro Group prior to this Offering will be deposited with Olympia Trust Company under the Escrow Agreement.

All Common Shares acquired on exercise of stock options prior to the Completion of a Qualifying Transaction must also be deposited in escrow and will be subject to escrow until the Final Exchange Bulletin is issued.

In addition, all Common Shares of the Corporation acquired in the secondary market prior to the Completion of a Qualifying Transaction by any person or company who becomes a Control Person are required to be deposited in escrow. Subject to certain exemptions permitted by the Exchange, all securities of the Corporation held by Principals of the Resulting Issuer will also be escrowed.

Notwithstanding the foregoing, Common Shares acquired by Principals of the Corporation or Principals of the Resulting Issuer pursuant to a private placement will not be subject to escrow provided that various conditions, as set forth in the CPC Policy, are met. See "Escrowed Securities on Private Placement".

The following table sets out, as at the date hereof, the number of Common Shares of the Corporation, which are held in escrow.

Notes:

- (1) Assuming no Common Shares are purchased by these persons under the Offering.
- (2) A member of the Pro Group.
- (3) A member of the Aggregate Pro Group.
- (4) A company owned and controlled by Rick Rule, a member of the Aggregate Pro Group.

Where the Common Shares of the Corporation which are required to be held in escrow are held by a non-individual (a "**holding company**"), each holding company pursuant to the Escrow Agreement, has agreed, or will agree, not to carry out any transactions during the currency of the Escrow Agreement which would result in a change of control of the holding company, without the consent of the Exchange. Any holding company must sign an undertaking to the Exchange that, to the extent reasonably possible, it will not permit or authorize any issuance of securities or transfer of securities that could reasonably result in a change of control of the holding company. In addition, the Exchange may require an undertaking from any control person of the holding company not to transfer the shares of that company.

Under the Escrow Agreement, 10% of the escrowed Common Shares will be released from escrow on the issuance of the Final Exchange Bulletin (the "**Initial Release**") and an additional 15% will be released on the dates 6 months, 12 months, 18 months, 24 months, 30 months and 36 months following the Initial Release.

If the Resulting Issuer meets the Exchange's Tier 1 Minimum Listing Requirements either at the time the Final Exchange Bulletin is issued or subsequently, the release of the escrowed Common Shares will be accelerated. An accelerated escrow release will not commence until the Resulting Issuer has made application to the Exchange for listing as a Tier 1 issuer and the Exchange has issued a bulletin that announces the acceptance for listing of the Resulting Issuer on Tier 1 of the Exchange.

The Exchange's prior consent must be obtained before a transfer within escrow of escrowed Common Shares. Generally, the Exchange will only permit a transfer within escrow to be made to incoming Principals in connection with a proposed Qualifying Transaction.

If a Final Exchange Bulletin is not issued, the escrowed Common Shares will not be released. Under the Escrow Agreement, each Non Arm's Length Party to the Corporation who holds escrowed Common Shares acquired at a price below the Offering price under this prospectus has irrevocably authorized and directed Olympia Trust Company, the escrow agent, to immediately:

1. cancel all of those escrowed Common Shares upon the issuance by the Exchange of a bulletin delisting the Common Shares of the Corporation; or
2. if the Corporation lists on NEX, either

- (a) cancel all Seed Shares purchased by Non Arm's length Parties to the CPC at a discount from the IPO price, in accordance with section 11.2(a) of the CPC Policy, or
- (b) subject to majority shareholder approval, cancel an amount of Seed Shares purchased by Non Arm's Length Parties to the CPC so that the average cost of the remaining Seed Shares is at least equal to the IPO price.

Escrowed Securities on Qualifying Transaction

Generally, if at least 75% of the securities issued pursuant to the Qualifying Transaction are "Value Securities", then all the securities issued to Principals of the Resulting Issuer pursuant to the Qualifying Transaction will be deposited into escrow pursuant to a value security agreement (the "**Value Security Escrow Agreement**"). "Value Securities" are securities issued pursuant to a transaction for which the deemed value of the securities at least equals the value ascribed to the assets, using a valuation method acceptable to the Exchange, or securities that are otherwise determined by the Exchange to be Value Securities and required to be placed in escrow under a Value Security Escrow Agreement. However, if at least 75% of the securities issued pursuant to the Qualifying Transaction are not Value Securities, all securities issued pursuant to the Qualifying Transaction will be deposited into a surplus security escrow agreement (a "**Surplus Security Escrow Agreement**").

The principal distinction between a Value Security Escrow Agreement and a Surplus Security Escrow Agreement is the time period for release of securities from escrow. In the case of a Resulting Issuer that will be a Tier 2 issuer when the Final Exchange Bulletin is issued, the Value Security Escrow Agreement provides for a three year escrow release mechanism with 10% of the escrowed securities being releasable at the time of the Final Exchange Bulletin, and 15% of the escrowed securities being releasable every 6 months thereafter, on each of the 6, 12, 18, 24, 30 and 36 month anniversaries of the Final Exchange Bulletin. In the case of a Resulting Issuer that will be a Tier 2 issuer when the Final Exchange Bulletin is issued, the Surplus Security Escrow Agreement provides for a six-year escrow release mechanism with:

1. 5% of the escrowed securities being releasable in 6 month intervals on each of the 6, 12, 18 and 24 month anniversaries of the Final Exchange Bulletin; and
2. 10% of the escrowed securities being releasable in 6 month intervals on each of the 30, 36, 42, 48, 54, 60, 66 and 72 months after the Final Exchange Bulletin.

In the case of a Resulting Issuer that will be a Tier 1 issuer when the Final Exchange Bulletin is issued, the Value Security Escrow Agreement provides for an 18 month escrow release mechanism with 25% of the escrowed securities being releasable at the time of the Final Exchange Bulletin, and with 25% of the escrowed securities being releasable every 6 months thereafter. In the case of a Resulting Issuer that will be a Tier 1 issuer when the Final Exchange Bulletin is issued, the Surplus Security Escrow Agreement provides for a three-year escrow release mechanism with:

1. 10% of the escrowed securities being releasable upon the issuance of the Final Exchange Bulletin; and
2. 15% of the escrowed securities being releasable in 6 month intervals on each of the 6, 12, 18, 24, 30 and 36 months after the Final Exchange Bulletin.

Escrowed Securities on Private Placement

Securities issued pursuant to a private placement to Principals of the Corporation and the proposed Resulting Issuer will generally be exempt from escrow requirements where:

1. the private placement is announced at least five trading days after the news release announcing the Agreement in Principle and the pricing for the financing is at not less than the discounted market price, as determined in accordance with the policies of the Exchange; or
2. the private placement is announced concurrently with the Agreement in Principle; and
 - (a) at least 75% of the proceeds from the private placement are not from Principals of the Corporation or the proposed Resulting Issuer;
 - (b) if subscribers, other than Principals of the Corporation or the proposed Resulting Issuer, will obtain securities subject to hold periods, then in addition to any resale restrictions under applicable securities legislation, any securities issued to such Principals will be subject to a four month hold period; and
 - (c) none of the proceeds of the private placement are allocated to pay compensation or to settle indebtedness owing to Principals of the Resulting Issuer.

Corporate Cease Trade Orders or Bankruptcies

Other than as specified below, no director, officer, Insider or Promoter of the Corporation, or any shareholder holding a sufficient number of securities of the Corporation to affect materially the control of the Corporation is or has within the 10 years before the date of the prospectus been a director, officer, Insider or Promoter of any issuer that, while such person was acting in that capacity, was the subject of a cease trade or similar order or an order that denied the issuer access to any exemptions under applicable securities legislation for a period of more than 30 consecutive days or became a bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver-manager or trustee appointed to hold its assets:

1. Jay Sujir is currently a director of Escape Gold Inc. and a former director of American Bullion Minerals Limited, both of which companies have been subject to cease-trade orders in Alberta and British Columbia for extended periods of time for failure to file financial statements. Mr. Sujir had no association with these companies whatsoever at the time the financial statements became overdue or when the cease trade orders were made, and he became a director solely to assist in the resurrection of such companies.

Penalties or Sanctions

No director, officer, Insider or Promoter of the Corporation, or any shareholder holding sufficient securities of the Corporation to affect materially the control of the Corporation has been subject to any penalties or sanctions imposed by a court relating to securities legislation or by any securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority, or has been subject to any other penalties or sanctions imposed by a court or regulatory body or self-regulatory authority that would be likely to be considered important to a reasonable investor making an investment decision.

Personal Bankruptcies

No director, officer, Insider or Promoter of the Corporation, or any shareholder holding sufficient securities of the Corporation to affect materially the control of the Corporation, or a personal holding company of any such persons, has, within the 10 years preceding the date of this prospectus, as applicable, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or been subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold their assets.

Conflicts of Interest

There are potential conflicts of interest to which the directors, officers, Insiders and Promoters of the Corporation may be subject in connection with the operations of the Corporation. All of the directors, officers, Insiders and Promoters are engaged in and will continue to be engaged in corporations or businesses which may be in competition with the search by the Corporation for businesses or assets in order to close a Qualifying Transaction. Accordingly, situations may arise where all of the directors, officers, Insiders and Promoters will be in direct competition with the Corporation. Conflicts, if any, will be subject to the procedures and remedies as provided under the *Business Corporations Act* (British Columbia).

Executive Compensation

Except as set out below or otherwise disclosed in this prospectus, prior to Completion of a Qualifying Transaction, no payment of any kind has been made, or will be made, directly or indirectly, by the Corporation to a Non Arm's Length Party to the Corporation or a Non Arm's Length Party to the Qualifying Transaction, or to any person engaged in investor relations activities in respect of the securities of the Corporation or any Resulting Issuer by any means, including:

- (a) remuneration, which includes but is not limited to:
 - (i) salaries;
 - (ii) consulting fees;
 - (iii) management contract fees or directors' fees;
 - (iv) finder's fees;
 - (v) loans, advances, bonuses; and
- (b) deposits and similar payments.

However, the Corporation may reimburse Non Arm's Length Parties for the Corporation's reasonable allocation of rent, secretarial services and other general administrative expenses, at fair market value ("**Permitted Reimbursement**"). However, there have been no reimbursements since incorporation. No reimbursement may be made for any payment made to lease or buy a vehicle.

Mr. Slater and Mr. Bushell have also been granted stock options pursuant to the Option Plan.

Following Completion of the Qualifying Transaction, it is anticipated that the Corporation shall pay compensation to its officers. However, no payment other than the Permitted Reimbursements will be made by the Corporation or by any party on behalf of the Corporation after Completion of the Qualifying Transaction if the payment relates to services rendered or obligations incurred or in connection with the Qualifying Transaction.

DILUTION

Purchasers of Common Shares under this prospectus will suffer an immediate dilution of 32% or \$0.032 per Common Share on the basis of there being 15,600,000 Common Shares of the Corporation issued and outstanding following completion of the Offering. Dilution has been computed on the basis of total gross proceeds to be raised by this prospectus and from sales of securities prior to filing of this prospectus, without deduction of commissions or related expenses incurred by the Corporation.

RISK FACTORS

Investment in the Common Shares must be regarded as highly speculative due to the proposed nature of the Corporation's business and its present stage of development. The following are risk factors associated with the Corporation:

1. the Corporation was only recently incorporated, has not commenced commercial operations and has no assets other than cash. It has no history of earnings, and shall not generate earnings or pay dividends until at least after Completion of the Qualifying Transaction;
2. the directors and officers of the Corporation will only devote a portion of their time to the business and affairs of the Corporation and some of them are or will be engaged in other projects or businesses such that conflicts of interest may arise from time to time. See "Conflicts of Interest";
3. assuming completion of the Offering, an investor will suffer an immediate dilution to its investment of 32% or \$0.032 per Common Share;
4. there can be no assurance that an active and liquid market for the Corporation's Common Shares will develop and an investor may find it difficult to resell its Common Shares;
5. until Completion of a Qualifying Transaction, the Corporation is not permitted to carry on any business other than the identification and evaluation of potential Qualifying Transactions;
6. the Corporation has only limited funds with which to identify and evaluate potential Qualifying Transactions and there can be no assurance that the Corporation will be able to identify a suitable Qualifying Transaction;
7. even if a proposed Qualifying Transaction is identified, there can be no assurance that the Corporation will be able to successfully complete the transaction;
8. completion of a Qualifying Transaction is subject to a number of conditions including acceptance by the Exchange and, in the case of a Non Arm's Length Qualifying Transaction, Majority of the Minority Approval;
9. unless the shareholder has the right to dissent and be paid fair value in accordance with applicable corporate or other law, a shareholder who votes against a proposed Non Arm's Length Qualifying Transaction for which Majority of the Minority Approval by shareholders has been given, will have no rights of dissent and no entitlement to payment by the Corporation of fair value for the Common Shares;
10. upon public announcement of a proposed Qualifying Transaction, trading in the Common Shares of the Corporation will be halted and will remain halted for an indefinite period of time, typically until a Sponsor has been retained and certain preliminary reviews have been conducted. The Common Shares of the Corporation will be reinstated to trading before the Exchange has reviewed the transaction and before the Sponsor has completed its full review. Reinstatement to trading provides no assurance with respect to the merits of the transaction or the likelihood of the Corporation completing the proposed Qualifying Transaction;
11. trading in the Common Shares of the Corporation may be halted at other times for other reasons, including for failure by the Corporation to submit documents to the Exchange in the time periods required;

12. the Exchange will generally suspend trading in the Corporation's Common Shares or delist the Corporation in the event that the Exchange has not issued a Final Exchange Bulletin within 24 months from the date of listing;
13. neither the Exchange nor any securities regulatory authority passes upon the merits of the proposed Qualifying Transaction;
14. in the event that management of the Corporation resides outside of Canada or the Corporation identifies a foreign business as a proposed Qualifying Transaction, investors may find it difficult or impossible to effect service of notice to commence legal proceedings upon any management resident outside of Canada or upon the foreign business and may find it difficult or impossible to enforce against such persons, judgments obtained in Canadian courts;
15. the Qualifying Transaction may be financed in whole or in part by the issuance of additional securities by the Corporation and this may result in further dilution to the investor, which dilution may be significant and which may also result in a change of control of the Corporation; and
16. subject to prior acceptance by the Exchange, the Corporation may be permitted to loan or advance up to an aggregate of \$250,000 of its proceeds to a target business without requiring shareholder approval and there can be no assurance that the Corporation will be able to recover that loan.

As a result of these factors, this Offering is only suitable to investors who are willing to rely solely on management of the Corporation and who can afford to lose their entire investment. Those investors who are not prepared to do so should not invest in the Common Shares.

1. INCORPORATION

The Company was incorporated under the *Business Corporations Act* (British Columbia) on June 5, 2008 and is classified as a Capital Pool Company as defined in the TSX Venture Exchange ("TSX-V") Policy 2.4. The principal business of the Company is the identification and evaluation of assets or a business and once identified or evaluated, to negotiate an acquisition or participation in a business subject to receipt of shareholder approval and acceptance by regulatory authorities.

2. CONTINUANCE OF OPERATIONS

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles with the assumption that the Company will be able to realize its assets and discharge its liabilities in the normal course of business rather than through a process of forced liquidation.

The Company's continuing operations as intended are dependent upon its ability to identify, evaluate and negotiate an acquisition of, a participation in or an interest in properties, assets or businesses and its ability to raise capital sufficient to attain profitable operations. Such an acquisition will be subject to shareholder and regulatory approval.

3. SIGNIFICANT ACCOUNTING POLICIES

Use of estimates

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the amount of revenues and expenses reported during the period. Actual results could differ from these estimates.

Deferred costs

Costs related to shares not yet issued are recorded as deferred costs. Deferred costs consist primarily of corporate finance fees and professional fees. These costs will be deferred until the issuance of the shares to which the costs relate, at which time, the costs will be charged against the related share capital or charged to operations if the shares are not issued. Any financing costs, which do not directly relate to the issuance of shares, are expensed as incurred.

Future income taxes

Future income taxes are recorded using the asset and liability method whereby future tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Future tax assets and liabilities are measured using the enacted or substantively enacted tax rates expected to apply when the asset is realized or the liability settled. The effect on future tax assets and liabilities of a change in tax rates is recognized in income in the period that substantive enactment or enactment occurs. To the extent that the Company does not consider it more likely than not that a future tax asset will be recovered, it provides a valuation allowance against the excess.

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd...)

Loss per share

The Company uses the treasury stock method to compute the dilutive effect of options, warrants and similar instruments. Under this method the dilutive effect on earnings per share is recognized on the use of the proceeds that could be obtained upon exercise of options, warrants and similar instruments. It assumes that the proceeds would be used to purchase common shares at the average market price during the period.

Basic loss per share is calculated using the weighted-average number of shares outstanding during the period.

Stock-based compensation

The fair value method of accounting is used for stock-based awards. Under this method, the compensation cost of options are estimated at fair value at the grant date and charged to earnings over the vesting period, with the offsetting credit recorded as an increase in contributed surplus. If the stock options are exercised, the proceeds are credited to share capital and the fair value at the date of grant is reclassified from contributed surplus to share capital. For options subject to graded vesting, the Company calculates the fair value of the award as if it was one single award with one expected life and amortizes the calculated expense. The Company has not recorded any stock based compensation expense to date.

Adoped standards

The following accounting pronouncements are applicable to annual and interim periods beginning on or after October 1, 2007:

CICA 1535, Capital - Disclosure requires that a company disclose information that enables users of its financial statements to evaluate its objectives, policies and procedures for managing capital including disclosures of any externally imposed capital requirements and the consequences for non-compliance.

CICA 3862, Financial Instruments – Disclosure requires disclosure of information related to the significance of financial instruments to a Company's financial position and performance. A company is also required to disclose information related to the risks of its use of financial instruments and how those risks are managed.

CICA 3863, Financial Instruments – Presentation established standards for presentation of financial instruments. It deals with the presentation of financial instruments and the circumstances in which financial assets and financial liabilities are offset.

The adoption of these new pronouncements does not have a material effect on the Company's financial statements.

4. FINANCIAL INSTRUMENTS

The Company classifies all financial instruments as either held-to-maturity, available-for-sale, held for trading or loans and receivables. Financial assets held to maturity, loans and receivables and financial liabilities other than those held for trading, are measured at amortized cost. Available-for-sale instruments are measured at fair value with unrealized gains and losses recognized in other comprehensive income. Instruments classified as held for trading are measured at fair value with unrealized gains and losses recognized on the statement of income. The Company currently only has funds held in trust which is classified as held for trading.

5. MANAGEMENT OF CAPITAL

The Company's objectives when managing its capital include ensuring sufficient equity financing to fund acquisitions and future exploration programs in a way that maximizes the shareholder return given the assumed risks of its operations while at the same time safeguarding the Company's ability to continue as a going concern. The Company considers shareholders' equity as capital. Through the ongoing management of its capital, the Company will modify the structure of its capital based on changing economic conditions in the jurisdictions in which it operates. In doing so, the Company may issue new shares. Annual budgeting is the primary tool used to manage the Company's capital. Updates are made as necessary to both capital expenditure and operational budgets in order to adapt to changes in risk factors of proposed expenditure programs and market conditions within the mining industry. The Company has no externally imposed capital requirements.
