Item 7.01 Regulation FD Disclosure.

During our earnings conference call on October 30, 2018, we highlighted the following outlook for the fourth quarter 2018.

(Dollar amounts are approximations)

For the fourth quarter of the year, we estimate our revenue to be approximately \$1.225 billion. We expect price growth for solid waste to be approximately 4.5%, with volume of approximately negative 1%. Operating income is estimated to be approximately 17.2% of revenue, or about \$211 million. Net income attributable to Waste Connections is estimated to be approximately \$139.4 million. Adjusted EBITDA, as reconciled below, is estimated to be about 31.5% of revenue, or approximately \$386 million.

Q4 2018 OUTLOOK NON-GAAP RECONCILIATION SCHEDULE (in thousands of U.S. dollars, except where noted)

Reconciliation of Adjusted EBITDA:

	Q4 2018 Outlook	
	Estimate	Observation
Net income attributable to Waste Connections	\$ 139,350	
Plus: Net income attributable to noncontrolling interests	150	
Plus: Income tax provision	40,500	Approximately 22.5% effective rate
Plus: Interest expense, net of interest income	31,000	
Plus: Depreciation and depletion	145,000	Approximately 11.8% of revenue
Plus: Amortization	26,500	Approximately 2.2% of revenue, or about \$0.07 per diluted share net of taxes
Plus: Closure and post-closure accretion	3,500	
Adjusted EBITDA	<u>\$ 386,000</u>	Approximately 31.5% of revenue

These estimates assume no change in the current economic and operating environment. They also exclude any impact from additional acquisitions or divestitures that may close during the remainder of the year, and expensing of transaction-related items during the period.

Adjusted EBITDA, a non-GAAP financial measure, is provided supplementally because it is widely used by investors as a performance and valuation measure in the solid waste industry. Management uses adjusted EBITDA as one of the principal measures to evaluate and monitor the ongoing financial performance of our operations. We define adjusted EBITDA as net income attributable to Waste Connections, plus (or minus) net income (loss) attributable to noncontrolling interests, plus or minus income tax provision (benefit), plus interest expense, less interest income, plus depreciation and amortization expense, plus closure and post-closure accretion expense, plus or minus any loss or gain on impairments and other operating items, plus other expense, less other income, plus foreign currency transaction loss, less foreign currency transaction gain. We further adjust this calculation to exclude the effects of other items management believes impact the ability to assess the operating performance of our business. This measure is not a substitute for, and should be used in conjunction with, GAAP financial measures. Other companies may calculate adjusted EBITDA differently.
