Item 7.01 Regulation FD Disclosure.

During our earnings conference call on February 16, 2023, we highlighted the following outlook for the first quarter 2023.

(Dollar amounts are approximations)

For the first quarter of the year, we estimate our revenue to be approximately \$1.895 billion. We expect price plus volume growth for solid waste of 10.5% on pricing of about 11.5%. Net income attributable to Waste Connections is estimated to be approximately \$192.5 million. Adjusted EBITDA is estimated to be approximately \$568 million, or 30.0% of revenue.

Q1 2023 OUTLOOK
NON-GAAP RECONCILIATION SCHEDULE
(in thousands of U.S. dollars, except where noted)

Reconciliation of Adjusted EBITDA:

	Q1 2023 Outlook	
	Estimates	Observation
Net income attributable to Waste Connections	\$ 192,500	
Plus: Income tax provision	54,250	Approximately 22.0% effective rate
Plus: Interest expense, net of interest income	67,000	
Plus: Depreciation and depletion	211,500	Approximately 11.2% of revenue
Plus: Amortization	38,500	Approximately 2.0% of revenue, or \$0.11 per diluted share net of taxes
Plus: Closure and post-closure accretion	4,250	
Adjusted EBITDA	<u>\$ 568,000</u>	Approximately 30.0% of revenue

For the full year, in addition to the outlook provided in our Current Report on Form 8-K filed with the Securities and Exchange Commission on February 15, 2023, we expect pricing of about 9.5%, essentially all core, and volumes in the range of flat to down 1%.

These estimates assume no change in the current economic environment. They also exclude any impact from additional acquisitions that may close during the remainder of the year, and expensing of transaction-related items during the period.

Adjusted EBITDA, a non-GAAP financial measure, is provided supplementally because it is widely used by investors as a performance and valuation measure in the solid waste industry. Management uses adjusted EBITDA as one of the principal measures to evaluate and monitor the ongoing financial performance of our operations. We define adjusted EBITDA as net income attributable to Waste Connections, plus or minus net income (loss) attributable to noncontrolling interests, plus income tax provision, plus interest expense, less interest income, plus depreciation and amortization expense, plus closure and post-closure accretion expense, plus or minus any loss or gain on impairments and other operating items, plus other expense, less other income. We further adjust this calculation to exclude the effects of other items management believes impact the ability to assess the operating performance of our business. This measure is not a substitute for, and should be used in conjunction with, GAAP financial measures. Other companies may calculate adjusted EBITDA differently.

The information furnished in Item 7.01 is not deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, is not subject to the liabilities of that section, and is not deemed incorporated by reference in any filing under the Securities Act of 1933, as amended.
