Frontline Gold Announces Initiation of Edison Investment Analyst Coverage

TSX-V: FGC

For Immediate Release

Halifax, Nova Scotia - June 15, 2011 – Frontline Gold Corporation (TSX-V:FGC) (the “Company”) is pleased to announce that Edison Investment Research Limited (“Edison”) will now be generating regular independent research reports on the Company. The first report is expected to be later this year.

Edison is Europe’s leading independent investment research company, generating and distributing research to a global audience including investment banks, institutional investors as well as professional investors and relevant members of the investment community. Edison will receive a monthly fee for an initial engagement of twelve (12) months.

Walter Henry, President and CEO of the Company, commented that “We are pleased that Edison has agreed to undertake regular coverage of the Company. It will provide investors with an additional perspective on valuations and forecasts for the Company.”

Future Edison reports on the Company will be available for viewing at www.edisoninvestmentresearch.co.uk

About Frontline Gold Corporation

Frontline Gold Corp. (FGC: TSX-V) is a Canadian junior mineral exploration company with an experienced discovery team and a proven record of accomplishment. The Company’s flagship Niaouléni gold project lies in the heart of Mali South in West Africa’s prolific gold belt. Frontline is currently developing its gold projects in the Izmir province of Western Turkey, which consist of the Menderes, Odemis, Ordu and Kure properties. Ongoing Canadian exploration includes the Red Lake (gold) and Stewart (gold-copper-polymetallic) projects.

For further information, please visit the Company’s website at www.frontlinegold.com to view the most recent corporate presentation.

This news release contains forward-looking statements, which address future events and conditions, which are subject to various risks and uncertainties. The Company’s actual results, programs and financial position could differ materially from those anticipated in such forward-looking statements as a result of numerous factors, some of which may be beyond the Company’s control. These factors include: the availability of funds; the timing and content of work programs; results of exploration activities and development of mineral properties, the interpretation of drilling results and other geological data, the uncertainties of resource and reserve estimations, receipt and security of mineral property titles; project cost overruns or

unanticipated costs and expenses, fluctuations in metal prices; currency fluctuations; and general market and industry conditions.

Forward-looking statements are based on the expectations and opinions of the Company's management on the date the statements are made. The assumptions used in the preparation of such statements, although considered reasonable at the time of preparation, may prove to be imprecise and, as such, undue reliance should not be placed on forward-looking statements.
